The sudden surge of development hit the community like an atomic bomb, he declared. "The shock waves are still echo-

said Mayor Haggart, referring to the projected estabthe foundation on which our municipality is built is still North. This, he said, was rocking, almost one decade later. We are only now becoming integrated as the community family that we should be, and we have never really recovered explosion of this sort."

## May Revise Ice And Snow Removal By-law

Richmond Hill's present by-law dealing with ice and snow removal has been in effect since 1908, with its last amendment taking place in 1915. The works committee of town council is having the town's solicitor revise it to bring it into line with modern conditions. The revised by-law, after having been studied by the committee, will then be placed before town council for consideration.

effect this development will have on the community as a

## Metro Industrial Body Also Visited On Tuesday

A direct approach to the Premier of Ontario was promised by Mayor James Haggart when he made his inaugural address in January. "We should continue to fight for a full measure of democracy for the people we represent," he said, pointing out the necessity for a long-range plan of development for the municipality and the right to determine its own affairs.

While he has not yet seen for Municipal Affairs. Accomthe Premier, Mayor Haggart made a start this week by interviewing the Minister for Municipal Affairs, Hon Fred M. Cass, on Tuesday. With Mr. Cass at the interview was Lorne Cumming O. C. Deputy Minister Principal business discussed ming, Q. C., Deputy Minister

Principal business discussed was the passing of t'e town's zoning by-law, on which an Ontario Municipal Board hearing had been held some months ago. The plan has not yet been offic-Mayor Haggart Urges Backing For lially approved. "Delay in approval of the by-law results in wirtual freezing of development," Mayor Haggart told "The
