Once again the biggest race of the year is scheduled to get under way on Saturday night. Santa Claus, a resident of the North Pole, is due to get under way in his race with the sun around the world in an attempt to visit every little child. The pace is terrific and rivals anything that the charioteers in Ben Hur could produce.

Just how this sprightly old competitor can keep popping up year after year is one of the major miracles of our time and his annual appearance causes more excitement than any other single event in this tired old world. His appearance presages the greatest Christian holiday in existence and, for one day at least, old enmities are forgotten or forgiven and even the Iron Curtain gets to look a little bit like chintz.

Mr. Claus and his weird crew have always answered the call to the post and for many, many years have been a sure bet to finish in first place. As in every year since we can remember our money is riding on the grand old man and whether or not psychiatricts like his chances and feel that he is messing up juvenile minds, we only hope he will be around for a great many more appearances.

Just exactly how the beautiful legend and fairy tale of Santa Claus can clobber up a young mind beyond redemption beats us. Learned men claim that upon learning that their parents have told them diabolical lies about Christmas, terrible harm is done to young minds. In a pig's eye it does!

The fondest childhood memories are about Christmas and Santa Claus and we didn't exactly feel gypped when we found that the merry old gentleman symbolized the whole beautiful Christmas legend.

How a symbol of universal hope can be condemned as evil beats us. Maybe Christmas has become somewhat commercial but it's only as commercial as any individual permits it to be. In the meanwhile we're going to carry on as before and ask hopefully for a few little items we'd dearly love to see come true. Hope Santa is listening.

We'd like to have Dynes Jewellers and Wimbridge Cleaners Softball Teams both win Ontario Softball Championships and it would be awfully nice if the Richmond Hill Indians can go all the way in the coming year and win a football championship. Would it be presumptuous to ask for a Stanley Cup for the Leafs and a Grey Cup for Argos?

We'd love a municipal swimming pool for Richmond Hill and maybe even a running track to develop our fine track and field potential. It seems like a lot of things to want all at once, but we always operated on the theory that "them as don't ask, don't get" - so we are asking.

Let's hope the bewiskered old gentleman can deliver some or all of these fine gifts and make a lot of people happy. In the meantime here's a wish for the best Christmas you ever had for you and yours from all of us. It's been a good year, but we forgot to ask for the most important gift of all - a little bit more understanding - each of the other, and all tensions and grievances will be forgotten - both at home and on the international scene.

God bless each and everyone of you and whatever your fondest wish, may it be granted.

- SPORT SPOTS -

We just got confirmation from Del. Madely, coach of the Richmond Hill Indians - football type Indians that the star quarterback of the team has received a signal and much deserved honour, The Rowntree Trophy, awarded to the most valuable player in the Metro Football League. The winner is Ian McIntosh.

As a football player, Ian does nothing well, only superlatively. He is as cool a field general as you'll ever of the best nights he has enjoyed wart, Pat Allen, William Gow, have the pleasure of seeing in action and is a real takecharge quarterback. As a ball handler, he has no peers in the league and can fake and bootleg with the best of

In the pass department he has a very enviable record both as a passer and a receiver with a sure pair of hands. He kicks when called upon and gets off some beautiful towering punts and in addition to this drops back to safety on defence and returns punts like Ron Stewart. He can block, tackle and, if necessary do a man job with a water bucket. You'd wonder how a guy with these qualifications won an award, wouldn't you?

It's a fine tribute to a good football player but it will serve to give the while team a lift. Richmond Hill is now on the football map around the BIG TOWN for sure and maybe we'll see the odd scout hanging around next year. Some of the boys are really that good.
