Experts Meet Committee

Planning Consultants Now Studying Problem Of Yonge Street's Destiny

Two new members, Harold Sanderson and Douglas Boyd, were welcomed when the Re-development Committee met last week. Appointed some months ago by town council, the committee is acting in an advisory capacity in studying the re-development of the down-town business area. It co-operates with the Richmond Hill Planning Board. The new members were named to give representation to residents of areas contiguous to the section under consideration for re-development. Mr. Boyd represents the area west of Yonge Street and Mr. Sanderson that on the east.

business section, and his associate, Mr. A. Tayyeb. The consultants outlined the scope and methods of their investigation. They said that they would maintain

Character In Handwriting Canada's Most Precious Resource Shamelessly Allowed To Be Wasted

by Axel Sjoberg (CGA - IGAS) One facet of grapho analysis is vocational guidance and like many others who test for aptitudes and help develop of change talent has, view with alarm the waste of Canada's most precious natural resource. . . . Recent carefully compiled statistics flowing from an exhaustive survey show that out of the 425,000 Canadian children in their first year in school some 142,000 will drop out before reaching high school, some 60,000 of those who attain junior matriculation plateau will reach their senior year of high school . . . and only 35,000 (one out of nine) will graduate from high school. All this in a society where education is becoming more vitally important than ever before. Thousands Doomed Every year for thousands of young men and women a life of sporadic employment, frustrations and unhappiness begins. They simply are not fitted in, it is too

touch with the Planning Board and the Re-development Committee, especially in latter stages after they had made a thorough review of the many factors involved. This will take some weeks. Mr. Potvin will head the project. His colleague, Mr. Tayyeb, will direct the field survey, assisted by Miss Leslie Yule. Their report is expected to be ready about October 11th.

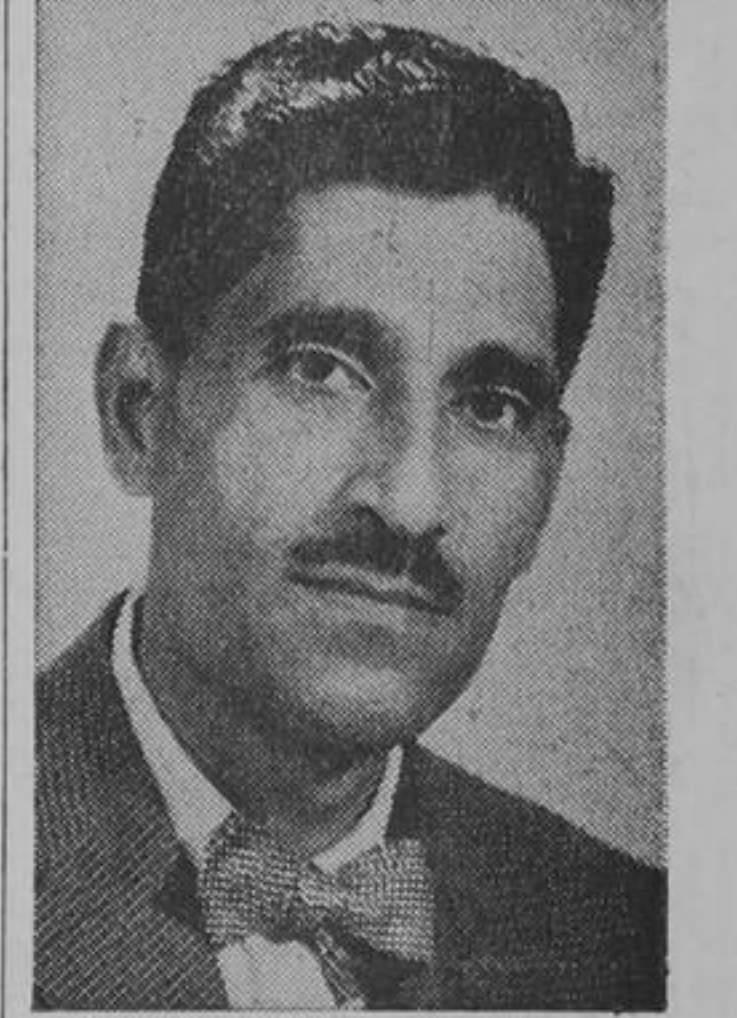

Understanding Essential Goodwill and understanding on the part of all concerned were absolutely essential in connection with Yonge Street re-development. It was stressed at the meeting. Public knowledge of what was being attempted was regarded as being vitally necessary. Agreeing fully with this, the consultants said that they would co-operate as fully as possible in providing information. Mr. Georges Potvin, who will direct the Yonge Street study, is assistant professor in Human and Economic Geography at the University of Toronto, where he has taught for eleven years. A native of the Gaspe Peninsula, he was educated at Sacred Heart College, Bathurst, and Laval University. He also heads his own planning consultants firm in Toronto.

Made Many Studies He took part in the redevelopment renewal study of the city of Toronto, the first project of

its kind in Canada and also directed the urban renewal study of the city of St. John, N.B., besides participating in the urban renewal study of the city of Sault Ste. Marie, Ontario. At the present time he is directing an urban renewal study of Niagara Falls, Ont., and the neighbouring township of Stamford and town of Chippawa. Another project of which he took charge involved Neighbourhood Studies in Toronto, particularly in connection with the Annex area and the Moore Park and Deer Park areas. He has published numerous articles on re-development, particularly in its commercial aspect.

Associate Is Geographer Mr. Potvin's colleague, Mr. A. Tayyeb, who will direct the field survey, is a lecturer in geography at the University of Toronto. Among the projects with which he has been associated is assisting the city of Oshawa in developing an efficient street plan and providing the basis for that municipality's zoning by-law. He has worked for the provincial government on a study of the fluctuating levels of the Great Lakes and also on a study of existing and prospective recreation and open spaces, the latter duty being carried out for the conservation branch. It involved areas such as Kitchener-Waterloo, Niagara Falls, Toronto Township, the Oshawa-Bowmanville-Whitby region, the Milton area, north Grey County, the Georgetown region and the Peterborough region.

During coming weeks the consultants will be in touch with

A. TAYYEB Photo by Lagerquist

many organizations and individuals, gathering the information which will permit them to draw conclusions. Mayor James Haggart, at the end of the meeting, issued a statement asking for the full co-operation of all citizens in a project which, he felt, could be of material assistance in the progress of Richmond Hill. The down-town business area, he pointed out, paid a large sum in taxes to the municipality and it would be bad business for all other taxpayers to let it deteriorate.
