The Education Committee of the Richmond Hill Unit of the Canadian Cancer Society is sponsoring the showing of a special film for women only at the Richmond Theatre this Sunday, March 27, starting at 2 p.m. Two thousand women saw this same picture in Sudbury and it is hoped Richmond Hill will top this figure, with two showings on March 27. Lions' Ladies Night Pleasant Social Event

Sure and there was more than a touch of Irish at the Lions Community Hall on Thursday evening when the Lions entertained their ladies at the annual dinner. In keeping with the day of St. Patrick the tables were decorated with spring flowers, shamrock covers, green hats, and green shamrock candy favors. Lion President Dr. Jim Langstaff presided, and the dinner was enjoyed by various draws and presentations, one being the presenting of twin spoons to Lion Secretary Ed Sackfield, in honor of the arrival a few months ago of twins at the Sackfield home. Lion Warren Davey was at the microphone during the latter part of the evening.

Perfect attendance pins were presented to the following Lions: by District Governor Andrew Snider of the Maple club - Dick Edmunds, 20 years, Doug Boyd, 15 years, Ken Tomlin, 15 years, Hugh Mackay, 10 years.

The toast to the ladies was given by Lion Mac Clement and

responded to by Mary (Mrs. Don) Ross. Jerry Gionolani of Toronto entertained with several accordion solos, and the lovely voice of Patsy (Mrs. John) Wynne was heard in some Irish ballads. She was accompanied at the piano by Mrs. Wright Morrow.

As a closing number the Curtain Club of Richmond Hill presented the "meller drummer" in one act — "Curse you Jack Dalton," in fine style, made hilarious by the audience participation, who were invited to boo, hiss, or applaud as they saw fit. This play closed the evening on a high note of enjoyment. Lion Hugh Mackay, programme chairman, conveyed the Lions Club thanks to Mrs. Cecily Thomson, director of the play, to whom he presented a check for the Curtain Club from the Lions.

The dinner, which was attended by over a hundred Lions and guests, was provided by the women of St. Matthew's Church, and served by the young people of the congregation.

These are the things that make for "Life in the Hill" . . . and your editor would appreciate hearing about such social 'doings'. Call us at TU. 4-1105 — drop us a note by post — or call in personally any time during the week, we will be glad to hear from you.

It was with great sorrow that we learned of the death of Madeline Mathers, following an accident in Victoria, B.C. Mrs. Mathers was, until six months ago, a resident of the Hill, an active member of St. Mary's Catholic Church, and well known for the keen interest she showed in young and old alike, being associated with the local guide movement and a member of the staff of the Villa Nursing Home. The "Liberal" joins with the many friends of the Mathers' family, in extending sincerest sympathy to Mr. W. G. Mathers, Patricia and Michael on their tragic loss.

Dr. Helen S. Hogg has returned to her Richmond Hill home from a very wonderful trip to southern Arizona, where she attended the dedication ceremony of the Kitt Peak Observatory.

Part of Kitt Peak — a mile high mountain owned by the Papago tribe — has been leased by the Papago Indians to the government to make possible the establishing of the first optical observatory backed by the United States government purely for basic research.

Dr. Hogg spent a week in Arizona, making side excursions to Flagstaff and other points of interest.

Organist of St. Mary's Anglican Honoured by Congregation

Last Sunday evening a large congregation was present to share in the presentation by the choir of St. Mary's Anglican Church of Mendelssohn's Oratorio "Saint Paul". Under the direction of Miss Dorothy Armstrong, the organist, the choir revealed its increasing quality by rendering selected parts of this sacred work centred around the life of St. Paul, with great beauty and devotion.

After the service Miss Armstrong was honoured by a congregational reception in the parish hall on the occasion of her forthcoming marriage to Mr. Evan Cover. The chairman was the People's Warden, Mr. G. L. Lewis whose pleasant task it was to present to the guests of honour a sterling silver tea service and tray which was designed and made by a member of the choir, Mr. D. Boyd. Both the Rector and Mr. Lewis paid glowing tribute to the worth of Miss Armstrong as organist of the church and rejoiced that after her marriage she planned to continue in this capacity at St. Mary's. Mr. L. Wainwright, Rector's Warden, presented Miss Armstrong's mother with a bouquet of fresh spring flowers.

Refreshments were served by the several women's groups in the parish under the convener-ship of Mrs. W. S. Pocknell and Mrs. A. E. McDonald. Pouring tea at the tastefully decorated table were Mrs. G. L. Lewis and Mrs. T. L. Wainwright.

Ear plugs were needed in the vicinity of 224 Bluegrass Blvd. Saturday, March 19th when walls and floors echoed back the happy shrieks and laughter of fourteen teenagers. Rita Weller, daughter of Mr. and Mrs. Ronald Weller with her guests celebrated her 13th birthday with songs, dances and games. These happy and talented youngsters enjoyed life to the full impersonating friends and famous people. Singing came to most of these girls being members of the Crosby Heights Choir. Among the guests were Ann Wood (one of the winners of the Richmond Hill oratorical contest) Mary Ann Catania, Jackie Wright, Barbara Taylor, Linda Willis, Jan Hays, Carolann Cooper, Aya Lidacis, Jennifer Cone, Lesley Holloway, Rita Barrie, Sharon Phillips Lynne Kerrie, and Rita's brothers Grant and Phillip.

On Thursday of last week, Pete Edwards, member of the mechanical staff of Shelton-Mansell Motors, Richmond Hill — drove to New York City to meet the S. S. "Corinthia" — when delivery was taken of a special Austin racing car. This machine was then loaded on a car trailer and driven by Pete Edwards to Tampa, Florida, where Pete — chosen for his skilled specialized Austin factory training — was selected as the mechanic to tune up and to "get the most" out of this special Austin for racing on Saturday at the Sebring Sports Car Track.

This international event counts toward the "World Sports Car Championship" — comprising 80 entries from Europe, United States, and Canada, with top mechanics and drivers — including Stirling Moss, recognized as the world's leading driver participating.

For the second successive year the partners, Dick Shelton and Ken Mansell have been honored by being chosen to furnish skilled mechanics for their racing cars by the British Motors Corporation, who manufacture Austin, Morris, M. G. and Wolseley cars.

The regular meeting of St. Gabriel's W. A. was held March 22nd at the Parish Hall. The meeting was opened with devotion, then the group made palm crosses. A chapter of the Mission Study Book was covered. The next meeting was announced for April 12th and refreshments were served.

Capt. and Mrs. C. E. Misener of Fenwick, Ontario were recent guests at the home of their relatives, Mr. and Mrs. Arthur Leech, Richmond Street. To Capt. Misener goes the credit for inventing the "Misener Wood Seasoner" — which utilizes the application of the vacuum principle — one that has defied long years of Research, enabling this invention to be fully protected by Letters Patent.

This Vacuum Method represents the first great advancement in centuries in the seasoning of lumber, and now, after many years of patient research by Capt. Misener, lumber that is fresh sawn from Pond Lozs with a moisture content of 100%, is reduced in a very short period of time to any desired content, or complete dryness.

This amazing process practically eliminates warping, cupping, checking, rotting, shrinking, and discoloration — in addition to the great saving in time and storage space required for natural seasoning which requires from 9 months to 2 years. Dry Kiln seasoning requires from 18 to 30 days, whereas by the Misener vacuum process the time is cut to 2-4 days — with complete seasoning of Pine and Spruce in 60 hours.
