Holy Trinity Anglican Church Confirmation Service

The Parishioners of Holy Trinity Anglican Church, Thornhill, were honoured to have Bishop Frederick Wilkinson of Toronto in attendance at their recent confirmation service. Assisting Bishop Wilkinson was Rev. H. R. Howden. Front row (left to right): Mrs. Joan Morse, Elizabeth Sumner, Marilyn Hunter, Catherine Stewart, Carolyn Kearns, Linda Brain, Daphne Armstrong, Margaret Barr, Alexandra Schofield-Schoolenberg, Rev. Howden, Rt. Rev. F. H. Wilkinson, Dilys Dowker, Stephanie MacKenzie, Lesley Fairfield, Elizabeth Ball, Joanne Mitchell, Katharine Rounthwaite, Anne

Russell, Mrs. Irene Hinde, Mrs. Beatrice Seymour. Centre (left to right): William Walker, Keith Brotherhood, Alan Hudema, Paul Spafford, Lawrence Peacock, Gavin Burgess, Michael Evans, Peter Tylter, Charles Crosby, Lawrence Bremner, Duncan Stratton, David Harley, Brooke Stratton, David Rounthwaite. Back row (left to right): David Watt, Christopher Somerton, Thomas Swabe, William Garland, Stephen Cruise, Michael Ball, John Glassey. (Photo by David Barbour.)

Thornhill Notes

Footlights Club
A treat is in store for Thornhill people when the Footlights club of Holy Trinity Church presents "Pool's Paradise" on April 27th and 28th next. This hilarious farce by Philip King is about the same characters who appeared in the play by the same author, "See How They Run" and which the club produced some time ago. Edith Jones will play the part of Penelope as she did in the first play! Harry Iddon will play the part of her clergyman husband and Jane McLaren will again be Miss Skilken. Rehearsals are underway and it all sounds like lots of fun.

Hospital Auxiliary
Almost fifty people turned up to the meeting of the Thornhill Branch of the York Central District Hospital Auxiliary which was held at the public library on March 7th. The branch now has 50 paid-up members.

An Ounce of Prevention
"I cannot swallow pills" is a remark occasionally made to Mr. Harley and he believes that this difficulty is more often than not, stems from faulty procedure. For instance, tilting the head back tends to constrict the throat. A better and more relaxing method, he suggests, is to place the pellet on the middle of the tongue, and while keeping the head lowered, or at least level, take a drink of water. Pills which sometimes give trouble to their parents seem to present no problems, to inquisitive little "tasters" and, in Ontario alone more than 130 children are involved in poison accidents every day. If there are toddlers in your family check the medicine cabinets, and kitchen cupboards, frequently to make sure that no cleaning fluids or drugs have been left within reach of small hands. Even simple household products which are normally beneficial can become poisons when improperly consumed. And remember Mr. Hal Harley is a prescription specialist. If you need medicine your doctor can telephone him and it will be delivered to your door.

Richvale Resident Has Expanded His Hobby
During the summer months Mr. Arnold Werner employs more than a million non-union workers who toil diligently from sun-up to sun-down, seven days a week. Mr. Werner is, of course, an apiarist, and his busy bees buzz about on an important dual mission. They fertilize the blossoms and so increase the yield of berries and fruits in gardens and orchards, and they gather nectar for the delicious and nutritious honey which their owner sells at the York Farmers' Market, under the trade name of Arnold's Be-Tre Honey. Mr. Werner more or less grew up with bees because his father owned a couple of hives, which a friend kept for him. "It was a lecture by the late Professor Eric Millen of the Ontario Agricultural College that really sharpened my interest," said Mr. Werner. "I persuaded father to bring his hives home again so that I could use my newly acquired knowledge in caring for them. That was in 1918 and the experiment was so successful that beekeeping has been one of my hobbies ever since." A teacher of Science and Mathematics, Arnold Werner is now semi-retired and able to devote more time to his aparies, which consist of 160 colonies in three separate beeyards in the country. He is a member of the Ontario Beekeepers Association, and also a shareholder in the Beekit Co-operative. Occasionally at his counter Mr. Werner plays a tape recorded story about bees, and honey production. Recently, at the adjoining stall occupied by Peggy's Bazaar, a skilled craftsman gave a demonstration in the art of making enamel-on-copper jewellery. Such little, unexpected diversions often add interest to Saturday morning shopping at the market.
York Farmers Market Yonge & Elgin Sts. Thornhill

The meeting was spent nominating and electing an executive for the group. The 1962 executive will consist of Chairman Mrs. H. R. Howden, Vice-Chairman Mrs. G. Zinkan, Secretary Mrs. E. Boyden, Treasurer Mrs. V. J. Tremaine and Membership Convener Mrs. B. Large. The next meeting will be on April 4th, at 10.30 a.m. and will be held at Holy Trinity Parish Hall. Plans for possible fund-raising projects will be discussed at this meeting.

Janis Quilty celebrated her seventh birthday March 7. Sean O'Hare, Proctor Ave., celebrated his fourteenth birthday March 4. Andrew Blundell, 12 Sprucewood Drive, celebrated his first birthday March 8. Sunday night hockey double-headers, held at Bradford, have finished. Play-offs will follow immediately. The regular schedule concluded with the Roselawn Dairy team in first place with 13 points. The Hornets have nailed down second place with their 12 points, in third slot, with 10 points, are the Doncasters. The Rovers of 5th Newtonbrook, finished last with only one point. In the play-offs which started last week, Doncaster boys met the Hornets in a regulation game, in which the winner will advance to the finals with the Roselawn Club. The final series will be the best of three full time games. Games are slated to start Sunday at the Bradford Arena, game time 8 p.m. Doncaster Community Ladies Club will conclude another successful bridge and euchre marathon on March 19 at the Buttonville Community Hall. Proceeds of this marathon are to go to Thornhill and District Hockey Club which operates a house league for boys from 6 to 14 years. For those who have not entered the marathon, there are progressive tables in both games. The card party will start at 8 p.m. and refreshments will be served. Door prizes will be given.

MARKHAM VILLAGE: The public school board is buying four acres of land at \$5,934 an acre for the erection of a third public school. 000, which would cost the ratepayers an additional \$22,000. The original Richvale School consists of two second-hand portables, placed over a basement, and surfaced with second-hand brick from the old Toronto Union Station for a total debenture debt of \$4,500 in the years 1931 and 1932. In 1948 a double portable of Armo construction was erected for \$15,000; and a 1954 addition of auxiliary rooms cost \$20,000, making a total cost for the present accommodation \$39,500. Trustee Terry Goodwin pointed out that Richvale

Thornhill Trustees
Lively Discussion On Village Road Work Precedes Purchase New Truck
The bulk of the meeting of the Thornhill Village Trustees held on March 7th was spent discussing the proposed purchase by the village of a truck, either new or second hand. Trustee Tucker reported to the trustees that he had received an estimate of \$550.00 to repair the present truck and as he had been authorized to spend \$300 on its repair, had not ordered the work done. He had received prices on a new truck from R. D. Little & Sons Ltd. in Richmond Hill and Macdougall Motors in Richvale. The lowest price was from Macdougall Motors who quoted a total price of \$2,142.19 for a G.M.C. 3/4-ton pick-up, including sales tax, but not including license. Total price for a 1-ton truck was \$2,316.50. Trustee Tucker himself favoured the 1-ton truck as it would be made of heavier steel, have a heavier body and would carry a heavier load. and we would not get the same service in the village as we are getting now." Free Supervision It was pointed out that the only reason the village was able to give this service was because it had always had a trustee who had been able to supervise the work without remuneration. It was felt, however, that they would just have to depend on having a trustee who was free to do this, although Trustee Tucker mentioned that the village of King City had a part-time paid manager who did this. As the other two trustees were in favour of buying the truck, Trustee Roberts went along with them, but stated emphatically that the village did not need the heavier truck but that the 3/4 ton model would be quite adequate. It was accordingly moved, seconded and carried that the village purchase the 3/4 ton GMC pick-up from Macdougall Motors at a price of \$2,142.00. Garbage Collection It was noted that no tenders had been received respecting the village garbage collection, although the secretary had received one phone call. It was assumed that the present collector, Lou Reid, would be willing to continue on the same basis as in the past. A.R.C. Trustee Timmins presented to the meeting a new draft of the area recreation committee agreement which he had prepared. This was the same as the old agreement but it included a clause to the effect that the A.R.C. would pay the village the sum of \$1,500.00 per year for maintenance in the park area. The agreement was

No. 7 Highway Change Forces Shift Of Pupils

New School At Richvale Is Proposed

Application has been made by the Vaughan Township School Area Board to the Department of Education for initial approval for the construction of eight classrooms, a playground and a kindergarten to replace the existing Richvale School. A letter read by the superintendent at the March meeting of the board listing the amounts deductible from the cost of similar construction where an elementary school building has been sold since January 1, 1959, will have a decided bearing on the cost, to the ratepayers, of the proposed school, estimated at \$196,200 without furnishings. The cost of land will be in addition to this amount. Under normal conditions, the board would receive approximately 50 per cent of the approved amount — but deductions on the existing buildings may amount to \$44,

Thornhill Horticultural Society

An outstanding speaker will address the Thornhill Horticultural Society at their March 20th meeting. He is Mr. Ray Halward, chief propagator from the Royal Botanical Gardens at Hamilton. Mr. Halward's topic is "Growing Plants for the Amateur" and he will outline steps used in propagating plants and shrubs with the help of polyethylene plastic. His talk will be illustrated with coloured slides. So if you have just one barberry bush and want to turn it into a hedge, come out and hear Mr. Halward. He will distribute seeds, with instructions for their care and there will be a lucky draw for houseplants. At Thornhill Public School on Tuesday, March 20th, 8 p.m.

St. Paschal B.C.W.L. Will See Cancer Film
Highlight of the regular meeting of St. Paschal Baylon C. W. L. meeting was a discussion on colour decorating by Joan Sutton of a Toronto chemical firm. Mrs. J. Mathers, spiritual convener, outlined the points of the recent retreat at the Cenacle, which were stressed by retreat master. She also said that a Day of Recollection will be held at the Cenacle March 21. This is a joint activity for all councils. Mrs. H. Kane, social action convener, reported on the visit to St. John's Convalescent Hospital February 14. She also said that visits had been made to two needy families and that several ladies had attended a sea held by the Catholic Children's Aid Society. A cake and candy sale is to be held by C. W. L. and Guides and Brownies March 18 following Masses. Mrs. E. Cronin is convening the sale. A film on cancer will be shown at the April meeting of the organization. Election of officers will also be held at the next meeting.
