Bowling League

It looks as if it will be a battle right down to the wire as the ten teams in the Lake Wilcox Bowling League vie for top honours in their third series. Although still in first place, the Untouchables, who only copped 2 points, are now joined by their closest competition, second-place Corner Cutters, when they grabbed 6 points and now total 24. Second place also involves a tie, as the Pin Pickers, third last week, nabbed 3 points and the fifth place Roughriders gleaned 5 to both total 21. Moving up from sixth to third, on a gain of 7, Broncos now

total 18, while the Skunks hold their own in fourth place despite the fact that they failed to add to their 17 points. Pulling out of their seventh place tie with the Hillbillies, the Blowers climb two notches to fifth place adding 5 to total 15, as the Screwballs jump from eighth to sixth, gaining 4 to total 13. Hanging on to seventh place are the Hillbillies adding 2 to tally 12 as Bill's Bouncers are still in the cellar on a gain of 2 to equal 10.

In the men's high total of three games, Jack Craig won first on a 261 game and a total of 725, followed by Barry Wilcox, second, with 246 and 669. George Ireson's 667 gave him third place although his single of 309 was higher than those of the other winners.

In the ladies' competition, Marion Hunter was first all around with a 275 game to her credit and a total of 636. Jane Nichols placed second on a 216 game and a total of 621. Lucy Robinson was third when she rolled a 223 game for a total of 545.

Only two weeks remain in series three for one team to come out on top.

He will be on call from eight a.m. until midnight for traffic direction, by-law enforcement and general policing.

Township council proposed that profit from operation of the village's radar equipment should be divided equally between village and township.

Pancake Supper

A crowd equalling "the old days", when King City had fewer social attractions, made All Saints' Anglican Church W.A. pancake supper a successful affair.

Families sat together at the tables in the church auditorium. In the adjoining kitchen, five members were required to cook a steady supply of pancakes.

Mrs. T. J. Colbourne, Mrs. Harry Finch, Mrs. Walter Beckell, Mrs. Ross Walker and Mrs. Raymond Burt.

W. A. president Mrs. A. E. Jarvis, convened the event with the aid of helpers in kitchen and dining room.

King City Lions Club which met the same evening in the church, accounted for about 40 supper customers, since the W. A. usually shares with King City and Temperanceville Church groups in catering to club dinners.

Road Budget \$6,000

A \$6,000 road budget for 1962 covering \$1,000 for reconstruction and \$5,000 for maintenance of King City roads, was released by the village Works Commissioner, Trustee Robert Berwick.

Since the total estimate is eligible for 50 per cent subsidy from the Department of Highways, net cost to village ratepayers is \$3,000.

Mr. Berwick reported plans to re-surface two miles of village roads with two to four inches of gravel.

At a meeting of the local association at the home of Mrs. Robert Berwick, Springhill Rd., 29 mothers of Guides and Brownies voted to supply uniforms for leaders of the new Pack and to assist with the initial expenses.

The new Brownie Pack was reported leading in getting orders for cookies to be delivered May 5. Tentative plans were made for a rummage sale in May.

Deep Snow Slows Hunting Activity

Heavy snowfalls continue to slow down many activities throughout the Lake Simcoe District. Small game hunters are handicapped by the deep snow which has been travel across fields and in bushy areas almost impossible even by snowshoe. According to hunters, hounds often disappear from sight and are unable to make any headway on trails.

Cottontail rabbits and snowshoe and European hare, the game most sought, seem to benefit most from the present snow conditions. The rabbits, lying closely in snow-insulated retreats, with such food supplies as buds and barks available, are moving very little and leave little sign of their presence.

With a big reduction in hunters in the field since early February, fish and wildlife staff anticipate many more breeding pairs will be available, with additional litters for next season. Cottontails are especially plentiful in most cedar valleys. Although the snowshoe hare is less in evidence than last season, they still appear to be much above population levels in the low period of their cycle. Also European hare are still present in all areas but, according to reports, are less concentrated than previously.

Heavy snowfalls have also slowed down ice fishing in various parts of the district. Officers report that a number of cars are stranded in the deep snow on Lake Simcoe and will probably be left there until rain or warm weather cuts down the snow sufficiently to get the vehicles to shore. Track vehicles seem to be the only practical type in use at the present time.
