CUB and SCOUT NEWS

1st Beverley Acres Scout Troop

The recent visit of the 1st Beverley Acres Scout Troop to Oxtreall Scout Camp at Hookley, near Orangeville, was both productive and enjoyable. The primary object of this two-day stay at the camp was a "working bee" — to repair and insulate one of the cabins to accommodate 27 — and at the same time to provide practical experience that would assist certain badgers in obtaining some badges.

The group comprised scouts headed by Scoutmaster Norman Foster, Assistant S. M. Gordon Graham, together with chairmen and executives Joe Derrick, Hugh Hemphill, Jack Chapman and Harry Whittaker. In between the work sessions, games were played, including a fast game of base-

ball. Hot meals were cooked by the group — all hands pitching in — with Mr. Harry Whittaker as head chef, and the freshly cooked roast beef was pronounced as "the finest", also were the baked potatoes, vegetables, and hot rolls.

Kaa Pack - 1st Bev. Acres Cubs

With 100% attendance, the Kaa Pack of the 1st Beverley Acres Cubs held its regular meeting in the Beverley Acres School auditorium, the evening being devoted to passing tests and games, under the leadership of Akela Tom Carney and Baloo Joan Robb. Barry Clattenburg was presented with his first star. The meeting was closed by the "Grand Howl" with all Cubs joining in.

Mrs. Fred C. Jackson Y.W.C.A. Delegate American Episcopal Meet

To the five day conference, April 30 to May 5, held at Green Bay, Wisconsin, U.S.A., convened by the National Council of the Episcopal Church of America, delegates have been invited from all denominations, all branches of Christian work, and social agencies. Mrs. Fred C. Jackson of Richmond Hill is delegate from the National Y.W.C.A. of Canada. This conference is really a "North American Conference on Christian Family Life" - the discussion leaders are man and wife, both doctors, Dr. Sylvanus and Dr. Evelyn Duval, authors of books on family life, medical and psychiatric. The aim of the conference is to find out how the churches and social agencies may help families in the stresses of modern living, due to sociological and technological changes.

Family members, not only young people, are questioning the traditional pattern of belief and behaviour, asking newer and deeper forms of expression. In order to minister to the families more adequately, the Church needs to study and to do certain things, and these are discussed and worked on at the conference, such subjects as:

- (1) To clarify and explain our understanding of the fundamental nature of marriage and family life; (2) To understand the sociological and psychological factors affecting the formation of marriage and family; (3) To develop the Christian ethics of sexual behaviour and to answer questions on this in a persuasive and understanding manner; (4) To provide clarification of the modern aspects of newer developments in family planning; (5) To strengthen the ministry of families as an integral task of the ministry of the Church through better trained leadership and stronger programmes of family life, education and counselling.

Signed written submissions on this application will be received by me at this office prior to the hearing.

Music Theory & History Club Fair Will Have Many Attractive Events

There will be composer sections, musical games (musical wheels and darts), musical instruments on display, booths dealing with a variety of things, the sale of taffy and other sweets, as well as charming aprons with musical decorations. There'll be weight guessing, basketball games, plenty of prizes and a draw.

Water Protection Seen Urgent Township Need

A water-protective measure will be undertaken by Vaughan Township. On May 1, council agreed with its Waterworks Committee that representation be made to the Ontario Water Resources Commission for clarification of a recent amendment to the statutes regulating the amount of water that may be taken from any individual well without the consent of the commission. Said Waterworks Committee Chairman Ruth McConkey: "Well-water supplies in Vaughan are certainly not unlimited in quantity and the purpose of our move is simply to regulate the existing supply to take care of everyone's legitimate needs."

At the same time, the Waterworks Superintendent was authorized to arrange for the necessary contract and the installation of a water service for the golf driving range in Lot 41, Concession 1, Markham Township. This will be in accordance with the approved non-resident water service policy and the cost of the installation will be borne by Markham.

Vaughan Pressing OMB For Hearing On Zoning By-law

Vaughan Township is pressing the Ontario Municipal Board to set a date for a hearing on the township's Official Plan, during the week of June 12th to 16th. This decision, reached April 1, resulted from forgetfulness or indifference or sheer business on the part of the O.M.B. "This Official Plan of ours threatens to drag on forever," grumbled Deputy-reeve Jesse Bryson. "We're getting sort of tired having to sidetrack the issue and get the O.M.B. off the hook." A series of public meetings will also be scheduled to give interested ratepayers ample opportunity to ask questions about the plan and the Zoning By-law.

Council has asked the Municipal Planning Consultants Co. Limited, to prepare a "composite" zoning map, a copy of which will be available for every taxpayer.

To Hold "Friendship Tea" On Saturday, May 13

Ladies of the community are invited to a "Friendship Tea" to be held Saturday afternoon, May 13, under the auspices of the Y.W.C.A. Neighbourhood Groups in Richmond Hill. Mrs. Harry Endean, Bayview Avenue North, will open her home for the occasion, which marks the first time local Y.W. groups have pooled their efforts in a fund-raising activity.

For many months now a "Y" sponsored program for young mothers and housewives has been flourishing in Richmond Hill. It started with the formation in 1959 of the Beverley Acres "Take-A-Break" committee. Similar groups were soon formed in other subdivisions and the following now meet regularly: Beverley Acres, East Elmwood, Richmond Area, Walter Scott and Pleasantville. The meetings, where activities include physical exercise, crafts and discussion groups, are designed for young women tied by their home responsibilities and with limited opportunity to pursue their interests and use their leisure time creatively. Its rapid expansion in Richmond Hill is an indication that the present program meets the needs of the young women and is valuable community service.

Responsible for the co-ordination and guidance of the neighbourhood groups is Mrs. Fred C. Jackson, local executive director of Y.W.C.A. activities in this area, who is assisted by an Advisory Council headed by Mrs. Dickson Miller.

Tickets for the tea, which will be held from 3 to 5.30 p.m. are fifty cents and may be obtained from any member of the Y.W.C.A. neighbourhood groups. Mrs. Endean, herself a former national vice-president of the Y.W.C.A., will convene the event. Her committee includes Mrs. Jackson, Mrs. Miller, Mrs. Eunice Sorenson, Mrs. Jean Nugent, Mrs. Daphne Straighman, Mrs. Adele

Vaughan & Hill Reject Jr. University Scheme Proposed By North Bay

Vaughan Township has declined to back a resolution by the city of North Bay recommending that the Ontario Department of Education grant permission to larger municipalities, in which a high school or collegiate now exist, to set up a junior university to teach two years of certain courses.

The North Bay resolution suggests that the cost for such an institution be levied on the rateable property in the municipality. A special municipal Board of Education, to be organized for such university purposes, would also be empowered to pay the tuition of any qualified student to any university of his or her choice.

Finally, North Bay recommends that all Ontario municipalities not having a junior university be required to raise money to assist any qualified student who wishes to attend a university, and assist the nearest junior universities.

Such duties would be part of the Senior Local Schools Board. While Vaughan Township Council agreed that a university education is both necessary and desirable by a large segment of the school population, it was obviously felt that the present educational structure should not be tampered with without a long, hard look at all the aspects. Council's refusal to back the North Bay resolution occurred at the regular meeting of township councillors May 1.

Richmond Hill town council, examining the same resolution on Monday, ordered it filed.
