Biggs - McLaren Wedding

In a candle-light ceremony in St. Stephen's Church, Maple, Elizabeth Gail McLaren, daughter of Dr. and Mrs. D. K. McLaren of Carville, was the bride of Peter Paul Biggs, son of Major and Mrs. J. K. Biggs of Toronto, Dr. Ramsay Armistage officiated at the ceremony.

The bride wore a bouffant gown of ivory brocade, a crown of pearls held her veil and she carried a crescent bouquet of roses and stephanotis.

Bridal attendants were Mrs. Donald Lowe of Oshawa as matron of honour; Miss Elizabeth Bailey of Montreal and Miss

Beverly Morris, Carville were bridesmaids and all wore gowns of peacock blue crystal charm; and her sister, Miss Heather McLaren wore white organza with peacock trim. Best man was Fred Ridding and ushers were Alan Chadwick and Kenneth McLaren. A reception was held at the home of the bride's parents.

York Central H.S. Trustees Adopt Salary Schedule 1960

(By Jane Manning)
York Central District High School board is voluntarily prohibiting the advertising for teachers at present at the request of the Ontario Trustees Council. It is hoped the prohibition will be lifted shortly. Reason for the situation said Management Committee Chairman E. R. Axelson, "Is the teachers' in Scarborough threat to the board there to settle salary questions by the first of March or else."

Beginning this year local district high school teaching staff will be allowed a maximum up to \$2,300 for experience. This is \$300 more than last year, for the board agreed to allow newly hired teachers \$800. per year since 1957 for experience, and \$200. per year prior to 1957 for experience. The rest of the salary schedule is to remain the same. This additional \$300 is as Chairman Stewart Rumble put it, "to attract some experienced teachers we might otherwise miss."

This will not affect the teachers already teaching as they come up one year at a time to the salary maximum. Lowest starting salary for teachers in the York district is \$4,500.00. The salary schedule is considered to be in line with boards to the south of us.

At a request from the teachers the board reconsidered the present minimums in groups 3 and 4, of which the basic is \$5,100 and \$5,400 respectively. The nine trustees present voted against any salary change.

Minor Heads of Departments
Extra allowances for heads of minor departments in the high school created some rather heated discussion. Trustee Axelson made the motion that be offered extra allowances of \$400.00 (The teachers had asked for \$600.) Trustee Mrs. Barbara Langstaff moved an amendment that minor heads be paid \$200. Trustee Wilson rose to protest as he did not feel the amendment was in order. Chairman Stewart Rumble first ruled the amendment acceptable, then asked for a show of hands as to whether the trustees believed it acceptable. Six were for and three against, the chairman then allowed the amendment.

In speaking to her amendment, Mrs. Langstaff said such a raise would add \$2,600 more to the salaries. "We are now faced with a 20.4 mill debenture debt. In 1960 \$85,000 will be added to the amount we must pay on our debenture payments. I think we should pay minor heads not more than \$200. until we see how it works," stated Mrs. Langstaff. Mrs. Langstaff then spoke of the \$900 extra paid to the ten major heads, saying, "We are as generous as the Toronto board. North York board pays only \$800." She mentioned other boards who paid from \$250 to \$500 extra. "If our academic records improve and we feel it is due to minor heads we could consider salary adjustments," Trustee Mrs. Langstaff concluded. Trustee Wilson was against giving only \$200 extra, terming it "absurdly low". "We should let them know what we expect and not wait to see what they are going to do," he added.

In reply to a question from Trustee Robert Ross as to when salary negotiations have to be complete, Trustee Axelson said, "For the budget and in time to hire teachers when the ban is lifted."

Trustee Morley Kinnee, prefacing his remarks by saying he did not want to be misunderstood as he had always stood by the teachers, said, "But the time comes when some semblance of control on this increase is needed. I was surprised when I found the major heads were getting \$900. extra. Three years ago it was \$300. I was shocked as I didn't feel it

was a general thing. (Mr. Kinnee was absent when the \$900. for major heads was authorized last year by the board). Mr. Kinnee said the most of the work done by minors was requisitioning, budgets, etc., and their jobs were apparently act as valets to the major heads.

Trustee Wilson called a "point of order" feeling the discussion should not centre on a motion that had been already approved and passed. Chairman Rumble ruled, "Mr. Kinnee has a right to express his opinion. His argument is all right."

Trustee Axelson said, "You say it might not work out it's up to the board to make it work. Sixty to 75 periods a week with two or three teachers constitutes a minor department. It is an excellent training ground for a major head. They are not 'valets' to anybody. They have a definite function to perform not just requisitioning, budgets, etc. that is just a minor part. It may be to our advantage to take a lead here."

Trustee Mrs. Langstaff added, "We must support our present heads and the principals. I think the principals would see that jobs of heads of departments are being carried out. More heads for smaller responsibilities can be increased as the departments grow." Later Mrs. Langstaff added she didn't want it inferred that she felt only paper work was done by minor heads, while paper work was important and had to be done, the duties of minor and major heads were set down in Section 65 of the School Act.

Trustee Wilson said he thought the reports from the principals were often "sketchy".

Chairman Rumble said, "It is the function of the School Inspector and the Department of

Education to see the principals are doing their job."

"The Inspector doesn't tell us much," said Trustee Wilson. "We have to work through the principals," said Trustee Axelson. Remarks of the principals and the inspectors will have practically the same wording.

Interjected Trustee Hicks, "I'm happy to know we might get better and fuller reports, so we might know what transpires." Trustee Hicks added, "I don't think minor heads should expect a large salary for they have the chance being given them of going on to be a department head."

Trustee Ross suggested that when the Inspector spent only a day or two in each classroom, Chairman Rumble answered, "It's two days more than we are in the classroom, or are allowed to be in the classroom."

The amendment that the minor heads of departments be paid \$200. a year was carried. Five trustees voted yes: Mrs. Langstaff, Mr. Hicks, Mr. Kinnee, Mr. Ross, Mr. Wood; and four against: Mrs. K. James, Mr. Wilson, Mr. Axelson and Mr. Endeau. In explanation there is a major head for a department which has five teachers who teach more than 80 periods a week. A minor head can be appointed to head a department which has two or more teachers teaching 50 or more periods a week.

BUTTONVILLE

Correspondent:
Mrs. F. H. Leaf
R. R. 2 Gormley
Phone AXminster 3-6188

Congratulations to Jim and Rosemary Miller on the birth of their fifth child; John Francis, a brother for Jamie, Jeffrey, Michael and Joel.

Grace Rodick arrived by plane from Dryden last week to be present for the funeral of Mrs. Robert Rodick, her grandmother, Rev. and Mrs. Morrison Sellar of Owen Sound and Miss May Harper were other close relatives who were at the Rodick farm last week.

Lynda Leaf and her uncle, Mr. Leslie Mird of Toronto, flew west last weekend to attend the funeral of Mr. Jack McPhee of Fernie, B. C., fiancé of her aunt, Miss Margaret Flumerfelt of Toronto.

The road crews and our mail man continued to be the heroes of the moment last week, keeping blustery weather roads passable and the neighbourhood mail boxes full. With all the impossible conditions we have had lately, mail has been missed on two days only.

Friday of last week sideroads and driveways were so badly drifted that the World Day of Prayer service which was to have been held in Brown's Corners United Church for the Victoria Square charge had to be cancelled.

Next week will find W. I. members busy with activities again. On Tuesday evening, March 15, they will cater for the Markham Township School trustees banquet; Wednesday is the monthly meeting to be held in Buttonville Hall, and Thursday the membership of the Buttonville W. I. is invited to the Thornhill W. I. birthday party where Buttonville members Mrs. George Hooper and Mrs. Alice Gardner have been asked to present part of the programme.

Prior to his marriage to Miss Evelyn Thorneycroft, on February 27, Mr. Charles Turner was presented with a lamp, the gift of Brown's Corners Sunday School of which he is the superintendent.

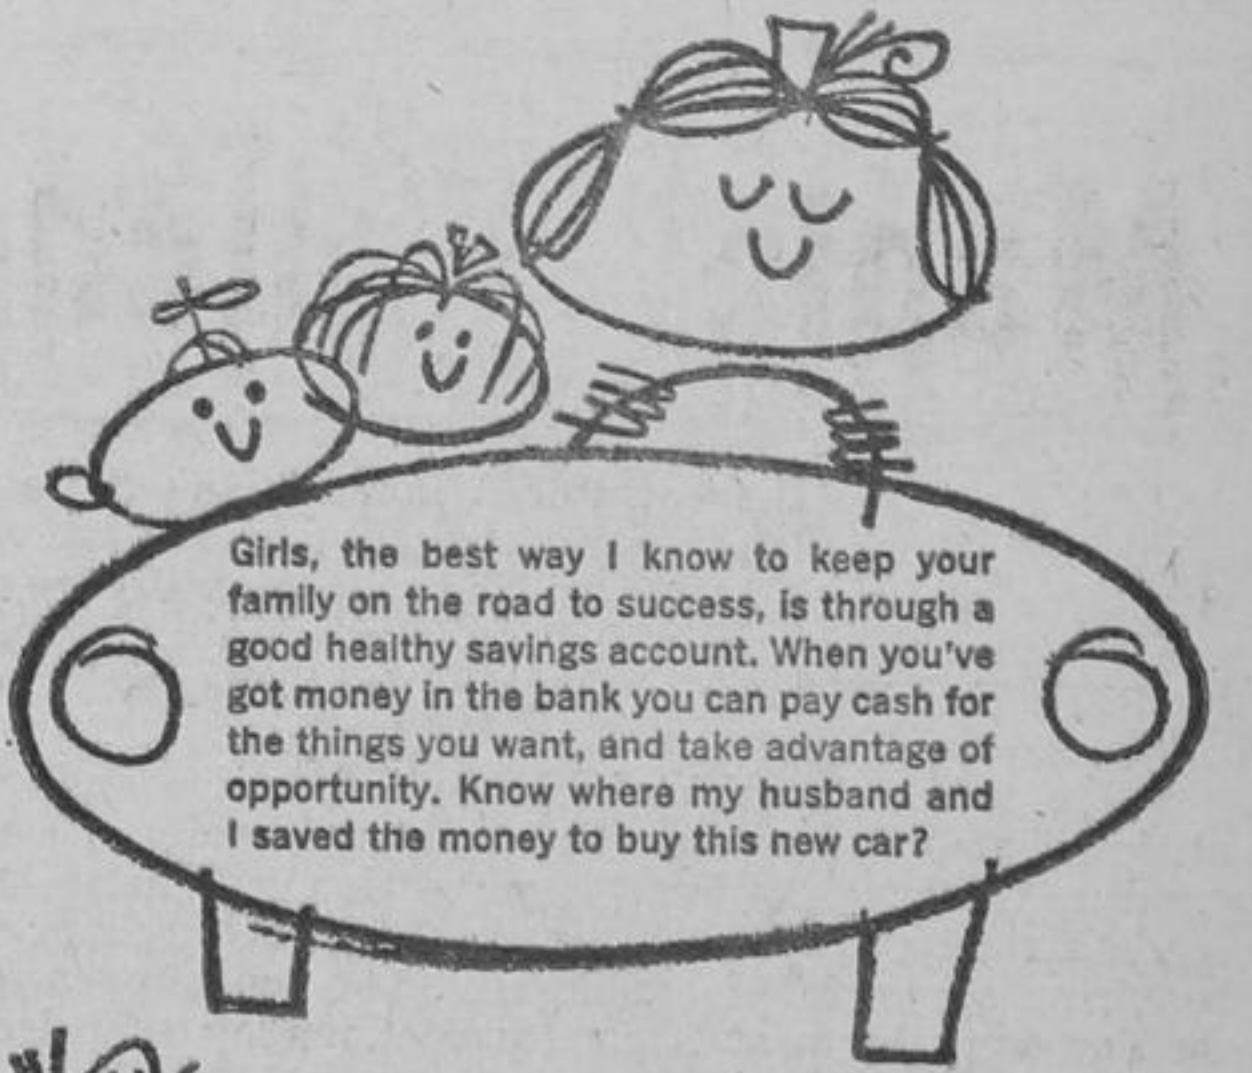

Buttonville School Parents' Club When the Buttonville School Parents' club met one week late on Wednesday evening of last week, the programme, under the direction of Mr. Howard Atkinson explained the various uses of certain school equipment in common use.

Mr. Atkinson demonstrated some of the many uses of the tape-recorder among which were speech control and the timing of a child's mental processes. The film-strip projector also adds new dimensions to education today. The meeting was chaired by Mrs. Bernard Venus in the absence of Mrs. James Hood, president, who was ill. Following the adjournment of the meeting refreshments were served and a social hour enjoyed by the parents and teachers.

Winners of the evening were Mrs. Bill Allen, Miss D. Stephenson, Mrs. George Kelly, Messrs. Powell, M. Davies and Sinclair. Running prizes were won by Miss D. Stephenson and Mr. Sinclair, and freezeout winners were Mrs. Wm. Allen and Mr. Russell Burr against Messrs. Russell Boyington and Wm. Allen.

Hostesses for the evening were Mrs. George Hooper, Mrs. George Kelly, Mrs. Milt Sherman and Mrs. Wm. McGimpsey. Mrs. Jacqueline Marzec of Lake Wilcox escaped injury Tuesday evening of last week when the Volkswagen she was driving skidded on ice and went out of control near the Don Mills Road residence of Mr. Gordon Tooley. After spinning several times, the car struck a tree and a telephone pole and Mrs. Marzec, an expectant mother, was thrown clear.

P. C. Douglas Tribbling of the Markham Township Police investigated and Mrs. Marzec was taken to the Toronto East General Hospital where she was pronounced uninjured. The car suffered a badly flattened roof, and a small dog also in the car could not be found after the accident.
