Mission Sunday, April 30 St. Mary's Anglican Church

REV. M. C. ROBINSON
St. Mary's Anglican Church will be emphasizing Missions next Sunday.

Sunday, April 30th, when the special preacher at all services will be the Rev. Morse C. Robinson, B.A., B.D., Assistant Secretary of the Missionary Society of the Anglican Church of Canada. He will show a film to the combined Church School at 9:30 a.m. and will hold an informal discussion with the young people of the Parish after Evensong. The subject of his sermon will be "The Living Edge."

Mr. Robinson is graduate of Bishop's University, Lennoxville, Quebec, and was ordained in the Niagara Diocese in 1943. He was Rector of St. James', Hamilton, from 1948 until 1954 and St. George's, London, from 1954 to 1960 when he came to his present post. His special responsibilities lie in the work of mission education and arranging itineraries for missionary speakers. He assists Canon Davis, General Secretary of MSCC, in other aspects of mission work in Canada.

Three-Car Crash \$750 In Damages

A three-vehicle crash at Maple Sideroad and Yonge Street at 3:55 p.m. Tuesday resulted in total damages of about \$750, but there were no injuries. Police said that one of the cars, driven by D. Dribbling, 18, of R. R. 2, Gormley, was going south and making a left hand turn while a truck, driven by Howard Sedore, 25, of Brown Hill was going north when the vehicles collided, causing the truck to strike a car driven by E. Redelmeier of Don Head Farms. The investigation continues.

Elmer Flag Is Lowered After School Accident

The Elmer Flag at the Beverley Acres Public School will stay lowered for one month starting last Wednesday, when six-year-old Ian Christie, son of Mr. and Mrs. Lindsay Christie, 220 Browndale Crescent, ran into a vehicle opposite 309 South Taylor Mills Drive at 6 p.m.

Police say that fortunately the car involved, driven by Gerald Blanchard, 33, of 261 Bluegrass, was moving at a slow rate and was able to brake to a halt before any serious injury could result to the lad. As it was, he came out of the mishap with abrasions to the head and face.

No blame was attached to the driver. The boy darted out of a driveway into the side of the vehicle.

AIR FILTERS & GAS MILEAGE

A few drivers will be spending some wise money on needed engine tune-ups this Spring and then throwing away most of the benefits by balking at the few dollars for the cost of a clean carburetor air filter.

Manufacturers' studies show 18 pounds of air to 1 pound of gasoline is required at summer temperature if the carburetor mixture is to get the most energy possible out of the fuel. This is approximately 2,000 cubic feet (enough to fill a room 20' x 10' x 10') for every gallon of gas in a 6 cylinder engine at 60 MPH.

When your air filter becomes clogged from road grime, it means simply that your carburetor is not getting the required air it was designed to get. The result is that the gasoline-air mixture becomes unnecessarily rich in fuel. This in turn reduces power and economy.

Recent engineering tests on two V-8 engines in a 1959 Mercury car and a 1957 Plymouth with clean and clogged air filters showed a miles-per-gallon gain of 3.6 MPG for the Mercury and 2.4 MPG for the Plymouth with a clean filter over a clogged one.

Recommended changes for air filters vary from model to model — usually every ten to twenty thousand miles — but these figures can be altered drastically if you drive frequently over dusty roads.

If you have your car serviced regularly at our shop, your air cleaner will be inspected as a matter of course. If it needs changing, we will recommend it to you.

Procrastination Said Delaying Development

Cannot Afford To Put Paper Curtain Round Town Mayor Haggart Tells Down-town Business People

Nine facilities are required if Richmond Hill is to become a self-sufficient industrial centre, Mayor James Haggart told members of the Richmond Hill Business and Professional Association on Tuesday, when they held a dinner meeting at the Richmond Grill. And, he said "We cannot afford to build a paper curtain around Richmond Hill."

Other speakers were Chairman Sam Cook of the Richmond Hill Hydro-Electric Commission, and Bill Brady of CJRH radio station. Mr. Cook spoke of the beneficial effect of industry on the power situation. One industrial firm, he said, was spending \$5,000 a month for power. Increased industrial use would help reduce the present heavy debt charges. He reviewed the steps which had been taken, at the request of down-town business men, in plotting the redevelopment of Yonge Street by relocating unsightly wires and poles.

Mr. Brady, spark-plug of the "Call Me Madam" program on CJRH, delivered a humorous address, his first in Richmond Hill.

Councillors Guests
Members of town council were guests of the business men, together with town officials. Industrial Commissioner Robert Langford and Hydro Commissioner Wm. Wagner were also present.

Following the speakers, a quiz program gave association members an opportunity to question council members on various phases of municipal affairs. In a good-humoured, give-and-take, exchange a panel made up of Mayor Haggart, Reeve Floyd Perkins, Deputy Reeve John Bradstock, Councillors Tom Broadhurst, and Howard Whillans handed out information and opinions on civic

all know, and it's no secret, that school costs and other factors are going to increase our taxes this year. We should all realize that if we stand still, if we do not find additional new assessment this year, you can expect a repeat performance next year."

Must Encourage Investors
Four million dollars in new assessment was needed to prevent a tax increase next year, said Mayor Haggart. "It is within our reach," he said, "if we go after it by removing bans - restrictions and attitudes that prevent it from taking place - if we encourage investors to come into Richmond Hill by displaying our confidence in the future by preparing for a transformation of this town from a dormitory municipality to an industrial centre."

"We already have a million of it," he continued, "if we allow the proposed apartment projects to go ahead. I have tried my best by appearing before the Planning Board three times now but unfortunately no decision has been made despite the fact that negotiations have been taking place for many months."

Apartment Important
Asserting that apartment buildings were a vital necessity, Mayor Haggart pointed out that the pattern of living is changing. "There is right now a great demand in Richmond Hill for bachelor and single bedroom apartments," he said. Successful industrialization of the town would increase the demand. "We have here the opportunity to do some real good by loosening the restrictions contained in our by-laws to encourage the redevelopment of older and deteriorating assessment areas. We can do this without increasing the school problem," he declared.

"Now let's look at the urgency of getting a sensible program under way," said the Mayor. "We

Tax Revenue \$30,000
"I tell you tonight publicly what I told the Planning Board last Tuesday - and that is that the procrastination in coming up with a solution to the redevelopment of the Hurlburt property at Centre and Elizabeth Streets is holding up major redevelopment project on Yonge Street. The total additional tax revenue on these two projects combined represents well over \$30,000 a year. "If our by-laws do not permit the orderly development of Richmond Hill let's change them fast.... We cannot afford to build a paper curtain around Richmond Hill.... these problems can be worked out but we must roll up our sleeves and get down to the business of doing it - or it's going to be too late. Remember that an industry only locates once and we have to be ready for it when it moves - the day after is no good," said the Mayor.

Speakers and the members of the town council panel were thanked by John Graham, Chairman of the gathering was President F. J. Picking.

Helicopter Might Carry Passengers At May 20th Fair

The Jersey entries at the Richmond Hill Agricultural Show are increasing to the point where it is becoming one of the leading Jersey shows in Ontario, William Neal Jr. told "The Liberal" this week. One hundred and thirty animals were entered last year, he said, and it was anticipated that there would be many more this year. The show is scheduled for Saturday, May 20.

Ponies, also, were being shown more, he said. Quite a big call was developing for the horse's "small cousin" and consequently interest in them at shows was increasing.

Nothing had been confirmed, he also said, but there was a possibility that a helicopter would be at the Richmond Hill event this year and would carry passengers. Clearance with authorities had not been arranged but was being worked on.
