Chairman Bolton Sets \$27,085. Budget 1960

Introducing a \$27,085 budget for 1960, Chairman Ronald Bolton outlined proposed projects, at King City Village Trustees' meeting in the Fire Hall.

It is Trustees' intention to pave North Keele St., about 2,000 feet, as quickly as possible, Mr. Bolton said. Gross cost was estimated \$6,000, with the village share, \$3,000 after subsidy.

Asked by business men to help with off-street parking, Trustees set aside \$1,500 for developing Park street for the purpose, Mr. Bolton explained. Mr. Carlton Crossley was being asked for parking space on his property adjoining the Memorial Park, for sports events, to relieve shopping area parking on Park street.

The Chairman thought the \$350 allowance for new street lights would install two. He said \$5,000 of this year's taxes would be used toward the new fire pumper, which passed all tests satisfactorily according to a letter from Canadian Underwriters' Association.

Mr. Bolton pointed out secretary-manager's and police salaries would be for a full year, rather than half as in 1959. "Insurance costs have gone up appreciably on building and equipment."

He explained increased revenue for the library would mean the final mortgage payment of \$1,350 could be made. When the

library was converting to public library status over a year ago, a levy at the rate of 50 cents per person was proposed. By setting it at 61 cents per person last year, the library was able to obtain 35 per cent government grant. The 1960 basis of 81 cents a resident will gain a 65 per cent grant for the library, enabling the mortgage settlement.

Waterworks debenture payment of \$3,950, at low interest rates, is still being paid from the billing, Mr. Bolton said.

He gave a reading to By-law 22 appointing Mr. Wilfred Angliss as constable, to be paid by salary and allowances and not by fees.

King City Businessmen's Association treasurer Don Hutchinson considered the appointment "a step in the right direction. It was not a case of wanting the secretary-manager out, but a case of getting the right man in." Mr. Hutchinson agreed it was poor public relations for the secretary "to greet newcomers with an on hand and give out traffic tickets with the other."

The three Trustees and Secretary were unanimous in favorable comments about the Township road service supervised by Mr. Tom Arlidge. Roads Commissioner Mrs. Mary Scott said the fire pumper "is a wonderful asset to the village."

Trustees agreed roads were "in sad shape." Mrs. Scott deplored the uncleared sidewalks along King St. Mr. Bolton expected by Fall there would be a plan for street snow removal.

Representing Valentine Acres' Ratepayers' Association, Mr. Harry Lacey asked for removal of two cars, one of them parked on frequently overnight and the other abandoned. He pointed out the snow plow was forced to go around the cars and regular traffic meant more wear and tear on the road beside them.

Mr. Lacey asked, "What about a school sign on Patton St.?" and was told by Mr. Thompson, "We can't have a school sign unless the crossing is properly designated and there's a guard." Mr. Lacey advocated underground culverts outside the Post Office to help parking. He said he was concerned with the water supply.

Water Limited

Mr. Bolton explained the tele-metering system had been installed but was not yet in operation. "We are on limited water supply and will have similar restrictions if this summer is as dry as last. The restriction went well, with residents' co-operation."

Mr. Bolton said, "no more water could go out of the village for development under the present system." He did not see how the village could supply 60 households in proposed Kingshill Manor if requested.

The Chairman pointed out, by doing with a little less water, the village was saved the expense of debenturing for a new well. "We have a pay as we go policy. Unless people want to go into debenturing, we'll have to wait for development to the east to finance a new well."

Mr. Lacey commented, "Development won't come for three to four years at least."

Touching upon village status, Mr. Bolton suggested, "I think it will appear by summer time, things will happen one way or another."

Wilfred Angliss is New Constable

On duty for the last few days around King City is the new part-time constable, Mr. Wilfred B. Angliss who was appointed by Village Trustees.

A native of Marlborough, England, Mr. Angliss came to Canada in July, 1955 and has had several years' experience in police work. For nearly four years he was with DeHavilland's security police.

In England he was employed three years on the British Railways security clerical staff. He also spent three years with the War Department Police, a branch of Metropolitan London Police.

Mr. Angliss was in the Wiltshire Regiment 22 years, during which he was continuously overseas from 1939 to 1947. He attained rank of Company Sergeant-Major.

Police terminology was familiar to him as he was growing up. His father, the late William Angliss, had the distinction of being Town Crier of Marlborough, and Borough Beadle, an old-time office dating back to 1600. As Borough Beadle the senior Mr. Angliss was mayor's officer and chief officiating police officer, responsible solely for the protection of the mayor at civic functions.

The new constable lives in the village with his wife and eight-year-old daughter, Beverly, who is in grade 4 at the Eva L. Dennis School. On March 29 Mr. Angliss was officially sworn into office at Newmarket court by Magistrate R. Pearce.

King City's other part-time Constable, Mr. William Jensen, is in Ward 1, Third Floor, of Toronto General Hospital and it is not known how soon he will be able to return to duty.

Mr. G. T. Thompson remains Chief By-Law Enforcement Officer.

With the coming of spring we wish we had some nice bright news to report but like the weather we are afraid things are rather dull and not too cheery. But, perhaps by the time this is in print everything will be brighter.

The roads around Teston have been a gooey mess and have caused a few headaches for drivers. But it's all part of country living — and we do hear the birds singing happily, creeks running full and green sprouts showing.
