Going! Going! Gone!

This shot of Richmond Hill's old water tank was taken early Saturday morning just before it came down. The old tower was located on Trench Street and was built in 1921. It has not been in service since late in 1960 when the new water treatment plant came into operation. The tank had a capacity of 60,000 gallons. (Photo by Lagerquist)

GORMLEY NEWS

CORRESPONDENT: MRS. CHAS. MILSTED
Telephone Gormley 5201

The United Missionary convention closed Sunday evening, completing one of its most successful gatherings. Mr. and Mrs. Ray Hawkins spoke of the printing part of the Nigerian work. Dr. Paul Yates the Nigerian medical work. Dr. John Kuriz the work in India. Rev. Sam Ross the work in Brazil. As well as these speakers there were pictures and films each week night. Mr. and Mrs. Howard Baker and family of Brampton provided musical numbers Tuesday night. Rev. Sam Ross of Brazil spoke Sunday morning. Miss Annie Yeo of Nigeria gave a message Sunday evening. Sixteen young people responded to her invitation for future service. An all time high was reached in the church's givings for foreign missionary work. Slightly over \$6,000 was raised in cash during the past year, and \$2,700 was pledged to be given. This figure does not include \$2,000 raised in January for home missionary work.

Mrs. Jeffreys and boys of Guelph spent Easter week with her parents, Mr. and Mrs. Harry Barber.

Mr. and Mrs. Frank Smith and children moved Saturday from Allan Hoover's apartment to a home in Markham.

Neal and Paul Brown of Stouffville spent Easter holidays with their grandparents, Mr. and Mrs. Harry Barber.

Mr. and Mrs. Eldon Brillinger and family moved to Richmond Hill Saturday.

Mr. and Mrs. Elias Elliott, Miss Ruth Hoover and Mrs. Olive Williams visited Mrs. Dave Hiltz, Mrs. Wiebe, Rev. C. N. Good, Dr. and Mrs. I. H. Erb, and Miss Beulah Heise at Fairview Home, Preston, Friday. While they were there, Miss Heise was taken to hospital by ambulance suffering from pneumonia.

Several carloads from our community attended the graduation service at Emmanuel Bible College, Kitchener, Friday. Miss Ruth Cullen was in the graduating class.

Mr. and Mrs. Harold Dorner welcomed their third son Sunday.

Mr. and Mrs. Jas. Winters have moved from Preston Lake. Since the apartment is not ready for them in Bowmanville, they have come to stay with their son-in-law and daughter, Mr. and Mrs. George Burtis, Marleen, Marvyn and new baby son of Orozo.

Thirty-three of the Gooding family were present Sunday for supper at the home of Mr. and Mrs. C. Milsted in honour of Mr. and Mrs. Allan Doner's 18th anniversary. Among those present were Mr. and Mrs. E. Gooding and Ronnie of Richmond Hill, Miss Carol Gooding and Phil Paxton of Toronto, Mr. and Mrs. Robt. Taylor of New Toronto, Mr. and Mrs. Floyd Winger and boys of Queensville, Mr. and Mrs. Vernon Gooding and family of Dundalk, and Mr. and Mrs. Ken Jones and family of Dickson's Hill.

Mr. and Mrs. Ora Raymer of Markham, and Miss Annie Yeo had supper Sunday with Mr. and Mrs. George Barrett and family.

Mr. and Mrs. Russell Heise and family.

Mr. and Mrs. Dave Elliott of Keswick had supper Sunday with Mr. and Mrs. Ron Elliott.

Mr. Roger Heise of Hamilton spent the Easter week with the Billingers.

Mrs. Allan Heise slipped on a rug in her home and suffered a bad fracture of her right arm recently.

Mr. Levi Steckley received word Sunday of the birth of his first granddaughter, born to Mr. and Mrs. John Eyer of Fort Erie.

YOUR GARDEN And MINE

By Elisabeth Grant

Next to shade trees and evergreens the flowering shrubs are the most important item in the planting for permanence of your home grounds. A well chosen selection will give you long term satisfaction. They serve as ornamental boundaries to your property, and planted at the foundation form a perfect link between house and lawn and a background for your flower borders. They fill in corners and give a welcoming note at your front door. All they ask is a sunny situation adequate feeding and an annual pruning and they will increase in beauty and value each year.

Many varieties because of the gracefulness of their branches, the ornamental effect of the individual specimens. Try this with a really fine Japanese Cherry (Hisakura), a Beauty Bush or a Flowering Crabapple.

It is hard to choose among the great variety available to you but remember there are many besides the old standbys of Lilac, Philadelphus and Forsythia, lovely as they are. You will give your garden interest by finding something special.

If you have a sheltered and sunny spot a Magnolia will thrill you with its early display of chalice-shaped blossoms. There are such attractive varieties of Viburnum now at the nurseries. V. Tomentosum carries its white lacy flowers in a flat head and the foliage is gorgeous in the autumn. A nice thing about the Viburnum is that several of them are fragrant. The Carles variety is also the new hybrid Carcephalum. All have beautiful fall colouring and berries.

The Weigela is very showy and may be had in white shades of pink, rose and crimson. Take your choice and consider the foliage too, for this shrub may be had with leaves of purple-red (Purpurea) or green variegated with yellow (Nana Variegata). These will give accent to your shrubbery and colour after the flowering season is over. The Weigela often declares a bonus and offers a second blooming in the fall.

Daphne in early June is covered with sweetly scented pink flowers.

If you like something blue try Caryopteris, which forms a low mound of silvery green leaves and bears clusters of blue flowers. One variety is Blue Mist and the other is Heavenly Blue, a deeper shade.

The Snowhill Hydrangea can be relied upon for a good show of bloom in mid-summer when the other shrubs have finished and the well-known P. G. Hydrangea is spectacular in the

R. Hill P.S. Board Hires 11 Teachers From 65 Applicants

Superintendent Gordon McIntyre informed Richmond Hill Public School Board that their total requirements for additional and replacement teachers for September were met in interviews with teacher-applicants, held on Friday and Saturday of last week.

"We had an excellent group to choose from," he said, "and I think we made a record, with 65 applying."

Ten teachers signed contracts at the \$3,300 minimum salary level, and one applicant with a B.A. was signed at \$4,500.

Town Public Schools Superintendent Reports Small Increase Pupils

Enrolment at Richmond Hill's six schools was only up 13 since September 1961. Superintendent Gordon McIntyre informed the school board members last week.

He predicted that the total school population is likely to grow during the June - September period this year, but did not give any anticipated figures to this effect.

Board approval was given to his recommendation that five excursion trips for pupils in grade 6 and 7, as well as for Beverley Acres and Pleasantville School Senior Choirs members be approved.

Grade 7 and the senior auxiliary class of MacKillop School will be bused to Pioneer Village on June 1 at an approximate cost of \$25.00. Three supervisors will accompany them.

The Beverley Acres Senior Choir of 30 pupils will attend the Brampton Music Festival during the same month.

Pleasantville pupils from Grades 6 and 7 will visit Toronto Harbour on May 15, and their senior choir goes to Port Credit on May 3.

Frank Watts Says ...

LAWNS ARE OUR BUSINESS!

As our business is lawns, right from the growing of Sod on our farms to laying new lawns, we are constantly trying new fertilizers, seed, insecticides, fungicides, weed killers, etc. In doing this, we have been able to pass on to our customers the best products on the market to date. The following are items that we have used in producing and maintaining with very good success.

"HOW TO HAVE A BEAUTIFUL LAWN WITH SOD," by Frank Watts. Clear instruction for laying and maintaining a sodded lawn. Phone or write for your FREE COPY of this interesting pamphlet.

Frank Watts' Merion Blue Sod

Grown at our farms from No. 1 Merion Seed (pro Pratenus). This is without a doubt Ontario's most beautiful sod, loves sunny areas, not recommended for shady property. Requires a fertilizer high in Nitrogen. Merion has a very wide blade, hence a very dense turf, that is so strong due to the deep root growth that weeds are no longer a lawn problem. Merion Blue should not be mown less than one inch at anytime. Does not require watering as much as other grasses.

Frank Watts' Kentucky Blue Sod

This is Canada's natural grass and does well in reasonable shaded areas, produces a beautiful lawn with very little care. Can be mowed as low as half an inch, Spring or Fall, one inch in Summer. Requires a balanced fertilizer (7-7-7).

FOR THE FINEST LAWN So-Green FERTILIZER

'Best by Every Test'

SPREAD AT A RATE OF THIRTY POUNDS PER 1,000 SQUARE FEET

80 LB. BAG	40 LB. BAG	20 LB. BAG
\$4.95	\$2.95	\$1.95

CULTIVATED FIELD SOD

We obtain this from select farms (not necessarily our own). The farmer originally sows his own seed mix for pasture for his cattle during the Summer. The better the seed the better the feed. The cattle in turn toughen and fertilize the grass for years and years and for this reason we recommend it for toughness. Ideal for playgrounds, backyards and large areas that are not expected to be show places. This is much cheaper than Kentucky or Merion and does produce a fairly good lawn, in fact ninety per cent of the lawns in Toronto are from pasture sod. Maintenance is the secret of obtaining a good lawn from pasture field sod.

FRANK WATTS SPECIAL OVERSEEDING MIX

REGISTERED WITH THE DEPT. OF AGRICULTURE R.C. 478

This is a Special mixture which we have sold in the past years for overseeding. In this respect it has proven excellent in thickening the turf and has saved many a thinning lawn. We are sure you will be proud of the thick turf and fine stand of grass this mixture will give your lawn.
