## Thornhill Notes

**Xmas Gifts**  
Here is a reminder from the "White Cross"—boxes for the collection of gifts for mental patients will be at Thornhill Pharmacy and Harley's Drug Store until December 15th. The gifts are for 300 men in the Aurora hospital and 150 men and the same number of women in approved homes. There will be name tags handy to the boxes for you to put your name on and the gifts will be wrapped on December 15th by the members of the Richmond Hill Senior Citizen's Association. This is a person-to-person campaign and there will be no soliciting of money. The whole idea is to make the mental patients feel that someone is thinking of them, and that they are wanted back in the community. Mrs. Donald Strickland is the convenor for the County of York, and if you have any questions or ideas on this project, call her at AV. 5-3954.

**Thornhill Nursery School**  
The Parents Group of the Thornhill Nursery School had a particularly interesting program in November. At the beginning of the month, the group was addressed by Dr. Grapko, who discussed the Institute for Child Study at the University of Toronto. Dr. Grapko's topic was the controversial one of discipline and he reminded the parents that discipline does not mean punishment, but teaching in talking about the consequences of misbehaviour, he emphasized that they were not for the purpose of "getting even" with the child, must be retaliatory, nor should they set him up as an example. These would arouse only hostility in the child. Consequences for poor behaviour should be fair, should not be imposed to hurt the child, and should be related to the situation—and most important, the consequences should be immediate, and inevitable. Unless the consequences are proportional to the situation, they will cause resentment without learning.

The rules of behaviour must be teachable, went on Dr. Grapko and will then become part of the child. These rules will develop the child's conscience. There are two kinds of control, he continued, direct and indirect. Direct control is used with small children when you guide them through a routine. Indirect control is given by providing material by which the child can learn, music, books, etc.

Dr. Grapko also emphasized that you must talk to the child right from the time when he is small, all the time, so that when you need to communicate with him, when he is older, you can reach him. Dr. Grapko pointed out that studies of high-achieving children showed that they came from families that did things together, listened to each other more, and that read and went to libraries together. These high-achievers were busier than normal children, engaged in more activities, went to more clubs,

etc. The high achievers were "belongers."

In the course of any day, if the child has done reasonably well in school, had a good relationship with the mother, could talk to her, and there was some sort of bond, you could be assured that things are all right, assured Dr. Grapko, in spite of the fact that there are occasional blow-ups.

Saturday morning, November 5th, marked an interesting "first" for the school, when they held a "Father's Day." Each of the children arrived at the special Saturday morning session with a father in tow (or in some cases a grandfather). The fathers sat on the sidelines and observed a slightly shortened routine, including a sing-song in which the children rather out-did themselves, and then went outside to watch the outdoor play. Many of the fathers had helped in the construction of the outdoor equipment and it was particularly interesting to them to see it used. Another happy outcome of the morning was the offer of further help from some of the fathers in the provision of toys, more cupboards, etc.

The next meeting of the Parents Group will be in February, when they will be addressed by someone from the Juvenile and Family Court for the County of York.

**Presbyterian Church News**  
Sunday, December 11th will be observed as Baptismal Sunday at Thornhill Presbyterian Church and Prof. Donald V. Wade, of Concord, will be in the pulpit.

The Couples Club of Thornhill Presbyterian Church is holding their Christmas meeting on Saturday, December 10th in the Church Hall at 8:30 p.m.

A new Scout Mothers' Auxiliary has been recently formed at the Thornhill Presbyterian Church. Mrs. Eric Bare is the President.

The Young Adults are holding a clothing drive to go to the needy of Evangelical Hall in Toronto, by December 10th. Contact any member of the Young Adults if you have anything to contribute, or call Mr. Norman Terry, the President, at AV. 5-3955.

On Sunday, December 9th, the Sacrament of the Lord's Supper will be observed at Thornhill Presbyterian Church. Anyone desiring to unite with the Church either by transfer of membership or by profession of faith should contact the Interim-Moderator, Dr. Wade at AV. 5-4242.

**3rd Thornhill Cub and Scout News**

November 9th was an eventful evening for nine boys seeking membership in the 3rd Thornhill Wolf Cub Pack. At that time "New Chums," Kenneth Moore, Mark Henderson, Gary Horton, David Crawford, Jeff Nelly, Owen Burgess, Randy Wood, Brett Jacobsen and James Davis began their adventures in cubbing. To them we say, "Good Hunting."

On the same evening, Wolf Cubs Peter Alimone and Billy Happer were presented with their first Stars. The Pack membership is now at full strength, with additional names on the waiting list. Any boys approaching their eighth birthday and interested in joining the Pack would be well advised to contact Mr. Thomas, at AV. 5-1449 at an early date.

On November 19th, the Scouts, under the leadership of Assistant Scoutmaster, took advantage of the lingering Indian Summer weather and enjoyed a hike. The boys report that their Christmas trees are now available for sale. Anyone wishing to buy a shapely Scotch Pine should contact a member of the troop. The proceeds of the sale of the Christmas Trees are to be used for camping equipment.

Members of both Wolf Cubs and Scouts are finding the new tumbling mat, presented by the Mothers' Auxiliary, a great help and "comfort" in their physical fitness program.

Members of the Auxiliary were pleased to welcome mothers of the new cubs to their meeting on November 28th. In spite of fog and rain, fifteen arrived to enjoy two very interesting and informative films on Cubbing and Scout-ing.

# Elect Recreation Officers At A.R.C.'s Annual Meeting

## 1960 Work Committee Made Repairs Additions

By Margaret McLean

With total receipts of \$17,803.21 and disbursements of \$21,332.46, the Thornhill Area Recreation Committee found that as of October 31st, it had spent \$3,529.19 more than it took in, during the period January 1st to October 31st, 1960.

This is not as bad as it would appear, however, as since the financial statement was prepared, a grant of \$1,600.00 was forthcoming from the Township of Vaughan. After an exceptionally good year last year, the Committee started 1960 with a bank balance of \$6,317.92, so it is still solvent and in the black by some \$4,300.00.

At the annual meeting on November 25th, held at the home of Mr. and Mrs. George Stratton, 96 John Street, Treasurer W. E. Windsor submitted a comprehensive report to an attentive audience of 18 persons. In noting the excess of disbursements over receipts, Mr. Windsor pointed out that due to the unfavourable weather this year, receipts at the pool were down slightly over last year, total receipts this year being \$14,419.50, as against \$16,868.15 for 1959. Income from the snack bar was also down, \$391.04 as opposed to \$633.90 last year. However, the main cause of the year's deficit was considerable expense on certain items which will not be needed again for some considerable time. Some of these were: shutters for pool windows, \$340.09; circulator pump, \$107.50; removal and repair of 16 filters, \$656.65 (three-quarters of the filters have been replaced); connection to township water, \$277.71; a new vacuum cleaner for cleaning the bottom of the pool, \$228.00; repairing showers and supplying new heads and water fountain for use in the park, \$387.63; 100 new baskets for checking clothing, \$374.63; new checking pins and plates, \$138.60; water meter, \$376.39; and a payment on behalf of the Thornhill Baseball League in the amount of \$576.98. This was for the erection of a backstop for the new hardball diamond in the southwest corner of the park. When this diamond is completed, it will enable two games to be played in the park at one time, softball and hardball. Plans for further improvement to this project are under way for 1961.

Another factor affecting this year's deficit was the payment to the village of the sum of \$1,500.00 to help defray the expenses of a second maintenance man to improve the condition of the park and skating facilities. Wages in 1959 were \$8,927.26 and in 1960, \$9,453.70, in spite of a decrease in wages at the pool. This latter decrease was caused by lowered attendance at the pool, requiring less help at the checking desk.

**Twp. Sinking Fund**  
As a protection against any sudden large emergency expense, the A.R.C. has been putting money in a sinking fund and Vaughan Township is now holding for the Village Trustees for the use of the Thornhill Area Recreation Committee a sinking fund in the amount of \$15,000.00. This is in Vaughan Township bonds bearing interest at 4 1/2 per cent. Interest is payable on these bonds on February 1st and August 1st of each year and on October 30th there was a balance of \$782.75 accumulated interest on these bonds. Mr. Windsor pointed out that the pumping equipment at the pool cost \$30,000.00 and it is ten years old. It could require replacement at some not too distant future.

Mr. Windsor noted in his report that he had been assisting in the operation of the accounts by Mr. D. Giles of Centre St., Thornhill. Mr. Giles handled the day-to-day operation of the books and an arrangement which proved mutually beneficial. He did an excellent job and Mr. Windsor strongly urged that the arrangement be continued next year. Mr. Giles worked for the committee for fifteen weeks period from the 1st of June until the closing of the pool, for which he was paid \$10.00 per week. The daily receipts and cheques were taken to him and he made the entries in the various journals. The treasurer continued to sign all cheques.

In closing, Mr. Windsor expressed his appreciation for the co-operation he received in assisting his term as treasurer. He stated that the members of the committee as well as the management and staff of the pool and the village trustees were always helpful and ready to assist at all times. "I will pass along this position with a deal of sadness, as well as a certain measure of relief," were his final words.

**Pool Report**  
Mr. Ted Toogood, the pool manager, also presented a most comprehensive report. He felt that as far as weather was concerned, the summer of 1960 was close to average, with most days suitable for swimming, but only one or two days of hot weather, with none over 90 degrees.

Mr. Toogood reported the sale of 800 season tickets to children, 125 to students and 125 to adults. He advised a "second look" at the price of season tickets for the second, third, etc. child of each family. (There has been no charge made for any child past the second in a family.) The general admission rates of 25c for children, 50c for students, 75c for adults (50c after 5 p.m.) he felt were satisfactory and should remain the same.

A total of 800 children attended swimming classes at the pool in 1960 and the only drop was in the number coming from Richmond Hill. This was felt to be because of the increase in bus rates. The majority of these children paid a fee of \$2.00, but those from Maple, Woodbridge, Pine Grove and King paid in the rate of \$7.00 for the first child in a family and \$5.00 for the second. In addition to swimming classes there was a small diving class and a synchronized swimming class open to season ticket holders.

The staff instructors were all Red Cross qualified — a high qualification. Mr. Toogood reminded his audience — and more junior guards were taken on to help the seniors supervise their groups. About 300 students passed awards and six staff members improved their qualifications during the year. It was noted that not all students try the tests, since some miss too many lessons to make it worthwhile and others are out of town at the time of testing — the last week in July and the last week in August.

**77 First Aid Cases**  
The accident log this year indicated that there were 77 injuries that required first aid treatment. "This means, they required more than one band aid," explained Mr. Toogood to much laughter in the audience. He noted that there were only 15 people rescued, about half the usual number who have to be pulled out of the pool in any one year. Disciplinary action was taken in respect to 48 children, while there were five cases of rowdiness outside the pool, none serious. Six bicycles were stolen from in front of the pool and there were 33 other cases of suspected theft in the dressing room, checking area or on the deck. Four children were caught stealing, plus 12 caught using season tickets not their own. These latter were expelled from the pool for the year.

Mr. Toogood mentioned briefly the special events which had taken place at the pool, a Red Cross movie in June, the Junior Swim Meet and the Annual Swim Meet (with 200 swimmers and 500 spectators) a staff party, a Swim Meet for Woodbridge, Pine Grove and Maple, something which was new this year, and a synchronized ballet to Sleeping Beauty, on September 1st.

A tribute was paid to the staff of the pool by Mr. Toogood, who stated that the new assistant manager, Bill McVicar, a physical education teacher at Thornhill High School, had handled his job readily and capably. Mr. Toogood also felt that the canteen department was well run, and the tuck shop capably handled, but felt that the counter staff had not shown as much initiative as usual. He felt that they should not ask to go on frequent holidays. At one point they had found themselves with only one boy on staff for a week when two to four were required.

**Filtered Pool**  
The water had been kept in exceptionally good condition this year, aided by the fact that the source of the water was changed, eliminating the large amount of iron which had been in the water from the deep well, half of the filter elements had been replaced, the use of the new tuck shop on an hour per day, plus two hours on Wednesdays and Saturdays, and the good job of picking up garbage, etc., by Mr. Simpkins. The Department of Health inspected and approved the tuck shop and checked the water seven times. Twice they found bacteria, in early July and in the middle of July. One of these checks showed an error by a somewhat inexperienced maintenance man and the problem was eventually solved. Algae did not become a problem until August, Mr. Toogood continued, aided by the cool temperature, and it was eradicated by the application of bluestone, four times.

In concluding, Mr. Toogood made several recommendations to the committee, and suggested

**AURORA** — Mayor James Murray who will seek re-election last week left for a trip to Rome, Athens and Tel Aviv. While abroad he will attend the international conferences of Mayors.

**WILLOWDALE** — The 30th Anniversary of the Girl Guides in Willowdale and the 50th year of guiding in Canada were observed jointly on October 16 at St. George's Anglican Church.

# Emergency Call! Pajevic Here— By December 16

Due possibly to the several delays in the arrival of Mrs. Pajevic and her two sons — the refugee family sponsored by the Thornhill United Church — interest in the project seems to have subsided somewhat. The committee in charge of furnishings, finds that they are still far short of their goal. A four room flat has been found for the family, but at last report a chesterfield and living room chairs, kitchen table and chairs and a gas stove were the only furnishings on hand. Still urgently required are a refrigerator, three beds and dressers.

The committee has collected dishes, cutlery, a toaster and an iron, but has no cooking utensils, no coffee pot and is even without a tea pot. Bedding has been received to the extent of two quilts and one pair of pillow slips, which doesn't even begin to fill the need in that department. As the floors in the flat rented for the Pajevics are not of the best, floor coverings would also be gratefully received, even a few scatter rugs.

While the committee does have a certain amount of money on hand, they would prefer not to spend this on furnishings, as the family may possibly require financial support for some time. A job has been lined up for Mrs. Pajevic but her income would probably not be enough to support three people, and until at least the older boy is employed, the family will have to be subsidized.

The children of Thornhill United Church Sunday School have taken up a collection to buy some essentials for the family, and at the Club and Scout Christmas party on December 13th, the boys are having a pantry shower for the family. On December 6th, the W. A. held their Christmas dinner at the Church and had as their guests the ladies of the W. M. S., all of whom brought foodstuffs for the Pajevics.

Now, just think of all the little incidental things this family will need, a broom, a mop, a duster, a hammer — how can you settle properly into a new house without a hammer — and how about a radio — this would add much to the cheer of their surroundings, and possibly help them to learn English as well.

Mrs. J. W. Lambert is the one to call if you can supply any of these things. Her number is AV. 5-2339. She is bubbling with plans for the Pajevics, but finds the competition with Christmas bazaars, parties and election campaigns hard going. She hopes to have a Christmas tree set up and decorated for the family when they arrive, but without curtains at the windows, or sheets on the beds even this would not be very cheering, do you think. Here is a challenge which the good people of Thornhill can not, and will not, fail to meet.

**Tennis Club Report**  
Mr. Percival reported that the tennis club, under the guidance of an executive consisting of himself, Dr. Peter Moore, Dolly Ketola and Jo Taylor, had had a successful season. Starting out with \$296.00 in the bank, they had collected \$453.00 from fees and at present had a balance of \$526.00 in the bank. This, he felt, should enable the club to instal lights on the other court. He also opined that the tennis club was the only activity of the A.R.C. that was self-sufficient, and that the badminton club was also solvent. There had been 35 senior and 45 junior members of the tennis club this year and instruction was provided for the juniors two mornings a week.

**Baseball Club**  
Mr. Reg. Allen gave a report on the Thornhill Baseball Club, which included 100 boys. Eighty-five per cent of these paid their \$1.00 entrance fee and the Club still had \$15.00 on hand although they still had a bill to pay for crests. Mr. Allen reported that they had had two house leagues, with four teams each, and a PeeWee and Bantam team. Their schedule had ended the first week in July, he noted, because they found it impossible to keep the teams together once school was out. The PeeWees had made the O.H.A. but unfortunately were out on the first round.

Mr. Allen mentioned with appreciation that the boys of the baseball club had been treated to a corn and wiener roast on September 1st by Joe Goodchilds and that the Lions Club had contributed a trophy for the PeeWees, and the A.R.C. the Bantam trophy. He also thanked them for the new backstop.

Mr. Allen added that the A.R.C. with regret, that he would be unable to continue to manage the ball club next season. The group was unable to corral anyone for this job at the meeting, and the matter of a new manager was left in abeyance until the first of the year.

**Election of Officers**  
With the resignation of the chairman, George Stratton, from the committee, and also that of Mr. Windsor, the treasurer, it was necessary to hold nominations for new members. After considerable discussion, during which Mr. Windsor agreed to fill out Mr. Stratton's other year, the committee was re-constituted as follows: Mrs. Jo Taylor, Dr. Peter Moore, Messrs. Paul Johnson, James Timmins, Jack Mavor, W. E. Windsor, Joe Loughren and Reg. Allen.

It should be mentioned that ever since the Thornhill Swimming Pool was built some ten years ago, a similar committee of eight volunteers has been responsible for its upkeep, operation and maintenance. This committee has also been responsible for the tennis, badminton and baseball clubs and for the maintenance of the ice clear pond during the winter. I venture to say that there is not a youngster in the village who has not availed himself of the privilege of using either one or the other of these facilities; and by the same token, would venture the guess that not more than one in ten of the parents of these same children realize that without the devotion and untiring work of the members of the A.R.C. none of these facilities would be available for their children. So hats off to a big job well done — and if at any time you feel that things could be improved in any way, come along and make yourself known to the A.R.C., they would be glad of your help.

And just as an indication of how well the A.R.C. does do things, at the close of the meeting, the entire audience was invited downstairs to the Stratton recreation room, to partake of some of the most delectable refreshments that have come the way of your reporter in quite some time. Ah me, this "the meeting closed with delicious refreshments" is just another occupational hazard — to the waistline, that is!

**SCHOMBERG** — Although this village's streets were patrolled by the firemen on Halloween three tractors disappeared from in front of a local garage. The three have been found.

**TEMPERANCEVILLE** — The local W. A. cleared a turkey-supper profit of some \$330, recently.

## Notice To Creditors and Others

In the Estate of Cyril Harcourt West late of S. S. No. 1 Richmond Hill, in the Township of Vaughan, Box Truck Repairman.

All persons having claims against the Estate of Cyril Harcourt West, late of S. S. No. 1 Richmond Hill, in the Township of Vaughan, deceased, who died on or about the 20th day of August, 1960, are required to file proof of their claims with the undersigned Administratrix, on or before the 14th day of December, 1960. After that date the Administratrix will proceed to distribute the estate, having regard only to the claims of which she shall then have had notice.

Dated at Willowdale this 1st day of November, 1960.  
Rose West, Administratrix,

**Bygones To Treasure**  
We all have friends who dote on old and beautiful things, so it is not surprising that a lot of Christmas shopping is being done these days in Penny Wise Antiques, Thornhill. Looking around at the large and varied assortment of fine furniture, china, silver, and glass in Mrs. Wilson's Yonge St. premises, we wondered aloud what her customers were most interested in at this season. "Jewelry," she said, pointing out the Victorian bracelets, brooches, and earrings; sterling servers and flat silver; horse brasses for the men; pine and maple for country home owners; and decorative pieces such as that quaint Staffordshire cottage china, or those old stoneware crocks, bottles, bowls and jars which were featured on the cover, and in an article, in the July issue of Canadian Homes and Gardens, and says that they are selling quickly.

**PENNY WISE ANTIQUES**  
8009 Yonge St., Thornhill AV. 5-2176

**Overnight Strong Box**  
Last week we watched workmen making an installation in the Canadian Bank of Commerce, Thornhill. "It's a night depository," explained manager Ian Messer, "for the convenience of customers who can't get in during banking hours, and don't want to keep receipts from shops, bazaars, churches, etc., on their premises. Wallets and envelopes slipped through those metal slots in the outside wall, chute in to a 3 ton safe of re-inforced steel, which in turn is covered with four tons of re-inforced concrete. Sounds like a fortress! This is just the most recent of a number of pleasant improvements that have been made in the bank during the past few months. The building has been painted inside and out, there is a new sign and entrance door, the office furniture has been refinished, and air conditioning, and the most modern lighting added." Mr. Messer now has a staff of nine. We remember when it numbered three, including the manager.

**THE CANADIAN BANK OF COMMERCE**

**Gifts Galore For Home Sewing**  
Creative hobbies are the best of all, and many women derive great satisfaction and enjoyment from making their own clothes. Such clever "luckies" would appreciate a blouse, skirt or dress length for Christmas. The Fabric Fair in Richmond Hill has an excellent selection of attractive silk, cotton and woolen materials, plus patterns, zippers and other sewing needs. Miss McLatchy also carries household linens by the yard, and drapery and curtain fabrics with the hooks and tapes for making them up.

**FABRIC FAIR**  
80 Yonge St. S., Richmond Hill TU. 4-1064

**Brightening Your Way — Lifting Your Spirits — Their Business For Many Years**  
Like many of the older families in Thornhill we have, for a number of years depended upon the Phinnemores to do our painting and decorating. One day we asked Vic Phinnemore how long the family had been in this business. "For seventy-three years," was the astonishing reply. We wanted to know more about such a wonderful record, and Vic told us that his grandfather, Jas. Phinnemore had come to Toronto from Cornwall, England as a young man. He was a school teacher, but in 1887 decided to go into painting and decorating for himself. Among his contracts were the present Union Station, when it was built; the locks of the Welland Canal; and work for Sir William Mulock. He also served for a time as an air Toronto City Councillor. James Phinnemore's son Herber H., worked with him until 1918 when he started in business for himself, moving to Newtonbrook in 1921. That year H. H. bought his first model T, and joined the Newtonbrook volunteer fire brigade whose only equipment was a horse on a two wheeled cart which could be hitched to the back of a car. As his three sons grew up H. H. Phinnemore took them into the firm, and since his retirement they have carried on with the help of about seven employees. Herbert H. Jr., and Victor and their families live on Elgin Street, Thornhill, and Roger in Newtonbrook. For a quarter of a century the Phinnemores have been painting and decorating Branksome Hall in Toronto, and during the past 42 years have gained many other regular customers throughout the Metropolitan area, Vaughan, Markham and King townships. Their trucks bear the slogan "H. H. Phinnemore and Sons Brighten Your Way". After Christmas many of us will feel the need of a bit of brightening for when cards and holiday trimmings have been taken down rooms seem bare and drab. Actually the winter is a good time for interior painting and paper hanging if you are fortunate enough to obtain the services of such quick, neat and efficient workmen as Phinnemores.
