Final Purchaser Gets Stuck With New Levy

What is the new Frost Government sales tax? The sales tax is imposed upon the final purchaser of goods and commodities. The term used in the Act to describe goods and commodities is "tangible personal property". Goods and commodities include anything that can be lifted or removed from one place to another but they are also defined to include telephone services.

Will professional people charge tax? Persons such as physicians, lawyers, architects, accountants, engineers, etc. who exercise a profession or trade and provide only services and thus are not vendors under the Act, must pay tax to their suppliers of all purchases of tangible personal property which they purchase for use in the pursuit of their professions.

How much tax will I pay on means? Tax applies to all meals in excess of \$1.50. The criterion for ascertaining liability is the size of each check. If several persons eat together and the entire charge is on one check and exceeds \$1.50 the charge is taxable even though any of the meals ordered by one or other of the persons in the group is under \$1.50. If separate checks are issued tax applies only to those in excess of \$1.50 even if one person pays all of the checks.

Credit Purchases - Will tax be charged on the basis of the sum of the price of merchandise plus a finance charge in the case of credit purchasing? The fair value of tangible personal property sold does not include finance charges on conditional sale contracts or other contracts providing for deferred payments of the sale price if the amount of such finance charges, carrying charges or interest in addition to the usual or established cash selling price and if such an amount is segregated on the invoice or bill of sale, or is billed separately to the customer.

Unless these conditions are met, such charges shall be deemed to be part of the fair value for the purpose of computing tax.

AURORA: Council has refused to let the town's dogcatcher use a "tranquillizer" gun which, by an injection, would quieten strays so that they could be picked up. "Let's give the dogs a bit of a chance," said a councillor.

DEPT. OF HEALTH
TWP. OF NORTH YORK
Stop
Children from eating dirt, plaster, paint, hair or crayons. The eating of dirt can cause liver damage; paint and plastering containing lead paint can cause lead poisoning which can result in brain damage and mental retardation in children under four years of age. Dyes, in certain crayons, and hair can also cause health problems. Should your child have eaten any of the above consult your Physician without delay.
