Long Experience Assists Project

Head Of Medical Group Is Helping As Hospital Plans Are Finalizing

Richmond Hill's new hospital will soon change the look of the town's southern skyline. And when that happens a team will swing into operation, dedicated to the task of helping those suffering from illness or disease or, on a happier note, contributing new citizens to the district's fast-growing population.

Obviously, among the important members of that team will be the doctors whose professional skill will be in constant demand. Those doctors, incidentally, have been leaders in the big job of getting the hospital under way, realizing the serious shortage of hospital beds in this part of Ontario. Among those doctors will be Dr. Hagar Hethrington, B.A., M.B., M.R.C.P.(Lon.), F.R.C.P.(Can), E.D.

DR. HETHRINGTON

Dr. Hethrington is president of the medical advisory committee of the hospital, a group made up of medical men who have been co-operating in the job of getting the hospital project going. It is in effect an executive committee of the hospital's medical staff. Its president is an ex-officio member of the hospital's board of trustees and is the liaison between the hospital's governing body and its medical men.

Dr. Hethrington brings a wide medical training and experience, both in war and peace, to his duties. Born in Toronto, he attended the University of Toronto, gaining his B.A. in 1925 and winning his Bachelor of Medicine degree three years later. He interned at St. Michael's Hospital and the Sick Children's Hospital, afterwards serving in England for three years at the famous London Hospital and taking courses at other British hospitals. He served with the London County Council for a year and won his M.R.C.P. in 1931.

You have an

IMPORTANT APPOINTMENT

on

SATURDAY, APRIL 28th

between 8 a.m. and 7 p.m. at

to answer these 2 questions:

Are you in favour of the sale of liquor under a dining lounge licence for consumption with meals on licensed premises?	YES
	NO <input checked="" type="checkbox"/>

This ballot will permit the sale of liquor by the glass with meals in motel and hotel dining rooms - in motel and hotel rooms - and beer and wine with meals in local restaurants.

Are you in favour of the sale of liquor under a lounge licence for consumption on licensed premises?	YES
	NO <input checked="" type="checkbox"/>

This ballot will permit the sale of liquor by the glass in cocktail lounges and bars and hotel and motel rooms in licensed hotels, motels and taverns.

YOUR VOTE IS IMPORTANT!!

It will determine the future of our Town. Your VOTE NO Committee respectfully submits the following information to support its request that you place an:

X - beside NO - on both questions.

WILL RICHMOND HILL become a "TIGHT LITTLE ISLAND"????

A yes vote on April 28 will make our Town a 'liquor oasis' in a large no-liquor-outlet area spreading all the way from:

- south — St. Clair Avenue in Toronto
- north — to Barrie
- west — past Brampton
- east — past Scarborough and Markham

Our municipal neighbours have all recently voted NO to similar liquor questions and they have left our community as the only potential 'watering hole' in a large geographic area. You can be assured that numerous liquor outlets would be established to service this large population area — many more than would be necessary to serve our own Town.

And don't be misled; so long as liquor outlet operators comply with our present zoning and building by-laws, our citizens and Council are powerless to control the number or location of liquor outlets. Every C-1, 2, and 4 Commercial area in Town is already zoned for hotels and motels, and restaurants in shopping centres and bowling alleys and on our Main Street could be licensed to serve beer and wine with 'meals'.

What's Going to Happen Next????

The Provincial Government just introduced legislation to permit — service of liquor in dining lounges and cocktail bars for any daily 13 hour period.

— room service of liquor for 13 hours daily in hotel rooms and motel rooms.

The Government has promised even more changes in the Liquor Control Act in the next few months. Because we don't know what's going to happen next or how it might affect liquor outlets in our community, don't you agree that a yes vote for liquor at this time is a blind vote.

The 'hotel' issue:

Frankly stated, a million dollar — 6, 7, or 10 floor hotel has been dangled over us as a promised reward for our yes vote on April 28th.

But the proponents of this scheme do not credit the citizens of Richmond Hill with much native intelligence or business sense! For while a yes vote will certainly bring liquor outlets into the community, there is no reason to believe it would bring this promised hotel.

NO GUARANTEE — NO CONTRACT — NO AGREEMENT — NOTHING has been signed by the promoters and our Council stating that any hotel or building will be built — EVER!

We have been asked to trade our community right to control liquor for the proposed revenue from this projected hotel — BUT — if there is no guarantee that this hotel would be built, we are, in effect, being asked to sell out for nothing.

Hardly a fair deal!

Your VOTE NO Committee:

- is a voluntarily organized representative group of your fellow citizens.
- has no profit motive and no paid workers.
- has no undisclosed source of funds other than public appeals.
- is not a prohibitionist or 'dry' movement.

We respect our Town and the intelligence of its Citizens

- We do not believe that the introduction of liquor outlets in Richmond Hill will, in any manner, prove to be beneficial for the community.
- We believe that the issues — the two ballots you must X on April 28 — have been clouded over by a 'hotel' campaign. This vote has nothing at all to do with hotels.
- We are concerned that our Town Council has not seen fit to present both sides of the liquor outlet question to the electorate.

"Both sides of any issue must be fairly presented to make a democratic vote system work effectively."

Our only interest is the community — your community.

We Respectfully Solicit Your Support

VOTE NO with an X on both ballots on April 28th.
