Oak Ridges Lake Wilcox Socials

Brownies and Guides
There is every indication that the Oak Ridges and Lake Wilcox Brownies and Guides Company are on the way to another successful "Cookie Day." Well over 350 boxes have been sold by the Lake Wilcox Brownie Pack alone.

Mrs. Margaret Killick, Bayview Avenue North, has consented to become official badge examiner for the pack.

The Mothers' Auxiliary for Cubs, Scouts, Brownies and Guides has extended its contest for March. Members have agreed to pay the group with the most mothers in attendance at the March meeting, the sum of \$2.00. That meeting will take place next Thursday evening at the home of Mrs. Doris Smith, South Road, Lake Wilcox, at 8 p.m.

Cubs and Scouts
The annual Father and Son Banquet of the First Oak Ridges Cub and Scout Groups had an excellent turnout this year, as many more fathers than ever before joined their sons at the turkey dinner, prepared and served by the Mothers' Auxiliary. It was held in the basement of St. Paul's United Church.

A highlight of the evening was a floor hockey game which pitted father against son. The boys were equipped with a regulation hockey stick, but to give them a slight handicap, dad was provided with a stick, with about two thirds of the blade removed. The game ended with the sons in the lead 9 to 2.

Second feature of the evening was the films provided by the Ontario Department of Lands and Forests.

Yellow daffodils graced the head table and these were sent to the president of the Mothers' Auxiliary, Mrs. A. Gibeault, of Elm Grove Avenue, Oak Ridges, who at that time was a patient at the Women's College Hospital, Toronto.

Mothers' Auxiliary
The March meeting of the Mothers' Auxiliary to Cubs, Scouts, Brownies and Guides, will be held March 15th at the home of the vice-president, Mrs. Doris Smith.

Included in the order of business will be a spring tea. The subject of the new scarves for the cub pack and scout troop will also receive attention. When the colours and material have been chosen, this project will require the work of many hands as over fifty scarves will have to be made for the boys.

Group Committee
Fathers of Cubs and Scouts are urged to attend the March meeting of the Group Committee which will be held March 21st, at the home of Mr. and Mrs. Ken Seager, North Road, Lake Wilcox at 8 p.m.

Ground work for the annual financial campaign, which is held during April, will be laid at this meeting.

The budget for the year will be drawn up, and included in this will be the need for additional camping equipment.

The Group Committee has been operating on a mere handful of members. They are hopeful that the large number of fathers at the recent father and son banquet is an indication that more will take a more active role in the committee.

Bethel Gospel Church
Guest speaker last Sunday at Bethel Gospel Church, was Mr. Keith Wardlaw, a missionary, recently returned from the New Tribes Mission in South America. Mrs. Wardlaw provided the music.

St. Paul's United
At the recent general meeting of the United Church Women of St. Paul's United Church, plans were finalized for the Spring Fashion Show which will be held March 14th at the Ridge Inn beginning at one p.m.

Mrs. Bea Dailey, of Dailey's Ladies Wear in Aurora, will be the spring styles and comment on trends regarding colours. Mrs. Betty Fitzsimmons, of Betty's Beauty Salon, will describe the latest hair styles.

St. Mark's Anglican
The Woman's Auxiliary of St. Mark's Anglican Chapel report a successful Valentine Tea and Bake Sale.

Convenor for the afternoon was Mrs. Rickward, who was assisted by Mrs. Jim Hinson and Mrs. Hugh Hunt.

Mrs. Woolley and Mrs. Appleton, in charge of the bake table, report that they were sold out early in the afternoon.

Mental Health
Mrs. Elsie Gibbs of Lake-Lake Avenue, Lake Wilcox, has recently been appointed to represent York County on the Ontario Division Board of the Canadian Mental Health Association.

Mrs. Gibbs is presently serving with Whitechurch Township Council. Both she and her husband are active in the community.

and St. Paul's United Church will take part.

Fire Engine Chasers To Be Prosecuted
Trustee James Sim made the motion, seconded by Trustee Robert Berwick, that "trustees submit to the Department of Municipal Affairs a resolution requesting their approval of the enacting of a by-law to authorize the payment of a nominal sum of \$300 for each trustee."

During lengthy discussion, trustees felt they shouldn't take a financial loss when they have to leave regular jobs for village business.

Mr. Sim said, "I feel all municipalities should be reimbursed and I feel it was foolish in the past for trustees to have dropped it."

He pointed out, "Nobleton and Schomberg haven't the population we have, yet pay members. I took time from work, for which I am not paid, to attend a high school meeting. Three hundred dollars is not out of the question."

Ratepayer Harry Noakes suggested trustees rate remuneration according to the number of meetings they attend. Trustee Sim felt this arrangement "could get out of hand."

Trustee Berwick mentioned trustees were elected to office with the idea they knew at the time there was no pay.

"The question is brought up so I've given my views," commented Trustee Sim. "If it is not passed, I'm satisfied to continue without it."

Mr. O'Reilly said the question of salary would be dealt with annually. He said his experience had been, "The public is surprised we are not getting paid and the amount keeps it in that category."

One of the half-dozen ratepayers present, Mr. Donald McCallum asked, "How many villages have a secretary-manager taking a lot of the load off trustees?"

He was told the secretary works under instruction and does not make decisions.

Trustees pointed out many police villages do take advantage of legislation allowing moderate salaries.

Trustees received a bit of good-natured ribbing during the discussion which included ratepayers.

In 1957 Trustees Donald Findlay, Ronald Bolton and Ernie Smith did not collect their nominal salary. In mid-July they cancelled the annual allowance of \$20 per trustee, plus \$25 for commissioner's duties.

Sewers Shelved
The installation of sewers was postponed for the present.

Trustee Berwick said sewers in the very near future "would not be a luxury but a necessity."

Mr. O'Reilly asked, "Did you follow the efforts made last year and the difficulties we met? My experience is it's a big ball to carry. I'm in favour of course. We had a very good undertaking lined up which didn't arouse much interest."

Trustee Sim questioned, "How large was it? I don't think it was big enough to interest many people."

Chairman O'Reilly pointed out, "It was a nucleus, a start."

Mr. Sim continued, "For the size of it, servicing along King St. from the high school, North Keele St., and the proposed subdivision, I felt it was a useless start. If we're going to put in something large enough to benefit everybody, I'd be in favour of it."

Former Trustee Donald Findlay explained the size of the pipe considered had been large enough to take care of eventual needs of the drainage area concerned; that other sections of the village would drain in different directions. He invited anyone to examine the engineer's plan on file.

Because of the cost involved, a rumoured three-quarter million dollars, Mr. O'Reilly felt, "We shouldn't even debenture."

Mr. McCallum said, "I don't think the septic tank system is inadequate in King City. There may be isolated complaints. One of the troubles is people don't know how to use septic tanks."

Mr. Sim noted detergents affect function of the system. "I feel sewers are down the list until we know the general layout, where the main part of town, the business centre, will be; until we find out where the village is going."

Mr. O'Reilly commented, "Without sewers the village will not go anywhere. I doubt if we can foresee a disposal plant for years."

Mr. Berwick added, "It should be kept in mind at all times. In a few years sewers will be definite. Don't forget there was considerable opposition years ago against the waterworks."

"Let's give it its due," pointed out the Chairman. "Waterworks accounted for King City's growth."

"If we don't look after our waterworks now we won't go any further," said Mr. Sim, noting test-drilling was being pursued to locate a bigger water supply.

A letter from trustees to International Water Supply was read, indicating \$3,000 had been approved for further test-drilling and explaining trustees did not want to develop a well guaranteeing less than 200,000 imperial gallons daily.

Charge Fire Chasers
Trustee Sim warned that drivers chasing King City fire engines henceforth would be prosecuted under the Highway Traffic Act. As a volunteer in the brigade, he reported being hampered driving to a recent car fire on Highway 400 when an engine-chaser cut in ahead of volunteers' cars.

Mr. O'Reilly reported water consumption was averaging 75,000 gallons daily and was being obtained at a 26-foot depth.

Trustee Berwick said Toronto and York Roads Commission had provided sufficient information to allow laying out a sidewalk on the north side of

King City Trustees To Seek Pay

For the first time in six years, King City Village Trustees sought an annual salary—\$300 for each trustee—at the February 26 meeting.

After Chairman Robert O'Reilly opened the topic for discussion, Trustee James Sim made the motion, seconded by Trustee Robert Berwick, that "trustees submit to the Department of Municipal Affairs a resolution requesting their approval of the enacting of a by-law to authorize the payment of a nominal sum of \$300 for each trustee."

During lengthy discussion, trustees felt they shouldn't take a financial loss when they have to leave regular jobs for village business.
