Hire 19 New Teachers

Plans Progressing Richvale School

Enrollment in Vaughan Township Schools at the end of April had risen to 2,999, a gain of eight from March, Superintendent J. A. Gibson reported to Vaughan Township School Board Thursday night. He also reported that Markham T.S.A. No. 1 children now in attendance at special classes in Thornhill Public School may continue to attend for the school year 1962-63 at a fee of \$2.65 per pupil per day.

Seven resignations had been received from teachers employed in Vaughan Township, and nineteen new teachers, all Level 1 standing, have been hired to take care of the teaching requirements for next year.

Approval was given to the grant of \$50 towards the purchase price of \$200 for a tape recorder for the Charles Howitt School. The balance will be paid from the proceeds of the school concert fund. Repairs amounting to \$100 were authorized for the movie projector at the same school.

Transfer of unused playground equipment was authorized — swings will be moved from the grounds of the Carrville School which was closed last June to the Concord School; and swings from Mount Lebanon School, also closed last year, will go to Kleinburg. At an estimated cost of \$225,

two units now on hand will be repaired and placed at the George Bailey School in Maple and at the Jefferson School.

Business Administrator Jackman reported receipt of tenders for instructional supplies, and recommended the division of orders among several firms. Total cost of these orders is estimated at \$8,800, which is well within the budgeted figure and will effect a saving of about \$1,200 from last year, when supplies were tendered for in a lump sum, and the contract was awarded to a single firm.

New Richvale School
Mr. Harry German asked for a report on the progress of the proposed new Richvale School, stating that a rumor was being circulated that Richvale would not get a new school after all. He was assured that the board was working on the Richvale School, that the township council had granted tentative approval for the issue of debentures to the amount of \$200,000, and that the request had been forwarded to the Ontario Municipal Board for its approval about a month ago.

Trustee Terry Goodwin described the proposed school as one of the nicest in the township. It will contain eight classrooms, a kindergarten and an auditorium-playroom.

Mrs. Margaret Norris asked where the 80 families from the present Langstaff area, who are scheduled to attend the new school, will find schoolroom accommodation until the new school is ready. Superintendent J. Gibson reported that the board had assurance from the Department of Highways, that although work has commenced on the construction of the cloverleaf at Highway No. 7 and Yonge Street (which will occasion the transfer of pupils from the Langstaff School) the highway will not be in use until July 1963.

Three Teachers Honored
Three teachers employed by the board will serve as instructors at summer courses for teachers in July and August.

Mr. Gordon Coates of Langstaff Public School has again been appointed to the staff of the audio-visual methods summer course at London, Ontario.

Mrs. Ethel Zimmerman of Langstaff Public School has been appointed grade 1 demonstration teacher at the departmental primary methods summer course at the Duke of Connaught Public School in Toronto from July 3 to August 3.

Mrs. Hazel Hill of Thornhill Public School has again been appointed to the staff of the auxiliary education summer school in Toronto this summer.

**Investigate McKay Well
Water Resources Comm.**

Following a meeting between representatives of Richmond Hill, Markham Township and officials of the Ontario Water Resources Commission, Monday afternoon the provincial commission will investigate the future development of the well located on the McKay property just outside the south-east corner of Richmond Hill. The McKay firm owns 100 acres of land just south of Richmond Hill in Markham Township and extending from Yonge Street to Bayview Avenue. The Dominion Food Store is built on a portion of the commercial area which fronts on Yonge Street.

In return for water rights to the well which is located near Bayview, Reeve Floyd Perkins reports that the McKay firm wants Richmond Hill to pay \$5,000 and service their

Yonge Street commercial area with sanitary sewers. The commercial area extends for 660 feet on Yonge. The well site is only 110 feet by 165 feet. Richmond Hill is already selling treated water to the Dominion Store at the rate of 80 cents per thousand gallons. The McKay firm sometime ago deeded the well to Markham, however, the township prefers to have Richmond Hill develop it and sell treated water to Markham at the rate of 40 cents per thousand gallons.

Richmond Hill was represented at the meeting Monday by Reeve Perkins, Councilor Al White, Clerk Russell Lynett and Works Commissioner Otto Whalen. Markham was represented by Reeve W. R. Dean, Deputy-reeve Lawson Mumberson and Engineer Dusan Miklas.

**Lost Control Of Car
Strikes Hydro Pole**

Approximately \$200.00 damage was done to the car of Russell Dennis, Richmond Hill, when he rammed a hydro pole at Yonge and Centre Streets, on Wednesday afternoon of last week. While turning east onto Centre Street from Yonge Street, the door of Mr. Dennis's car flew open and in attempting to shut it, he lost control of the car, ramming the pole.

Three Richmond Hill residents, two adults and one juvenile, were charged with shoplifting at the Richmond Heights Centre last week end. Two shoplifters were apprehended on Saturday and the other on Monday. On the same week-end, approximately \$25.00 worth of tools were stolen from a Crosby Avenue shed.

Two Years Penitentiary
While investigating the theft of a case of wine from the Liquor Control Board store in Richmond Hill last week, the Richmond Hill Police arrested two Alberta men and charged them with possession of a car stolen in Los Angeles. At police court on May 10th, Charles Smith was sentenced to two years in Kingston Penitentiary and Kevin Faulkner was given 18 months.

Express Criticism Of Delay In Court

Through an unfortunate combination of circumstances, some fifty people including legal counsel and witnesses, spent Tuesday morning, May 8th waiting for the 3rd Division Court proceedings in the town hall and were not informed until 11:30 that the court was adjourned until next court day, June 12th.

It appears that Richmond Hill, before the beginning of the year, agreed to provide accommodation for the 3rd Division Court in the town council chambers on the second Tuesday of each month. Subsequently it gave the use of the chambers for the police court every day in the week. The time for the division court proceedings on May 8th was accordingly postponed until 10:30 to allow Magistrate Hollinrake time to appear and adjourned the police court until the next day. Rather than do this however, Magistrate Hollinrake decided to try his cases in the committee room.

Judge Frank McDonagh, when he appeared upon the scene, was disturbed that the time of holding the court had been changed, insisting that he was the only one who had authority to make any changes. He also felt that Magistrate Hollinrake should not have to conduct his traffic and quasi-criminal cases in inferior accommodation. He declined to open court and waited in the mayor's office to discuss the matter with Magistrate Hollinrake. The magistrate recessed his court at 11:30 and Judge McDonagh subsequently appeared in the council chambers, explained the reasons for the delay and stated that since he had to leave at 1 p.m. he wouldn't have time to get very far on the long list of cases and the court was therefore adjourned until next month.

"We should have a statement from Mayor Haggart on this" said Mr. William Neal, prominent local business man and former mayor of Richmond Hill who was one of those who wasted the morning waiting for the court to take place. Three local solicitors, Mr. Joseph Rabinowich, Mr. Norman Todd and Mr. Donald Plaxton also had their morning wasted.

Mr. Todd's client, Mr. R. Bentley of Briggs Avenue was more seriously inconvenienced. His case had been started by Judge McDonagh last year and must be finished by the same judge. As Judge McDonagh will not be presiding at the June 12th hearings, it will be necessary for a private appointment to be made to hear the case in the judge's chambers in Toronto.

Town Remiss
Mr. Todd felt that not only was Richmond Hill remiss in allowing this conflict of courts to arise, but that in all fairness to those who were waiting to have their cases heard, the judge's should not have had an early afternoon appointment which made it necessary for him to leave at 1 o'clock. Mr. Todd noted that the docket was already very crowded. This will make next court day even more crowded, probably necessitating two court days next month, with further confusion about accommodation.

MARKHAM VILLAGE : St. Andrews United Church in the village will be getting a new minister in the near future. The new man, Rev. Albin Wright from Alberta, was chosen recently by the church's congregation.

**Fun For Whole Family
At The Fair On Saturday**

A busy schedule of events has been drawn up for the Richmond Hill Fair this Saturday, from the time the grounds open at 9 a.m. until the last ball is pitched at the baseball game in the evening.

Judges and directors will meet at the grounds at 9:30 a.m. At 10, judging will start for the many classes of hunters and jumpers; jersey cattle at the York County Jersey Show will be judged from 10:30; at 1 p.m. the heavy horses will be judged. The horseshoe pitching competition will take place in the early afternoon.

At 4 p.m. comes one of the big events of the day — the dairy princess contest, the winner of which will go on to the competition at the C.N.E.

A new attraction at the fair this year will be a novel weight guessing contest sponsored by the Ladies Auxiliary of Thornhill School for Retarded Children. Some half a dozen pigs (from the farm of Milton Savage, Junior the fair's president) will be enclosed in a pen and for the sum of 10c contestants will be entitled to guess the total weight of the porkers. Prizes have been donated by Mr. Savage and by Mr. Percy Hill of the Canadian Tire Corporation. There will also be a special prize for children.

And while these many events are in full blast, the midway, with thrilling rides and games will also be operating at capacity.

UNIONVILLE : Unionville Fire Department has a new chief. Ben Gayman has been appointed chief of the brigade, it was announced recently, to take the place of Myrl M. Smith, who has resigned for business reasons.

DON MILLS : Prime Minister Diefenbaker will attend a public reception in the Don Mills Curling Rink the evening of May 22, Frank McGee, Progressive Conservative candidate in York-Scarboro announced this week.

Mr. McGee said invitations to meet the Prime Minister will be delivered to 50,000 Scarboro homes. Parking will be available for 6,000 cars, he said.

And for relaxation in the evening — come and watch the ball game between the starry Toronto team of Ostrander's Jewellers and Richmond Hill's Dynes Jewellers — sure to be a sparkling event!
