**Voters Reject Paving Of Streets**

The results of the recent voting of the ratepayers on the paving of roads in Thornhill indicates that the question will be shelved for some time to come. On the Vaughan side the vote was 71 against and 58 in favour; on the Markham side, 60 against and 31 in favour.

In the light of this, when trustees received a report that Markham Township intended to proceed with the paving of Dudley Avenue and wants the village to pave their section of it also, their reaction was decidedly unfavourable. Chairman Timmins' response was an immediate "No. We have just been turned down on this paving project."

It was reported that the village part of the project would cost approximately \$5,000, but that this amount would be subject to a 50% grant from the Province. The reason Markham Township wants to proceed with the paving at this time is that the sewers are all in on Dudley Avenue, and the gravel base has been built up, so because of the heavy traffic of the school buses, it should be paved now. Trustee McTaggart-Cowan was absent from the meeting of September 21st, but both Chairman Timmins and Trustee Roberts felt that as the voters had just turned down the paving project so emphatically, they could not now turn around and start paving Dudley Avenue, the more so since the three institutions on this street, the United Church, the high school and St. Luke's Separate School pay no taxes and the entire cost would have to be borne by the village ratepayers.

The secretary was accordingly instructed to write to Markham Township setting out the views of the trustees.

**Discuss Baseball Diamonds**  
Mr. Ed Windsor, president of the Area Recreation Committee, and Baseball Commissioner Joe Laughran, were present at the meeting to discuss with the trustees the possibilities of improving baseball diamonds in the park. They have been traveling to various adjacent points with the village baseball teams (Aurora, Newmarket, Bradford) and felt that while none of these places had a baseball diamond in such an attractive setting as Thornhill's, their actual diamonds and playing conditions were much better and they would like to see the village diamonds upgraded comparably.

Mr. Laughran said they would like to end up the season with a gala day, with possibly six or eight teams invited. At the end of this year, four teams took part and there was quite a crowd in attendance, but they haven't the right conditions for such a gathering. They would like to see the park in better condition, facilities for serving soft drinks provided, loud speakers, and would like to extend the backstops and have dugouts for the boys to sit in. Also, the backstop at the north-west diamond is a softball backstop, and they would like it replaced with a hardball backstop.

**Calls It "Nonsense"**  
The initial response of the trustees was far from favourable. "Should the taxpayers of Thornhill be paying for this nonsense?" questioned Trustee Roberts. "Could not the A.R.C. pay for it? You get a government grant, don't you?"

Mr. Windsor admitted that the A.R.C. had, in fact, received \$1,600 from the government last year. "But we spend it, you know," he added. Chairman Timmins pointed out that it was the old problem. The village provides services for so many people outside the village. "For instance," he pointed out, "half the members of the library are outside the village, but the library is a charge on the ratepayers of the village. And the townships have never taken a very realistic view in this matter," he added.

"I don't think the trustees would be too enthusiastic over spending the taxpayers' money on physical acquisitions at the park," Mr. Timmins continued, asking what the A.R.C. wanted done specifically with the diamonds. Mr. Laughran said that the most pressing need was for the diamonds to be graded and grassed. Chairman Timmins conceded that the baseball was a worthwhile activity (Mr. Windsor pointed out that both diamonds were in use every night in the week for all of May and June) but that the trustees would need to know the whole program and what it would require.

**To Inspect Park**  
It was decided that Mr. Laughran would meet Trustee Roberts at the park at some mutually convenient time, and outline just what was needed in the way of grading and Mr. Roberts would try and have a township grader on hand to do the work. Both the trustees and Mr. Windsor felt that Mr. Laughran's plan of having the diamonds grassed would be impractical in view of the amount of use they were subjected to and it was agreed to have the diamonds scraped bare and left that way for at least one season, to see how it would work out.

Some discussion then took place about the feasibility of charging a fee for the parking of cars, at the park, of people who lived outside the village. It was felt that this would possibly cut down on some of the nuisance created by undesirable types who held day-long noisy picnics at the park. It was decided to hold this in abeyance until it could be discussed further with the A.R.C.

**No Dust Layer**  
It was noted that no answer had been received from a letter asking the Department of Highways for an old dust layer on the shoulders of No. 7 Highway. The secretary was instructed to write a further letter in this

Timmins pointed out, however, that the trustees couldn't pay for individual culverts, although they would see to it that the ditches were cleared and graded. He suggested that the Township should be asked to put in the culverts required and the ratepayers should pay the Township directly.

**Positioning Sirens**  
A letter was read from the Department of National Defence, requesting eight maps of the village, approximately 30 x 30 inches which they required in order to position air raid sirens in the village. Trustee Roberts located four maps which were to be sent off immediately.

The trustees then passed several small accounts for payment: Wilson's Esso Service Station, \$27.96; Dr. Robson, \$37 for medical services to a village employee whose injury was not reported to the Workmen's Compensation Board within the required time; Beamish Construction, \$9.17; and three accounts from the Vaughan Township Police for services patrolling the park, totalling \$136.00.

**CARRVILLE NEWS**

CORRESPONDENT: MRS. BERT MIDDLETON  
Telephone AL. 7-8920

Carrville United Church held its 111th anniversary service on September 24, with Rev. Albert Bushell of Owen Sound as guest preacher. Rev. Howard Veals was in charge of the service.

World Communion Sunday is on October 1st, and Communion will be observed at Carrville United Church at 9:45 a.m. Sunday School starts October 1st at the same hour.

**Carrville United Church**  
Regular religious services in the Carrville neighbourhood were first begun by Primitive Methodists, who about 1850 erected a church building on the north-east corner of Carrville and Bathurst Street. This building was later changed into a private dwelling and is where Douglas Bone lives at present. The present brick structure was erected in 1857. The land and the building were gifts of Mr. Thos. Cook, who boarded the men employed in erecting the church. There is no date stone in the building, but William Cook, whose body lies in the cemetery nearby, and who was born in 1841 used to tell that at the age of sixteen he helped make the brick that went into the church building.

In early years the congregation was associated with Laskay and Hope. Later Primitive Methodist affiliation was changed to Wesleyan Methodists and the congregation became associated with Maple. Afterwards the circuit was again changed and Carrville was connected with Edgeley and Concord, the minister living at Edgeley. Still another change associated Carrville with Headford and Richvale and then Carrville with Victoria Square and Headford. The minister lived at Victoria Square. In July 1943, by action of Toronto Centre Presbytery of the United Church of Canada, the congregation became connected with Thornhill.

Correspondent  
Mrs. B. Lepky  
Phone Avenue 5-3489

Birthday greetings to Bonnie Jean Curtis who celebrated her third birthday on Sept. 21st. Danny Tiffin is allowed out of bed for a few minutes every day. He's still a long way to go before he is completely recovered but is well on the way.

**Home and School**  
The first meeting of the fall season for Thornlea Home and School was held at the school on Sept. 20. Mrs. McQueen, president, opened the meeting. Mr. Kinzinger introduced Mrs. Lambert, the only new face on the teaching staff this year. She is assisting Mr. Kinzinger with grades 7 and 8. He also spoke on the future of Home and School at Thornlea which, due to lack of parent interest, was in great danger of disbanding. A general discussion followed on whether it should continue or whether a more loosely knit group should be formed. Many parents expressed their opinions for and against the H & S but after a vote, it was decided to continue and elections for a new executive were carried out. It will be as follows:

President, Mrs. Tiffin. Vice-president, Mr. A. Wright; Treasurer, Mrs. M. Roy; Recording Secretary, Mrs. E. Lepky; Corresponding Secretary, Mrs. R. Evans; Executive Members, Mr. Turner, Mrs. Maier, Mrs. Greenside, Mrs. H. Charles, Mrs. G. Martin.

A vote of thanks was given to the retiring president, Mrs. McQueen.

Many faithful workers for Thornlea are leaving owing to the new 16th Avenue School opening. They are Mrs. McQueen, Mrs. Farmer, Mrs. Perry and Mrs. Churchill. They will be greatly missed at future Thornlea Home and School meetings.

One of the aims of Home and School is to promote the welfare of children and youth. That's your child and mine, so please come out to the next meeting, the second Wednesday in October.

Birthday greetings to Mrs. Miller, Doncaster, who celebrates her birthday on September 17.

**AURORA:** With the year's final tax payments due, the town has collected 83.4 per cent of the 1961 levy. \$689,908 of the \$780,738 due for 1961 has been received.

himself a bride, Janet McCormick, that day.

Mr. and Mrs. Jack Barton celebrate 35 years of married life together on September 29.

A happy birthday to John Walker on October 2, when he will be six years old; to Teddy Bowstead also on October 2; Denise Middleton will be two on October 3. Her mother, Dorcen Middleton has a birthday on October 4; Marnie Nesbitt on October 6; Mark Kirk on October 10; Jill Nunn on October 11; Sharon Melnic on October 24; and Lynda Gray on October 28.

Mrs. H. Ness has a birthday on September 27. Little Debbie Hudson will be three years old on September 27. Jack Barton has a birthday on September 28. Mr. and Mrs. Jack Barton celebrate 35 years of married life together on September 29.

Congratulations to Mr. and Mrs. Bruce Hudson on the birth of another daughter on September 22, a sister for Debbie and Christine.

Mr. and Mrs. Norman Kirk had a son on September 19. John William, a brother for Stephen, Judy and Robin.

**Trousseau Tea**  
Mrs. John McCormick of Downsview entertained at a trousseau tea in honour of her daughter, Janet on Saturday afternoon. She was assisted by Mrs. Jack Barton, also Mrs. David Barton, Beverley Acres, and Mrs. Dean Wilson of Toronto. Pouring tea was Mrs. McCormick's sister, Mrs. Sheppard of Toronto.

**W.A.**  
The October meeting of the Carrville United Church Women's Association will be held at the home of Mrs. John A. Baker on October 4, at 8 p.m.
