

Town Buys New Front End Loader

The piece of equipment pictured above will save Richmond Hill taxpayers a considerable amount of money, claims Otto Whalen, the town's Commissioner of Works. In addition, he says, it will obviate delays with which his department has been plagued in the past. Here's the way he figures it - and on the surface his figuring makes good horse-sense.

In the past, if a break has occurred in a watermain, it has been necessary to rent a machine from an outside contractor. Beside the rental charge - and that could run up to \$12 an hour - there has been the problem of getting a machine when needed. Obviously, the type of contractor who would own a machine such as this one, is after all the big jobs he can get. If he's working on one of them, he's understandably a bit reluctant to leave it for what might be one or two hours of work at Richmond Hill. It's worth remembering, too, that such machines are rented on a "portal to portal" basis. That is to say, if the equipment is in Toronto, rental starts when the machine leaves there and ends when it's bedded down at home again. Following Otto Whalen's way, now that the town owns the piece of equipment the job will be done then and there. The amount saved in rental will go towards paying for the new machine. The same type of argument, of course, applies to work on sewers.

Can Do Many Jobs

cluded are those such as work on the shoulders of roads, grading, excavating, backfilling, cuts for watermain and sewer installations. Snow-plowing is another job the machine will handle. Its side dump action is important for this. Because of its snow can be easily loaded into trucks without a lot of "backing and filling" to delay traffic.

Already the equipment has proved its usefulness. After it had been in operation only four days it had helped with the installation of three water and sewer connections and had been used in the repair of three broken water-main connections. Incidentally, every job is charged out to the department for which the work was done in order to maintain good accounting practices. For instance, with Richmond Hill's new Parks Board now swinging into operation, the new mechanism will no doubt be used to a considerable extent by that body. Time the machine is working will be a charge against the board's annual budget.

Cost Plenty - But . . .
The technical description of the new piece of town equipment is "Caterpillar 992 front end loader with cab." It's an 85 h.p. contraption, with its bucket picking up one and a quarter cubic yards at a bite. It has a 24" wide back hoe as well.

It cost \$21,016. That amount was lessened by \$2,000 trade-in allowance on the Ferguson tractor, which had seen good service and, according to Mr. Whalen, more than earned its keep. Besides having earned honourable retirement, it had become too light for today's jobs, he said. The new machine is reckoned to be good for an eight-year life at the very least. Illustrating the difference between old and new equipment, the town's works commissioner says that his new "pride and joy" will dig down twelve feet.

Shown on the machine is Bob Appleton, operator, while below,

from the left, are Dick Yule, assistant foreman, Mayor James Haggart, Works Commissioner Otto S. Whalen, Reeve Floyd Perkins, works committee chairman, Foreman John Guppy and Councillor Al White. The other member of the works committee is Deputy-reeve John Bradstock, vice-chairman.

'Mums Are Setting For Nuptials

White and mauve 'mums decorated St. Paul's United Church, Saturday, June 10 at 4 p.m., for the marriage of Carol A. Hirtz and Robert Beaver, both of Preston.

The bride is the daughter of Mr. and Mrs. John T. Hirtz, 267 Carrville Rd., Richvale, Ontario. Mr. and Mrs. Maurice Beaver, 327 Margaret St., are the groom's parents.

The Rev. Arthur Waters officiated at the double ring ceremony. Church organist, Duncan Addison, played traditional wedding music and accompanied the soloist, Miss Shirley Turner, Reg. N., of Guelph.

Given in marriage by her father, the bride chose a full-length dress of white silk organza with a jewelled booteque neckline, lily point sleeves, and a bouffant skirt trimmed with seed pearls to match the neckline. Her three-tiered, hand rolled, illusion veil was caught to a seed pearl and sequin crown. She carried a cascade of mauve hybrid orchids with stephanotis and ivy foliage. Matron of honour, Mrs. Helen Tozer of Toronto, sister of the bride, and bridesmaids Miss Margaret Beaver of Preston, sister of the groom, Mrs. Dorothy Corbett, Reg. N., of Galt, and Mrs. Virginia Miller, Reg. N., of Preston, wore dresses of lilac organza, featuring street-length full skirts, scoop necklines and flared short sleeves. They wore white picture hats, white gloves and shoes, and carried bouquets of white carnations with white satin tubing.

Maurice Beaver of Toronto, brother of the groom, was groomsmen, while Albert Beaver of Preston, brother of the groom, Kenneth Hirtz of Richvale and Richard Miller of Preston, ushered.

The Iroquois Hotel, Galt, was the setting for a reception. For her daughter's wedding,

Mrs. Hirtz chose a bone white, green and beige silk sheath dress with matching jacket. She wore a white picture hat, white accessories, and a gardenia corsage.

Mrs. Beaver wore a beige silk sheath dress with matching jacket, a yellow and beige flowered hat, brown accessories, and a corsage of yellow roses.

For a wedding trip to Ottawa and the Eastern United States, the bride travelled in a brown and beige sheath dress with matching jacket. A beige hat and gloves, brown accessories, and a gardenia corsage completed her ensemble.

Mr. and Mrs. Beaver will reside in Preston.

The bride is a graduate of South Waterloo Memorial Hospital, Galt.

Out of town guests were present from Richmond Hill, Brighton, Hamilton, Toronto, Kitchener and Georgetown.

Planning Consultant Looks Over Industry

A tour of Richmond Hill's industrial area was made last week by Mayor James Haggart, Industrial Commissioner R. J. Langford and Gordon Culham, planning consultant.

Purpose of the tour was to acquaint Mr. Culham with the general industrial situation in town, plus possibilities of future expansion, so that the planning and zoning aspect could be brought into the picture satisfactorily.

At the time of the tour Mr. Culham was negotiating with the town planning board regarding a special survey to be made covering the industrial area and possibilities. Purpose of the trip was to give him an opportunity to evaluate the project so that final arrangements could be made with the planning board.

Temperanceville

Correspondent
Mrs. Milton Wells
R.R. 3 King - PR. 3-5239

All the grade 8 pupils of Temperanceville School were successful, under the teaching of Principal John Gillham, in graduating to High School. They were Sharon Palmer, Janey Walker, Elaine Paxton, Donna Zaiser, Ricky Routledge, Wayne Boyce, Bill Thompson, Nicky Henshaw, Chuck Jay and Jim Kinnear.

As a climax to the year, Mr. Gillham, Mrs. Blackburn and Miss Simms took the Temperanceville pupils to Musselman's Lake for a picnic.

Beautiful Gardens

The gardens of Mr. and Mrs. B. G. Palmer of Temperanceville, where so many persons spent a few hours admiring the delicate colouring of over 270 different varieties of iris, is still a rainbow of beauty and delicate perfume. Just drive along the second concession south of Temperanceville United Church and drop in.

The Palmers' gardens are a result of years of hard work and constant care and search for new varieties to add to their ever-growing number of outstanding iris with names too numerous to remember, yet each variety can be named by the owners.

Each month of spring, summer and fall brings its array of beauty to the Palmers acreage but the iris are their speciality, with peonies dotted among them at the present time.

Another lover of iris is Mrs. C. F. W. Burns, Kingfield Farms, on the same concession, farther south. Here the original yellow Siberian iris grow in profusion among the weeping willows planted by Mrs. Burns.

Mrs. Palmer has given or sold iris roots to a number of persons in this vicinity and because of her generosity many local flower lovers have several beautiful types of iris blooming.

Over 200 paid admission to the dance held by the Lions at Kingfield Farm when the owners gave the use of the spotless hayloft for their annual money making event. The youngest teenager to the oldest guest enjoyed the old time music and square and modern dancing. Many new faces were seen as this yearly event has become increasingly popular.

Mrs. M. C. Barton of Sulton Hoo Estate in Suffolk, England, who purchased Count Idean Dividend, son of Bridge Lea Reflection Idean, Grand Champion Holstein female at the Royal Winter Fair, Toronto, can be proud of such an outstanding beast. Former owner was R. R. Dennis of Oak Ridge Farms, whose herd of Holstein cattle is one of the best to be found anywhere.

Sympathy is extended to all relatives of the late Mr. W. Barker, whose funeral took place on Monday from King United Church.

Arnold Winters, George Darrah, Milton Wells and Charlie But attended the Peel Twilight meeting held at the Jack Houck Farm, Brampton, recently.

Pea Plant Begins Seasonal Hiring Expects To Process Some 200 Tons

W. G. Seales Ltd. Food Packers, who operate 'The Hill's' widely known pea factory, today began the hiring of between 50 and 60 seasonal workers who in the next three weeks will handle about 400,000 lbs. of peas, or 200 tons of the delectable vegetable.

President Bert Twiddy said the pea crop this year looks excellent, adding that the 200 tons starting to come in to the plant are from Vaughan and Markham Townships farms only.

The pea crop will be delivered by truck to the vinery where it will be threshed and weighed and then conveyed to the plant. Here the peas are washed, blanched, again washed, then sent through an ice bath before ending up on the picking tables where remnants of foreign objects are cleared, and then boxed.

The boxed peas are shipped immediately to a cold storage plant in Toronto from whence they are picked up by wholesalers, eventually ending up in stores, private homes and restaurants. Mr. Twiddy said the company services many private clients who order on an average 50 lbs. each. He points out that the average Canadian consumes about 12 lbs. annually. "In cold storage peas keep indefinitely," he said, "and never lose their distinctive flavour."

The factory has been operating 17 years and has become an industrial landmark in 'The Hill'. Mr. Twiddy said that it is hoped to handle corn within the next year or two.

While most of the crop will grace Ontario tables, he said a portion of it will show up in various parts of Canada outside the province. "Vaughan and Markham Townships enjoy an enviable reputation among wholesalers for their peas," said Mr.

Twiddy. There apparently is no difficulty in selling every last ounce of the produce.

June 28 Storm Strikes Whitchurch's Southern Roads System & Bridge

Whitchurch township reported this week that its road system in the southern half of the township, Concession 6 and 7 and sideroads, took quite a beating from the localized cloudburst on June 28. The wooden bridge on a sideroad below Ballantrae off Highway 48 was knocked out, while the storm dumped upwards of ten inches of rain on the Gormley Sideroad. Road department officials said that in this area the storm played greater havoc with the roads than did Hurricane Hazel.

Dust-laying operations, the filling in of potholes and the replacement of the washed out bridge culvert was started immediately. Earlier in the year council had decided that the bridge would have to be replaced anyway.

The storm broke about 4:30 and continued for 30 minutes. Reeve Cliff Wallwork, attending the mayors and Reeves convention at London, Ontario at the time, said he was told by a convention colleague that he had better hurry back to Whitchurch which was being washed out. "I thought he was kidding," said Mr. Wallwork, "but where the roads in the southern section of the township were concerned, he wasn't entirely wrong."

"THE LIBERAL" KIDDIE KWIPS CONTEST

\$10.00 WEEKLY MERCHANDISE CERTIFICATES - \$20.00 BONUS EVERY 5th WEEK

PATRONIZE THESE ADVERTISERS. THEY APPRECIATE YOUR PATRONAGE. EACH WEEK FOR 26 WEEKS THEY WILL BE AWARDING SOMEONE \$10.00 IN MERCHANDISE CERTIFICATES AND EVERY FIFTH WEEK SOMEONE WILL RECEIVE AN EXTRA \$20.00 IN MERCHANDISE CERTIFICATES. WINNERS WILL BE PUBLISHED EACH WEEK. READ THE RULES CAREFULLY.

Each week for 26 weeks, there will be a different Baby Picture on this Contest Page. The Title or Caption for each picture will be found by locating the extra word inserted in some of the Ads. After finding these words and properly arranging them, you will have the correct Title to the picture. Compose a caption of your own and send it, along with the original title to KIDDIE KWIPS CONTEST, "THE LIBERAL". The best one selected each week will be awarded \$10.00 in MERCHANDISE CERTIFICATES good at any of the firms participating. In addition to the \$10.00 award there will be a 10% DISCOUNT VOUCHER awarded to the writers of the next best 5 Titles sent in each week.
