

Little O.H.A. - N.H.L. Standings

Leafs 2 - Americans 2
Both teams turned in a lack-lustre performance and the Leafs were very fortunate to gain a tie. K. Magee and Bob Hoernig scored the American goals while Don Gibson scored an unassisted goal for the Leafs. Clint Calverley scored the second Leaf goal with an assist from Jim Fleming.

Brains 2 - Rangers 1
Bernie Hawkes and Peter Gates were the Brain marksmen in this close, well played game. Rangers' goal was scored by Robbie Townsend on a very fine solo effort.

Americans 2 - Bruins 1
American goals were scored by Phil Major and Jim Phillips with Keith Prosser getting an assist on Major's goal. Wayne Haviland scored for the Bruins with the assist going to Tony Hill.

Canadians 5 - Rangers 2
Wayne Shewell scored for the Habs as he banged in three goals with George Lusignan and Gerry Rice getting singletons. Ranger scores were tallied by Robbie Townsend and Ken Carlisle.

Leafs 5 - Red Wings 1
Wings seemed to get a bad game out of their system as they seemed to founder somewhat during this game. Doug Carter scored two goals for the Leafs while Phil Bury and Don Gibson each picked up a goal and an assist. Ron Forrester scored the Leafs' fifth goal, assisted by John Higgins. The Wing goal came off the stick of Paul Ramer who was the choice of the Wing team.

Black Hawks 3 - Maroons 0
Ron Kimble tried valiantly as the cellar dwelling Maroons were shut out by the Hawks. Hawk goals were scored by Barry Mashinter, who got two goals while Danny Walsh scored with an assist going to Bill Stone.

Reds 1 - Barons 0
This was the best effort yet made by the Red team. Ron Hollowell in the Reds' goal got a well deserved shut-out as he kicked out a great many shots. The Reds' goal was scored by Billy Strungnell assisted by Brian Haviland. Bob Ogilvie and Bob Ellis sweated buckets as the Barons were nipped at the wire.

St. Mike's 1 - Bears 0
This was a rough, rugged game with Brian McGregor finally having to be helped off the ice with a slight injury in the latter stages of the game. Graham Jardine scored an unassisted goal for St. Mike's while Ian McAllister performed well on the Bear defence.

Canadians 2 - Bisons 2
Bison goals, in this well-played

R. Hill Mercantile Hockey League

January 26

1st Game
Allencourt 11, Stevensons 2
Allencourt showed their scoring power in this game as they outclassed the Stevensons crew by the score of 11 to 2. In winning, Allencourt moved into sole possession of first place. Norm Roberts and Matt Kinnari paced the attack with four goals each. Jim Wells, the other forward on the Wells, Roberts, Kinnari combination, scored one. The others were notched by two outstanding defencemen, Stan Foster and Moe Williamson. Al Apps and Frank and Charlie Mashinter played well but couldn't click on their opportunities. Stevenson goal getters were Graham Chapman and Bruce McRae.

2nd Game
Pop's Restaurant 7, Craigies 4
The hard hitting Pop's team bounced Craigies enough to defeat them 7 to 4 in another exciting match. Craigies down 5-2 at the end of the second period started the third period as if they were going to skate Pop's out of the rink. They scored two fast goals

4th Anniversary For Minor Division R.H.H.A.

This is the fourth season for the Minor Hockey League of the R.H.H.A. The league consists of six teams this year. Each team has approximately 14 boys and they range in age from 14 to 17 years. Any boy regardless of his hockey ability has a chance to play. However, after the past four years of practicing and guidance by coaches who have given their time unselfishly, nearly all players can skate, shoot, pass and body check equally well, regardless of the difference in size and age. The men who coach and manage the teams are hard to come by. Few, if any have boys of their own playing. Perhaps they remember someone who took the time and trouble when they were a boy to teach them this great competitive game called hockey. Perhaps they have found life like a game of hockey that when the chips are down you have to dig all the harder in order to win.

Without these dedicated fellows to look after YOUR boy there could be no organized hockey in Richmond Hill. So hat's off to Arnold MacNaughton and Laurie Rose, Tom McGurran and Tom Ormesher, Paul Morley and Warren Davies, Harold Clapp and Chuck Wims, Shaun Boggs and Jim Briden, Old reliable Barry Brent is the league governor. Jim Grainger and his able staff of referees have done a terrific job of keeping law and order on the ice without pay.

So come on Dad! Leave your slippers, pipe and TV set for one night and see what these men have done for YOUR boy by attending a game during Minor Hockey Week.

Water for Municipal Bldgs.
Clerk James McDonald told Council he had received an offer for water connection to the municipal buildings at \$3 a foot which would include taking it through the walls.

Council members seemed to consider this a reasonable offer and the clerk was instructed to negotiate further in the matter.

Langstaff Complaint
A complaint was read by the clerk which had been received from residents of the Langstaff area and in which they complained of the condition of the road close by the postal boxes. Ice and other conditions made the area dangerous. While otherwise suitable as a location for the boxes, the complainants suggested that Council should take steps to improve these bad conditions. The plight of older residents was specially mentioned. Council was informed that sand supplies were available and the Clerk was instructed to arrange that sand should be put down in the area.

Kennel Licence
An application by Mr. Soper for a Kennel Licence was deferred for further investigation and report next week.

Mental Association Appeal
An appeal was received from the York County Mental Association for a contribution. The

Reeve and Council members were unanimously of the opinion this was something to which the public would wish the Council to contribute. The Clerk was instructed to look up what contribution had been given last year and to arrange to match it this year.

Snow Plough Equipment
Deputy-reeve Vic Ryder then stated he had obtained two estimates for snow plough equipment which could be used in connection with the new four ton truck Council had on order. These were invited estimates and if the matter was carried further tenders would have to be invited but these prices he had received would indicate what the equipment would cost the township.

There was almost \$1,000 difference in the prices with one at \$3,970 and the other at only \$3,000. At the last meeting of Council, the Deputy-reeve had suggested the equipment might call for an investment of \$5,000. Council was apparently unanimous that this would be useful equipment for the township to possess and would free it of absolute dependence as at present on outside sources for snow clearing.

The Clerk was instructed to seek tenders.

New Style Motel
A delegation was received from Pyramid Motels Ltd. who explained to Council they owned a land lease to build and operate a motel on the 20th Century Ranch. Their building plans were acceptable to the township but they had come up against a difficulty in the building code which required that 2" x 4's be set up on edge while their own plans and production called for them to be on flat. To meet the building code requirement would incur an estimated extra expenditure of \$70 per building. This they wanted to save and put into providing a better interior for the comfort of users. The delegation included two engineers who stated the method desired was just as safe and secure as the method called for by the building code. They could not understand why the building code laid down this requirement.

Willing To Amend Code
Councillor Ralph asked how was the stress factor affected to which the reply, "Not at all" was given.

Council appeared to think that subject to a report from their own engineers the building code could be amended to permit the company to use the method desired. This matter also would be brought up again next week.

On this note the Council meeting was adjourned.

Act now! TAX EXEMPT INDIVIDUAL PENSION PLANS

Professional men, business men — the self-employed — can still put up to 10% of 1959 earnings* into a personal pension plan and deduct this amount from 1959 taxable income. But the time left to qualify for tax exemption is short. The deadline for registering a new pension plan with the Government and for making payment into the plan is February 29.

Your Manufacturers Life representative is trained to provide a high standard of Retirement Planning Service. Call him today for full information on our Registered Retirement Savings Plan — how it is designed to guarantee you financial security after retirement — and how your contributions can be deducted from taxable income.

Curling Club News

At the Ladies' Open Spiel on Wednesday, January 20, a Scarborough rink, skipped by D. Denne was declared Grand Champion as they scored 39 points in the morning draw. Second place in the morning draw went to H. Armstrong of Weston with L. McKee of the Granite Club being third.

In the afternoon draw, E. Hackett of Weston was the winner with J. Noble of Hamilton Vics second and N. Scott of Boulevard finishing third.

In the Men's Open Spiel on Saturday, January 23, the Grand Championship was won by K. Jewett of Unionville with 39½ points.

Morning draw results were: (1) K. Jewett, Unionville; (2) A. Vance, Richmond Hill; (3) McKee, Oshawa. Afternoon results: (1) L. Wilkinson, Royals; (2) A. Grant, Unionville; (3) S. McCann, Richmond Hill.

\$200,000 Fire At Love's Lumber

Flames shot 40 feet high into the freezing winter air as fire engulfed the Love Lumber Yard, Markham Township, north of Steeles Avenue, in a \$200,000 blaze Monday.

The fire is believed to have started in a lunch shed, south of the storage building, where a space heater was in use. No one was in the shed at the time and the fire burned unnoticed until it broke through the roof, jumped north to ignite the big storage mill and created a raging inferno.

Dr. Rod Fowler Guest Speaker At Lions Club

Every year in Canada 1500 children die in accidents and 15,000 are permanently disabled. Dr. Rod Fowler, Toronto pediatrician, told the Richmond Hill Lions Club at their dinner meeting last Thursday evening. Chief cause is motor accidents, against which the Elmer Safety Elephant campaign in the schools is proving highly effective, but accidents in the home continue to take a shocking toll.

Among the commonest accidents in the home Dr. Fowler rated burns, falls, poisonings and suffocation. Most of these are preventable if parents will follow common-sense safety rules. Among the rules: keep lighters, matches and medicine (including aspirin) out of reach of young children; tape over unused electrical outlets; never keep poisonous fluids such as coal-oil in pop bottles; destroy all plastic bags once they have served their purpose; never use a harness, a soft mattress or a pillow in a baby's crib, and never pin the blankets. Up to the age of one year, said Dr. Fowler, complete protection of the child is required; from one to five years protection must gradually give way to training so that by the time the child is ready for school he can recognize danger himself.

Dr. Fowler is known to many in Richmond Hill, having married the former Marion Little, daughter of Lion Bob Little and Mrs. Little.

Jaycees Honour Robbie Burns

The last meeting of the Richmond Hill Junior Chamber of Commerce was organized as a salute to the famous Scottish poet "Rabbie" Burns whose anniversary is celebrated this month. The meeting was complete with color for the occasion in the form of a baggis and pipers from the 48th Highlanders.

Dr. Cain Guest Speaker
Various local Scots were invited to the meeting and Dr. Cain was guest speaker. The Doctor of course talked on the subject of the famous poet and his works.

'Send-off' Party
The usual after dinner courses were abandoned for the evening in favour of a "send off" party for Jaycee Brian Longbottom who is leaving to take up an appointment in the U.S.A.

Theatre Night
On Saturday the Jaycees enjoyed a "Theatre Night" when they attended the premiere of the film, "Caravan in Russia", produced by Paul Delmer of Richmond Hill, a tasteful and thrilling production which the local radio station has described as being helpful towards a better understanding between the East and the West.

Buffet Supper
The show was followed by a session in the Richmond Theatre Grille for a buffet supper attended by request by Mr. and Mrs. Delmer who answered volleys of questions on the Soviet Union which continued until almost 1 a.m. Sunday morning, and which the Jaycees and their wives enjoyed very much.

Civitan's Attend Film Showing

The Richmond Hill Civitan Club at their last meeting decided to organize a theatre party to see the film "Caravan in Russia" which today starts on its last three days at the Richmond Theatre, Yonge Street, Richmond Hill.

Exotic Tour
The film was produced by Mr. Paul Delmer and takes the viewer on an exotic tour of the Soviet Union. With songs, folk dancing, music, a visit to the Bolshoi Ballet, and to other colourful places in all parts of the Soviet Union the film shows more of the country than has previously been seen outside the U.S.S.R.

Fast Moving Action
In fast moving action, the Delmer family is followed to the far corners of this little known country. They took the very first house-trailer into Russia and camped across the land. Many famous personalities flit across the screen.

Supporting Programme
The supporting programme includes the Walt Disney Cinemascope color production "Seven Cities of Antarctica" plus a color cartoon. The Civitan Club attended the first performance last Thursday which was the premiere performance of the film in Canada.

Civitan Hosts
The Club kindly acted as hosts to all who attended the premiere, serving coffee and sandwiches and a good time was enjoyed by all. Mr. and Mrs. Delmer were in attendance ready to answer questions stimulated by the film.

Dept. of Hwys. Sets Markham Rate

Markham Township's Maintenance Budget for 1960 as laid down by the Department of Highways is \$165,000, the same as in 1959.

\$25,000 is labelled for Road Construction; the balance, \$135,000 is for Maintenance.
