Vaughan Twp. Flood Control Levy For 1960

Vaughan Council was last Monday asked to make provision for \$11,000 in its 1960 budget for Flood Control.

The project already submitted and approved by the Provincial Government is being forwarded to the Federal Government for final endorsement.

This cost will bring the townships total expenditure for conservation purposes to \$18,000.

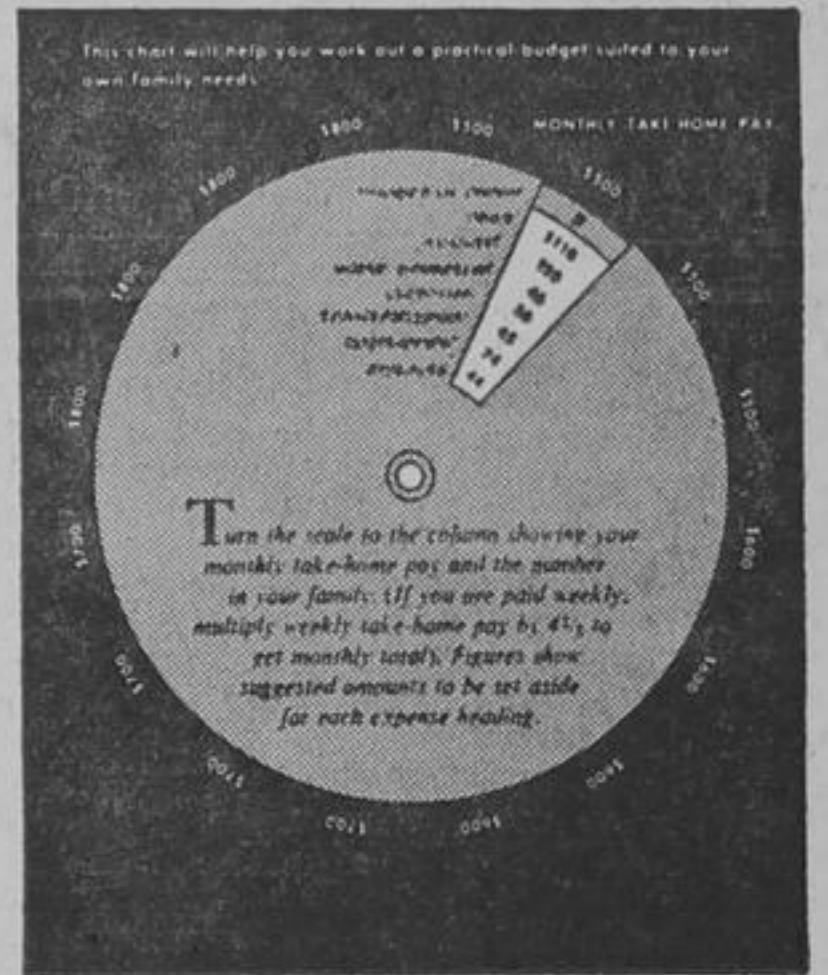

Reeve John Perry commenting, said that "We have to plan ahead. If we don't do these things now, future generations will say we neglected our responsibilities and were lacking in foresight. These are criticisms we often hear in this chamber relating to previous administrations."
