Street Light Osiris Drive

Richmond Hill Town Council Monday night received a request from Mrs. G. Magvas for the installation of street lamps on the existing pole at the entrance to public easement on Osiris Drive. Mrs. Magvas in her letter stated "this section of Osiris Drive is poorly lighted to begin with because of a large empty field directly opposite. I have always felt uneasy about this situation as it is not the safest thoroughfare for women or teenagers at night; in winter months of early darkness and T.V.'s going strong a cry of distress from this easement of field would not be heard. If a person roamed the streets he could not find more satisfactory conditions. Adequate lighting would deter this sort of thing." The letter stated further "this easement also lacks a bridge or concrete slab to span the ditch at both ends. Countless children are thrown from bicycles scraping knees and arms in their spills. For pedestrians it is quite a span to leap over the water-filled ditch on rainy days."

Animals On Highways

This is the time of year when 2 year old beaver leave their homes either of their own accord or are forcibly ejected by the mother and begin to fend for themselves. In some cases, according to Mr. J. S. Dorland of the Fish and Wildlife staff at Maple, they start roaming across the country in search of a mate and new home site. During such travels the fur bearers are very vulnerable to other animal predators as well as motor cars. Recently a fair sized beaver, presumably a 2 year old, was killed on Highway 400 by a motor vehicle just south of the Aurora cloverleaf and was brought to the District Office for examination.

Another road kill, reported by Conservation Officer Fred Marshall, was the fatal injuring of a deer on the road between Camp Borden and Alliston. When the officer arrived 2 of the Camp Borden R.C.A.F. police and 2 O.P.P. Constables were on the scene. All were complaining about the mosquitoes and Mr. Marshall volunteered the suggestion that the hungry insects might divert their attention to the gore splattered on the pavement. The rejoinder from the harassed police officials was, "What do you mean try the blood? — The mosquitoes have dragged the carcass off the road already."

Leo. Gene Madden Takes Over Elgin Mills IGA Store

Two brothers who between them represent a thorough knowledge of the meat and grocery business and the financial know-how to operate such a store are the new owner-managers of the Elgin Mills IGA store. They have taken over from Mr. A. Rogers who has been operating the popular food-centre for the past three years.

The new owners are Mr. Leo Madden and his brother Gene. Leo comes from Toronto where he has lived for many years in Parkdale. In the past 20 years he has amassed about all the facts there are to know about every phase of running a food store from catering, managing, buying and butchering to public relations.

Married, he is the father of two boys and one girl. When he finds the time, Leo likes to golf and for the past 20 years has given as much time as his busy schedule will permit to youth activities. He is a member of St. Michael's Quarterback Club, one of 25 men charged with the responsibility of raising money for sports at St. Michael College High School. "Sportsmanship and good citizenship goes together," he said. "Give a kid plenty of opportunity to become sports minded and you not only keep him healthy and out of mischief, but you teach him social consciousness and respect for others, as well as helping him to lay the groundwork for lifetime friendships."

Gene is the accountant of the firm and will be here by the end of the week. For the past 15 years he has been with the Parker Pen Company in Toronto and is now cleaning up his affairs there preparatory to beginning his new career in Elgin Mills. Gene lives in Willowdale, is the father of six, and like his brother is interested in kids' sports with emphasis on hockey.

Both men say they are impressed by Richmond Hill, its people, geographic attractions and industrial potential. As Leo said: "We hope to make our community contribution with modern store service and top quality goods."

The store will operate with the two owners and a staff of four. The Elgin Mills post office, situated in the rear of the store, on Highway Number 11, will continue. "There will be no changes," Leo said in reply to an expressed rumour the post office might be shifted. "We expect it is here on a permanent basis."

Richmond Hill businessmen and citizens generally join in extending a warm welcome to the Maddens and warm wishes for their success.

WITHOUT QUESTION ... We Believe These To Be The BIGGEST TIRE VALUES EVER

NEW LOW PRICES —

Biggest Price Cuts in Years mean extra savings for You — at Canada's Largest Tire Retailers

BRAND NEW — FACTORY FRESH

SUPER-LASTIC TYREX*
