VACUUM-CLEANS YOUR LAWN! The New Toro Whirlwind cuts grass as no other rotary does—with a new "Wind Tunnel" action that freezes each blade of grass upright for a crisp, clean cut... then blows clippings into the bagging attachment.

And not only does this revolutionary mower bag your grass clippings, but also leaves, twigs, lawn litter—all are sucked up by the Whirlwind's super-vacuum and deposited in the bag for easy disposal.

The secret is inside the Whirlwind's unique housing—an exclusive Toro design. It has none of the indentations and corners that cause ordinary rotaries to form clumps—clippings have a clear track to be blown into the bag or dispersed uniformly over your lawn!

3-season workover! Use your new Toro Whirlwind for spring clean-up, summer mowing, fall leaf disposal! Come in for a free demonstration!

Elgin Mills Lady Mrs. F. Spencley Mourned By Many

Following an illness of four months, Olive Marion Spencley, wife of Frederick Spencley, died at the home of her son, Malcolm, 76 Vanbrugh Avenue, Scarborough, on Friday, April 22, 1960.

Born Olive Marion Pegg, in Whitchurch Township she lived on the 9th Concession until her marriage to Fred Spencley, when they made their home together at Headford, renting on the Wellman farm. Mr. Spencley farmed at Headford for a number of years and during that time five sons were born to them; after the fifth son had married and left home, in 1941, Mr. and Mrs. Spencley moved to Elgin Mills, and had a market garden on Brookside Road for 11 years.

Fred Spencley was a familiar figure at the St. Lawrence market too, where he sold his farm produce — and the beautiful flowers Mrs. Spencley loved, and grew in profusion in her own garden.

Both Mrs. Spencley and her husband loved all children, and although they were members of the United Church, most Sunday mornings they attended service at St. John's Anglican Church, Jefferson, filling their panel truck with all the local children who attended St. John's Sunday School classes, and who otherwise had no means of transportation at that time.

Mrs. Spencley was a good neighbour to all who knew her, and through the years proved a great source of motherly comfort to many a young wife with a growing family. During their years at Elgin Mills, Mr. Spencley worked part-time as a driver for "The Liberal" and was well-known in Richmond Hill.

Five years ago Mr. Spencley retired from farming, following a heart attack, and he and his wife moved to Scarborough to live with their son and his wife and family.

Surviving with her husband Fred are all their sons, Malcolm R., Donald F., of Goodwood; Rev. John B. of Peterborough; Robert W., of Sunderland; and Howard G., of Cardiff, Ontario.

The funeral was from McDougall and Brown's Scarborough chapel on Monday afternoon to St. Paul's United Church, where a fitting service of tribute and consolation was held. The numerous floral offerings bespeaking the affection and regrets of all those who had called Mrs. Spencley friend and neighbour. Interment followed in Pine Hills Cemetery.

The Liberal joins their friends in extending deepest sympathy to her sorrowing family.

Cancer Campaign Report To Date

NEWMARKET — Town council has set April 24th as the date for daylight saving time to start this year. It will run from that date until October 30th.

NORTH YORK — Henceforth all homes built in North York will have to be fire-resistant construction. Builders in new subdivisions have been required for some time to use brick, portland cement, steel, stone, tile, terra cotta or other noncombustible material for external walls, and asphalt shingles or other fire resistant roofing.

Private builders, however, have not been covered by this restriction. Miscellaneous restrictive by-laws have been in effect in about 25% of the township. Brick veneer, frame and stucco homes are still being built in many areas.
