

## C.G.I.T. & Explorers Plan For Candy Blitz

On Saturday, March 19th, the C. G. I. T. and Explorer groups of Richmond Hill will be holding a candy blitz.

There are two C. G. I. T. and Explorer Groups meeting in Richmond Hill, one at Richmond Hill United, and one at St. Matthews United. Our Explorer groups are for girls eight to eleven, and our C. G. I. T. groups for girls twelve to seventeen. The main concern of the groups is the development of Christian beliefs, and Christian character in every day living. The groups are part of the Department of Christian Education of the Canadian Council of Churches.

The program of the groups includes, games, singing, worship, business meeting, and a project of some sort, which might be, crafts, mission study, discussions, dramas, and activities that serve both the church and the community, and are both fun and an education for the group.

Both groups would welcome any new members who would like to join. The girls in Richmond Hill United meet on Wednesday nights, and at St. Matthews they meet on Monday nights.

A large part of the life of a girl in C. G. I. T. or Explorers is Camp. In this district the girls are asked to attend Camp Ahshunyoong, and this year York County Girls Work board are trying to raise funds for this camp.

Camp Ahshunyoong is York County's own camp, located at Duclos Point on the south shore of Lake Simcoe. This means ideal accessibility from anywhere in the county as well as the lakes warmest water for swimming! The safe waterfront and large playing fields are natural assets. The buildings include large dining and recreation halls and cabins for campers and leaders. At one time the camp was located on Georgine Island Reserve. Now one of the highlights is the day the "Indian Lady" comes to

sell souvenirs to eager campers. A graduate nurse and Red Cross Swimming Instructor are employed, as well as excellent cooks, and a complete staff of counsellors. The varied program ranges from quiet moments of personal devotion to gay skits around campfire, and the campers share in all the planning.

The boys camps are held in July and the girls in August. The aim of the girls camp is to give campers a happy holiday where the purpose of C. G. I. T., "Cherish Health, Seek Truth, Know God, Serve Others," may be lived to the highest. The Camp depends on C. G. I. T. Leaders to give leadership but it is open to everyone in York County.

This year an extensive program of repairs and improvements is underway. The Camp Committee will greatly appreciate your support, so that Ahshunyoong may continue to give your children an opportunity to learn to live with others in harmony.

The C. G. I. T. and Explorer groups of St. Matthews United Church will be holding a "St. Patrick's Tea" on Saturday. We hope that the Mothers who attend will pick out the week-end baking from Bake Shop. A very sincere welcome is extended to all.

Last Monday night March 7th, the Explorer group of St. Matthews United Church entertained the Junior Department of the Sunday School. The boys and girls enjoyed games together led by Val Scudis and Grace Walte.

They also had a sing song in which Valerie Wilson taught the Juniors a few of the Explorers favourite numbers. During the past few weeks the Explorers have been working on a Bible Study centered around the life of Jesus, and they very proudly presented their work to the Junior Department. This was followed by a Film Strip on the Boyhood of Jesus. Donna Fleming and Jackie Wright led the girls and boys in worship.

## Markham Council

### T.T.C. Adjusts Fares No Private Snowploughing

When Deputy-reeve Wilfred Dean stated, "It appears that the tax rate is going up this year in view of the additional assessment", just as council was determining whether they would release the new salary schedules for township employees at last Monday's meeting, or release them later when the budget as a whole is presented, Clerk Harry Crisp hastened to explain his statement by saying, "Re the mill rate going up . . . last year you used up a nice fat surplus of \$65,000 to keep the tax rate down; so it may not be up over the previous year, although it is up over last year". The clerk made it perfectly clear there is no surplus from last year to offset the 1959 assessment and repeated again that the mill rate was kept down last year because of the surplus. Salary schedules were not released.

He also explained that the re-assessment would not necessarily put up the mill rate.

Reeve William Clark said, "Residents are demanding more services all the time. Just look at the demand for sanding and snow ploughing we have had this winter". It is rising costs of upkeep that push taxes up, council implied.

**Roads Chairman Speaks Out**  
Councillor Mumberson, Chairman of the Township Roads Committee lashed out strongly against a "misunderstanding" regarding township equipment opening private lanes. "Some people are demanding these services," Chairman Mumberson said. "They are going to Deputy-reeve Dean and he is sending them to me and it puts me in the light of being a 'bad guy' when I have to tell them according to our by-law we can no longer perform this service."

Council recently passed a by-law stating that Roads Department could only clear lanes or driveways "in extreme cases of emergency such as for funerals, or ambulance cases".

"Unless council directs me to do otherwise, I will stay with council's program", the chairman stated emphatically. Deputy-reeve Dean said, "For your information I have not told anyone we can do it!" Mumberson: There seems to be a terrible discrepancy then. Dean: "I told anyone who called me I had nothing to do with roads". Mumberson: "Our solicitor, the Department of Highways and the Roads Department is against us doing anything on private property".

Reeve Clark: "The Roads Department has every road open, but the weather is so bad that if there is any blowing, they will be filled right in again. It would be bad at this time to take any equipment off the roads to do private snow ploughing". Mr. Mumberson said the same man had called him three times demanding private road clearance. "Why", he demanded, "This is something council must be solid on. Why should ratepayers in the east side of township pay for those on the west side to be ploughed out or vice versa?" Councillor Watson said, "We are just taking work away from private individuals who have invested heavily in equipment to do this type of work."

## Southern Cross Crusade Film Here Next Sunday

Evangelist Billy Graham's unprecedented Crusade in Australia and New Zealand is graphically presented on the motion picture screen in the remarkable feature length documentary film—"SOUTHERN CROSS CRUSADE" which comes to Richmond Hill in a premiere showing Sunday, March 13th, 1960 at 7 p.m. at the Richmond Hill Baptist Church, 50 Wright St.

The spiritual conquest of a Continent saw 3-1/2 million persons attend 114 meetings in Cities spanning 2,350 miles from Perth on Australia's West Coast to the three principal Cities of New Zealand to the Southeast. In addition, the rest of the Nation shared in the event through television, radio and a system of land-line relays which reached into the heart of Australia's "Out Back".

"SOUTHERN CROSS CRUSADE" captures the impact of the citywide meetings as camera crews recorded the message in sermon and song. Scenes of Dr. Graham preaching to vast crowds in stadiums, halls and on the turf of cricket grounds, are augmented by a montage of platform activity featuring George Beverly Shea, soloist; Cliff Barrows, song leader and choir director; and Associate Evangelist Grady Wilson, Leighton Ford and Joe Blinco.

Highlights of the film include the climactic service of the Melbourne Crusade at the Cricket Grounds attended by 140,000 persons, the greatest single crowd ever to attend a Billy Graham meeting. The closing service of the Sydney Crusade required two adjoining Grounds which were crowded to capacity as 150,000 gathered and 5,643 responded to Dr. Graham's invitation.

Interwoven through the Crusade film are unusual glimpses of Australia and New Zealand countryside and wild animal life, giving the viewer a warm introduction to the "Land Down Under."
