BOWLING NOTES

(Continued from page 9)
 hit for 424. Marion Blanchard of Turner Taxi helped the Cabbie cause with a 423 triple.
 Ed Patterson of Turner Taxi came up with a 540 for three and a booming 218 single. Garrett Richardson rolled a 513 trio for Bunstons, Cyril Ellis of Richmond Hill Hardware scored 507 and Ted Wilson of Pirri's Fruit Market, came up with a 506 effort.

Thursday Afternoon League
 After one week's play-off action, the Tail Enders, captained by Ida Madill, are leading the championship race. The Tail Enders are only 9 pins ahead of the Lucky Strikes and the league championship hinges on the results of the final day's play.

In consolation play Les Mc Donald's Alley Cats are leading Gertrude Bradley's Alley Oops by a very comfortable 121 pin margin. Gladys Rogers was the winner of the cup and saucer, Ellen Parrett was the big marksman of the afternoon with a big 676 triple (242-234-200). Muriel Steven finished with 658 and recorded the high single with a 258 count. Jean Nugent rolled a 648 helped along by a 253 single. Other high single games were a 244 rolled by Eileen Craine, Audrey Harris with a 232 and Jean Holby with 221.

All Star Bowling
 Bill Kirk became the first bowler to win the men's all star tournament at Allencourt Lanes three times in a row. Challenger Stan Shadoff ran into all the bad luck possible as he struck head-pins, splits, aces and choppers from frame to frame.
 Champion Bill Kirk had his own troubles and was fighting the bad luck jinx throughout the piece. Kirk rolled a total of 1156 pins for his five game stretch and unsuccessful challenger Stan Shadoff came up with a 1068 effort.
 Norm Heintzman received an award for rolling the high single game in the qualifying round with a very nifty 376 effort. This is the last all-star bowling for this season and Bill Kirk will be coming back as champion when matches resume in the fall.

Newmarket Manufacturers Life Challenge Match
 A team from the Odeon Bowl at Newmarket bowled the first game of a two game challenge match at Allencourt Lanes last Sunday. The opposition was a red hot Manufacturers Life team and we do mean hot, as the insurance squad bowled a 6576 total for five games. The fifth game of the match saw the Manufacturers' team roll a total of 1575 pins to make a rout of the match as Newmarket finished with a total of 5848 pins.
 The second half of the match will be rolled at the Odeon Bowl in Newmarket and the Manufacturers Life team should be odds-on favourites to repeat the win. Team members are Bill Jackson, Bill Jones, Bob Weeks, Art McGeechie, Al Richardson and Arne Skretteberg. Bill Jones had a total of 1395 pins for five games and Bill Jackson finished with a total of 1383.
 Jimmy Hoult of Richmond Hill went to O'Connor Bowl complete with fan club members and became the new TV champ of 5-pin bowling. James enjoyed a good three game series and was given solid vocal encouragement by his entourage of fan club members. Just wait until next Saturday when Mr. Hoult puts his title up for grabs and see how many fan club members are present complete with banner. At the moment there is talk of chartering a bus to transport fans to the contest. Fred Sgambatti never worked a match like this one promises to be.

ABC 60 Ball Tournament
 Henry Knuckey paced 38 bowlers and won first prize money by finishing with a total of 864 pins. Close behind, and winning place money was Mabel Haviland at the 851 mark, while third spot went to Tommy Lemperg with 725 even.
 No bowler won the six strike jacket and next week this pot will be worth just twice as much. It should be really worthwhile going for.

ABC Major
 Davis and Day won the final series, ending with 78 points on the board. Second spot went to ABC No. 3 with 72 points and Hall's Fuel Oils were third with 70 points. Risi Stone ended up in fourth position with 63 points, and ABC No. 1 and Turnbull Groceries tied at the 62 point level. These six teams are all qualified for play-off action that gets under way tomorrow night.
 King for the week was Bruce Hopper with a trio of 822. Court members were Keith Jamieson 796, Bill Hutchinson 791, Arny Gaglione 782, Arne Skretteberg 779 and Bill Jones 765.
 High three flat honours for the season went to Frank Munroe with a very fancy 901 while Norm Bowen took high three with handicap by rolling a 907 total. The high single game without handicap went to Henry Knuckey with a fantastic 415 and high single with handicap was won by Bob Hudson with his 395 total.
 As was expected Bimbo Paolone was the high man in averages, finishing with a 241 and Tim Saul rolled an average game of 233 pins. Henry Knuckey and Arne Skretteberg were tied with 232 averages with Norm Thomas at the 230 mark and Bill Jones with a 229 average game.

New De Puisaye Settlement Signs Recall Day Of Pioneer Frenchmen

"What is the De Puisaye Settlement?" a number of local residents have asked "The Liberal" following the erection of signs on Yonge Street at Jefferson pointing towards an area east of Yonge Street in that vicinity.
 The comparatively unknown settlement has been described on several occasions by "The Liberal's" News Editor F. J. Picking in articles in the newspaper and on the air. It was established in 1798 following the French Revolution. Escapees from the revolutionists who had managed to escape to England included Roman Catholic priests and many nobles. Their maintenance in England, where a special tax was levied to provide for their upkeep, became a problem.

Markham Council Queries Revenue Left By Hunters
 Information on the revenue derived from the sale of licences in the township will guide members of Markham Township Council at their meeting next week, when they will reach a decision as to the number of young pheasants they will purchase this year.

After calling for tenders for the 1961 supply of the birds, councillors learned that the Department of Lands and Forests would like them to handle birds up to sixteen weeks of age.

Deputy Reeve Lawson Mumberson questioned the wisdom of the suggestion. The cost of raising birds, most of which would never reach the hunting stage, was considerable.

Council received three tenders for pheasant poult, with the most favourable price running around \$1 each at ten weeks. The average amount of revenue from both resident and non-resident hunters accruing to the township is to be ascertained before a decision is made.

STOUFFVILLE — Some \$8,000 has been contributed to the United Church Missionary Fund.

MARKHAM — Pioneer Village will open May 20 this year. Last year some 8,000 students alone visited the village.

A Count In Charge
 General Joseph Genevieve, Comte De Puisaye, was in charge of the expedition, most of whose members were former French officers of high rank and aristocrats who had escaped the guillotine. They were first lodged at Kingston. Heading an expedition of fifteen men, De Puisaye set off to examine the area chosen for his settlement. The survey of the township, called Windham, was completed in January, 1799. The Frenchmen began cutting logs and building cabins. De Puisaye decided that the location was an unsuitable one and advised authorities that the roads in the area "would be unfit for vehicles for ages to come." He took no further part in the Yonge Street adventure and, after living at Niagara, returned to England in 1803.

Remainder Failed
 The soft-handed French aristocrats who were left behind led a miserable life. Completely unused to physical labour, soft in every way, they were totally unfitted to meet the challenge of pioneering.

Car On Roadside Can Bring Grief In Markham Twp.

When in Markham township, beware of an innocent-looking black car sitting beside the road, that is, if you are the type who exceeds the speed limit.
 There won't be one of those black boxes sitting a few feet away from it to betray the fact that a radar speed trap is in operation. Instead, a barely noticeable contraption, circular in shape and mounted up near the top of the door, is doing the dirty work. Boiled down, it amounts to this. Markham township, a short time ago, decided to purchase the new type radar speed indicator for the local gendarmerie. It is now in operation. It's a double-dealing sneak. By simply turning the indicator around the policeman in the car can register the speed of a car which is coming towards him or which is coming up from the rear.

It can pick up a car five or six hundred feet away or a truck at a considerably greater distance. And, not having to pick up cables and boxes from the roadside, the policeman in the car can make an instantaneous getaway.
