Mayor Concedes
Logic In Yonge
Assoc. Protest

Mayor Kenneth W. Tomlin of Richmond Hill at Monday night's Town Council meeting agreed there was logic in strong protests of Yonge Street Business Men's Association to council consideration of substantial expenditures for municipal building renovation and air conditioning. The business men objected to this kind of expenditure when there are so many necessary projects demanding attention.

The letter to council was the outcome of an emergency meeting of the Business Men's Association held last Friday night and reported fully elsewhere in this issue. The letter took exception to the proposal to spend \$22,000 on Town Hall renovation and consideration of another \$20,000 for air conditioning.

The communication to council signed by twenty-eight members of the Association drew forceful attention to many problems which they contended needed urgent consideration.

The letter referred to the long delay in taking action to provide the off-street parking so vital to the Yonge Street shopping area. The letter also referred to the hold up of plans for the Canadian Tire store which was considered a very desirable development for Yonge Street.

Mayor Kenneth Tomlin and members of council accepted the criticism in good part and will look into many of the matters mentioned. Mayor Tomlin said, "I appreciate how the members of the Association felt when they read of the council action last week. We must admit the logic of the point they make."

Councillor Broadhurst said the business men would have been the first to kick had council rushed into a hasty permit for the Canadian Tire Building.

Mayor Tomlin said he appreciated the intense interest of business men in the off-street parking. The committee is working hard to present a proposal which will suggest among other things the method of financing. "We quite understand the impatience

of the Yonge Street business men," said the Mayor.

The Mayor said council is especially concerned with maintaining the Yonge Street assessment. "If we don't," he said, "we will have a flood of assessment appeals."

Mayor Tomlin and council members expressed interest in the reference to the high assessment on Yonge Street business property. "They may be treated unjustly as far as assessment is concerned," said Councillor Whillans.

Reeve Haggart said every property owner had the right of appeal to the Court of Revision and a County Judge. He thought however council should have a meeting with the Assessment Commissioner to get an explanation of the policy of assessment on Yonge Street.

Regarding the reference in the letter to police enforcement of parking regulations, Councillor Whillans said he doubted if 100 per cent of the membership would put their names to the letter.

Concerning the proposed \$22,000 alterations to the Town Hall there was no definite announcement. Council at the former meeting decided to go ahead with the alterations on a cost-plus basis, and the method of financing was referred to the Finance Committee for a recommendation.

Mayor Tomlin said the Finance Committee was not ready to make a recommendation. In fact he said the town solicitor is being consulted and there is a possibility the proposal might have to be submitted to a vote of the people.

The suggestion for air conditioning was not discussed.

Reitman's 30th Store In
MetroArea-RichmondHts.

With the official opening of their new store in the Richmond Heights Shopping Centre, Reitman's becomes located in 70 locations in the province of Ontario with 30 of these stores situated in Metropolitan Toronto.

This is the 130th opening of a Reitman store; the balance are located from coast to coast in more than 50 Canadian cities, in Western Canada, however, Reitman's are relatively new, with stores in Calgary, Winnipeg, Lethbridge and Vancouver only opened in the last couple of years.

Reitman's has now become a byword with millions of Canadian women for a wide range of clothing smartly styled in what is referred to as "the popular price lines." The stores organized along the departmentalized type specialty shops, feature dresses, coats, sportswear, suits, lingerie, gloves, handbags and a varied selection of fashion accessories.

Emphasis is strong on service and comfort in the Reitman stores. Many of the stores have air-

conditioning, all have wide aisles and restful lighting.

To keep abreast of current and ever changing fashion trends, the Company's buyers shop the fashion markets of Canada, the United States and Europe for Women's Wear. A resident New York Buying Office is maintained to keep a close watch on the clothing picture and on the new innovations in fabrics and fashions.

In serving millions of Canadian women over a period of more than 33 years, Reitman's have established and maintained a relationship based on a very old success formula; every purchase made in a Reitman store is backed by an "iron-clad" money-back guarantee and an assurance for their customers of first quality merchandise at the lowest possible prices. This sales and customer policy teamed with an unerring sense of fashions that are fun, has been responsible for Reitman's leadership in the fashion field.

Nordica's Sportswear
Feature Latest Styles

Nordica's Sportswear in the Centre represents the third such business venture for Mr. and Mrs. Nat Finer. Mrs. Finer, an auburn haired, slender, vivacious personality, also finds time in her busy schedule to be a mother to her nine-year old son Brian. Assisting at the new store will be Mrs. Lee McGregor and Mrs. Anne Mundy, better known as "Morett." All three have had many years experience as bride's counsellors and in every facet of the ladies' wear business.

The Centre store will carry everything having to do with ladies' wear, from sportswear and lingerie, casual and cocktail wear, coats and suits and accessories. Not only will the latest styles be available but through the bride's

counselling service, prospective wives will be in a position to call on expert advice in all wearing apparel matters relating to marriage.

Mrs. McGregor, manager of the new store, specializes in this branch of the profession. Her experience has been gathered in major style centres of Canada. "Morrett" is considered a "whizz" of a personality in the sales end. She has amassed 25 years varied experience in all the better sales lines and stores in the province and beyond.

Mrs. Finer's modesty did not lend itself to an easy interview. She is firmly of the opinion that the best way is good quality goods and service.

Driving Hazards Are Greatest
For 25-34 Year Old Age Group

Police Chief James Davidson of Maple told "The Liberal" that recently issued statistics on Ontario traffic accidents should be directed in particular to men and women in the 25-34-year-old age group.

"A total of 383 drivers in fatal accidents during 1959 belonged to this age group," he said. "This represents 28.4 per cent of the 1,353 drivers involved altogether."

Chief Davidson suggested that drivers, in particular male drivers between 25 and 34 years might be more susceptible to the stress and strain of modern living than those in other age groups. "It's an interesting thought," he said, explaining that a man usually faces a more or less arduous time in this period. "In this nine year period he usually marries and be-

gins to pay for a home and prepare for a family. At the same time he is fighting to establish himself in the work, business or professional world. He uses up a lot of energy. I should imagine he puts in a lot of extra hours which, aside from being commendable, exposes him to a certain amount of physical tiredness. When this happens the reflexes just aren't as good as they should be when one is behind a wheel."

The chief suggested that it might not be remiss for such persons to carefully plan their sleep-and-work schedule.

Drivers in fatal accidents by other age groups in 1959 totalled, under 16 years (2), 16-19 years (171), 20-24 years (259), 35-44 years (233), 45-54 years (169), 55-64 years (70), 65 and over (60).

At a meeting of interested folk held in Headford Church last Monday evening, the date was set for the annual Vacation School. It will be held from July 11 to 15, both days inclusive. If anyone has not been contacted yet, and would be interested in giving help to this worthwhile undertaking, will they please get in touch with Mrs. F. Leaf at R. R. 2 Gormley or AX. 3-6188.

A further meeting of the Vacation School leaders will be held on the evening of June 20. Will leaders please have lists of their initial requirements at this time, in order to have plenty of time to make purchases?

Mrs. Ben Terry has as guest her mother, visiting from the West.

It was Missionary Sunday in Headford Sabbath School on Sunday, when Mrs. Wellman told a delightful story of a small boy from Finland, who only eight years old, travelled alone to his parents who had gone ahead of him and located in Premier, B.C. There was also a film strip of Kofi, an African boy.

Picnic date for the Sunday School has been set for July 6; and it will be held again on the grounds of Mr. and Mrs. Stewart Rumble. There will be a "Tuck Booth" again this year.

The Cummer Lees visited with Jean's mother, Mrs. T. McDougall on Sunday.

Mr. and Mrs. Joe Fisher called on the Acremans on Saturday. They report having called earlier in the week on Mr. and Mrs. Bag in Uxbridge, and finding Mr. Bag recuperating nicely after his recent stay in hospital.

Visitors with the Acremans on Sunday were Mrs. Acreman's sister and her husband, Mr. and Mrs. Percy Frampton of Long Branch who have just returned from an exciting trip to England and the Continent. They were in London for the royal wedding and viewed it from the vantage point of Mr. Frampton's brother's office. Folk who were there, said it rivalled the splendor of the Coronation, which was easily discerned in the attitude of the crowds. The Framptons were also in Paris at the time of the Summit meeting; and said there seemed to be remarkably little concern at the way it "flopped," with less denunciation of Mr. Krushchev than they would have expected.

We are pleased to welcome to our community, Michael Ralph, infant son of Mr. and Mrs. Herb Snider.

Flowers in the Church on Sunday were in memory of Mrs. Dew, of King, aunt of Mrs. George Barker.

STOUFFVILLE — Mr. G. M. Brawley of Ann Brae Farm, Ashburn, recently purchased Dunlop Gerda 7th, an Avyshire heifer, for \$1,500 at the National Avyshire Sale in Huntington, Quebec.

Dear Sir,

I am not saying you do not take good care of the money in your bank but please take very good care of mine. Now I don't know just how you keep the money whatever you put it all in one place together or in separate cells with locks or what. But I am saving up for a horse and as I think you know a horse and a place to keep it, plus the feeding is very expensive and a horse is hard to support.

Thank you for taking time to read this and please help me get my horse in that way.

Yours Respectfully
Barbara Louise
Lunney

YES, Barbara... The BNS knows how expensive a horse can be. So—don't worry about your money... we'll take good care of it until you are able to buy your horse.
