Bruce Speers Snags 16½ Lb. Lake Trout

Bruce Speers of Briggs Ave., Langstaff, got the thrill of his young life recently. While ice fishing at Beaverton, 18-year-old Bruce locked onto a 35-inch sixteen and one-half pound lake trout. He has been an ardent fisherman for the past two years but has never been this lucky before. To preserve his fine trophy, the finny monster has been put into the tender hands of a taxidermist. Bruce will not only be able to boast of his fine catch in years to come, but will have the physical evidence to back up his claim to fishing fame.

for the Treemen and notched two assists. Jimmy Wells sank two shots in the Tree Service cause and Gary Smith came up with one.
Lone Insulation tally came off the stick of Tex Beek, assisted by Phil Butler and Gary Drurie. Craigies 8 - Orphans 4
Keith Lawes and Jack Hussey started the Orphans out on the scoring trail, both men being assisted by Ken Downs. Bob Wright and Bill Sinclair evened things up for Craigies as the teams were tied 2-2 at the end of the first stanza.
Ken Sinclair sent Craigies out ahead in the second period only to have Keith Lawes even things up again for the Orphans. Chick Webster found the door open as he fired home another Craigie tally only to have Jim Neal fire one back for the Orphans. Fred Disera scored just before the end of the second period to give Craigies a 5-4 lead.
Craigies popped in three goals in the third period as the Orphans were held to a single. Rene Jalliet, Chick Webster and Ken Sinclair rang the bell for Craigies with Jack Hussey counting for the Orphans.

HOW TO BOWL FIVE PINS

By Bert Garside & Jim Hout Chief Bowling Instructors Double Diamond Advisory Council

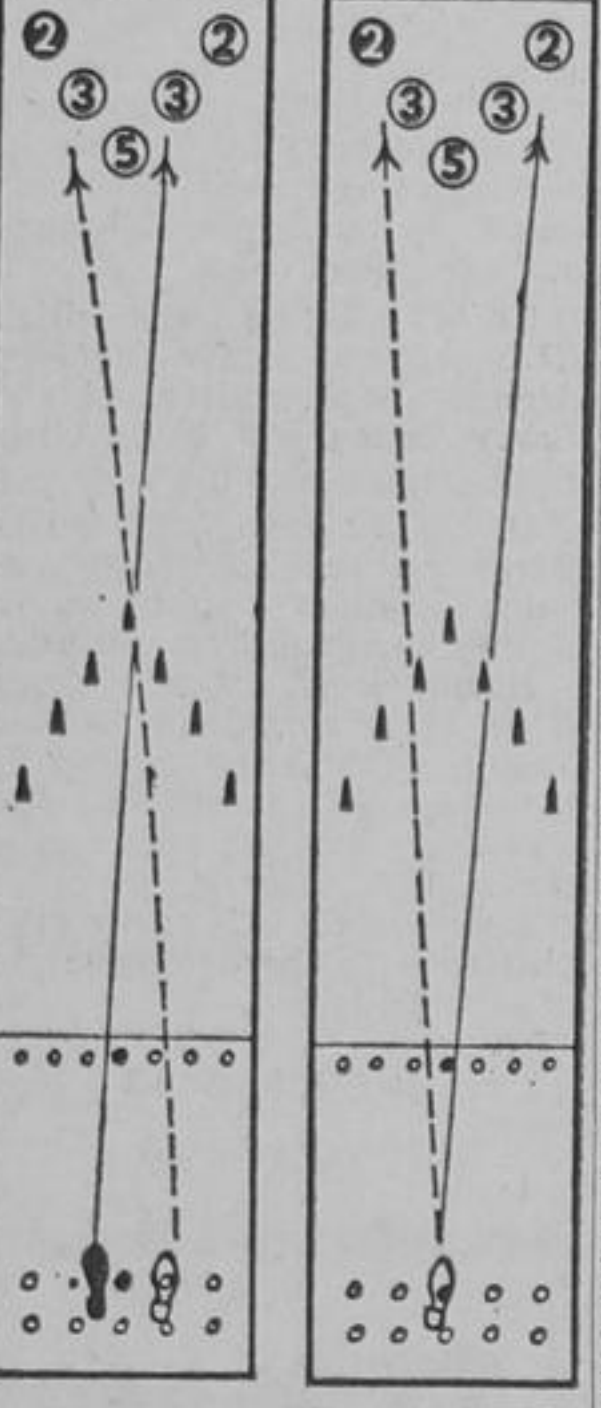

Rolling A Straight Ball
It would seem that bowling a "straight" ball right down the centre of the bowling lane would be both the best, and easiest way to score strikes.

It is neither best, nor easy. In fact, bowling a perfectly straight ball is practically impossible.
Hundreds of bowlers will claim their ball rolls perfectly straight - they can see it with their own eyes. One reason for this is that they are watching their ball from a point too close to the floor. Watch someone roll that "straight" ball - but stand up, and step back so you get a good view of the lane. You'll find that invariably the ball hasn't travelled in a perfectly straight line, but has curved slightly one way or the other.
There are two reasons a ball will curve:
The ball always has some twist on it when it is released from your hand. No matter how you try, all your fingers simply can't release at precisely the same split second.
The floor of the lane will "work" the ball slightly one way or the other. No matter how well it is engineered, no lane is perfectly uniform in texture.
Even if it could be thrown

perfectly straight, this would be the least effective ball in taking down pins. A nearly straight ball tends to "pick out" pins with no mixing action. A curving ball has "spin" on it that is transferred to the pins. A spinning ball picks up the pin it hits, twists it, and flings it into the remaining pins, so that more corner pins are knocked down.
However, if you are unfortunate enough to roll a nearly "straight" ball as your natural deliver, and don't wish to experiment with some more effective types of delivery, here's how you would line yourself up for spot bowling.

Two Ways of Aiming
There are two methods of aiming - by switching your "front sight" or by switching your "rear sight".
Rear Sight Method - In this method you always roll a near ball over the centre dart. When shooting for the headpin, line up your right foot over the centre spot, and roll your ball over the centre dart.
When shooting for the left corner pin, line up your foot over the first dot to the right of centre, then roll over the centre dart. For right corner pins, stand over the first dot to the left of centre. To hit the 3-pins on the right or left side, just move over half as far as for the corner pins.

Front Sight Method - In this method you always keep your right foot positioned over the centre dot.
When shooting for the headpin, roll the ball over the centre dart, aiming for the right corner pin, roll your ball over the first dot to the right of centre. For the 3-pins, roll your ball between the darts.
Naturally, you'll use common sense to adjust these aiming points a trifle if you find yourself consistently missing in the same manner each time. But, don't be too hasty about adjusting your aiming point. It is far more likely a miss was due to you not delivering the ball in exactly the same way each time. Adjust these aiming points only if you find your ball is consistently off target the same amount in one direction.

SQUIRT LEAGUE		
Flyers (Victoria Lodge) 4	Teepees (Macdougall Motors) 0	The scores are very one-sided in the Squirt League this week. Flyers' Barry McKillop got a hat-trick with an assist from Barry Sim. David Smith scored the other goal with John Beresford doing the assisting. Teepees had two penalties, for boarding and hooking.
Petes 1	Royals (Gormley Sand & Gravel) 3	A hat-trick for Robbie Graham in this well-played game. Assists went to Danny Rice and Paul Martin. The one penalty went to Royals. Petes' lone tally was by Harry Bryan.
Jr. Canadiens (Sunnybrook Riding Club) 5	Biltmores 0	What happened to the Biltmores? Nothing but penalties (two of them) in this game. The Habs were right on their toes, with Allan Lewis getting two goals. Assists to Pete Coughlin and Fred Harris. Coughlin also got a goal with an assist to Lewis. Martin Gill and Fred Harris were the other goal getters.
Marlboros (Consumers' Gas) 7	Tiger Cubs (Wilson-Niblett Motors) 0	Where were the Cubs in this game? Bob Wilkinson scored a hat-trick for Marlies with Hal Murphy assisting on each goal. Henry Gibson got two goals, with an assist by John Fitzpatrick. Ron Russell got one goal with the assist also going to Fitzpatrick. Fitzpatrick scored a goal assisted by Gibson. Marlies' lone penalty was for interference.
PEEWEE LEAGUE		
Americans (Street Const.) 6	Indians (Pinewood Aggregates) 1	Good work Jim Docherty or Americans would have had a shutout. Roy McBrien scored a hat-trick for Americans with Mike Stoddart, Barry Clattenburg and Clarence Dukeshire getting a goal each. Assists went to Clattenburg, Lorian, Sward, Tierney and Harrower.
Red Wings (Jas. MacKay & Sons) 2	Bears 0	Wonderful goal tending boys. Reds were just too good for ailing Bears. Dave Lund and Roy Sullivan scored for the Reds unassisted.
Barons (Loren Gordon) 5	Bears 1	The Barons were full of vim and vigour in this game. Bears' only goal went to Earl Smith. Barons' goals were by hard-hitting Tom Carvin, Wayne Cormack, Dennis Tomchesi, Jack Queen and Gord Johnson.
Bisons (Deciantis & Rice) 4	Americans (Street Const.) 4	

PIN PATTERN

Eastiders:
Stan Shadoff paced league members with his 818 triple and piled up a 320 single along the route. Will Allen came up with 755 (291) and Len McLean tallied a 743 (269).

Over 4,000 Huts Counted On Lake

Conservation Officers continuing their regular check of winter fishing activities counted 4,153 fish huts on Lake Simcoe during an aerial patrol on a recent Sunday. It was estimated that there were well over 8,000 fishermen on the lake at that time, including a number of anglers fishing without huts.
Whitefish are biting fairly well and lake trout fishermen report good success. Fishermen checked by Fish and Wildlife staff, west of Snake Island, reported good catches of herring. Conservation Officer Ken Truesdell reported that 120 anglers, checked personally last week, had a total of 448 hours fishing, taking 11 lake trout, 163 white fish, 97 herring and 1 ling.
Ice is reportedly good on the south east side of the lake, but there is an open crack extending from Fox Island north-easterly to Strawberry Island.

HOW MANY HAVE A BANK ACCOUNT?

Chances are they all have / Because nowadays practically everybody is a bank customer. And they go to the bank so often and for so many reasons: to deposit savings, arrange a loan, buy or sell foreign exchange, purchase money orders... In fact, Canadians seem to use banking services more than the people of any other country / The chartered banks, for their part, do their utmost to make each branch a friendly, efficient centre for every kind of banking service.
