**Canadian Samoyed Club Holds Show  
Dogs From Wide Area Are Entrants**

For the first time in its history the Canadian Samoyed Club held an independent show of its own, the location being the Farmers Market at Thornhill. Heretofore the club has held its shows in connection with larger functions such as the Sportsmen's Show and other events at the Exhibition. The show was a successful one with exhibitors from a wide district being present. Dogs from Hamilton, New York state, and other distant points were exhibited. Owner of the New York animal bore the historic name of John Quincy Adams.

Winner of the Best of Breed Trophy, presented by Miss Patricia Howden of Gormley, charter member of the club and recognized Canadian authority on the

The Canadian Samoyed Club, formed in 1957, now has a worldwide membership of 116 breeders, including owners in Australia, New Zealand and the British Isles.

**Foster Sisters  
Semi-Finalists  
Sun. Evening**

April 30 will be a big day for the three "Singing Foster Sisters" of Nashville when they enter the Ken Sobel Amateur Hour semi-finals at Hamilton, where they will appear on Channel 11 between 6-6:30 p.m.

The winsome trio, Marlene, 16, Joyce, 14, and Carol, 13, the daughters of Mr. and Mrs. George Foster, won their opening contest on April 2. That was one of seven such contests, with entrants from various parts of Canada.

A win this Sunday, April 30, means they will go into the finals which take place on May 14, also over Channel 11, at Hamilton.

Mrs. Foster told "The Liberal" the girls are pretty excited and practicing hard for the crucial semi-finals.

Winner or winners will be decided by the voting public. At this stage of the game it appears that the Foster girls will draw plenty of support from district viewer-voters.

**CHEVROLET INDEPENDENT FRONT TRUCKS**  
SUSPENSION  
**ARE BIGGER SAVERS BECAUSE THEY'RE SMOOTHER RIDERS**

**smoother because...**

In pickups, middleweights or heavy-duty tandems, there's a Chevy Independent Front Suspension truck to save you time and money. A truck that works harder, rides smoother and lasts longer! And here's the reason why...

**I-BEAM TYPE FRONT AXLE.** A stiffbeam design that transmits road shock right through the truck.

**CHEVY INDEPENDENT FRONT SUSPENSION.** Wheels flex independently, minimize wear and tear.

**easier on the driver**

Independent Front Suspension cuts road shock and vibration before they can reach the cab and driver. He's relaxed, comfortable, able to do more work in a day.

**easier on the load**

Chevy's Independent Front Suspension protects valuable payloads, and owner reports prove it. You can take a fragile cargo over the roughest roads with far less worry about costly damage.

**easier on the truck**

Less wear and tear on the truck's body and sheet metal makes for lower upkeep and longer truck life.
