June 2 Deadline To Get Name On Voters' List

Saturday, June 2 is the deadline for voters who want to cast their votes in the Federal election. This is pointed out by York North Returning Officer Warren Baillie.

Typewritten voters lists have been posted in public places in the various subdivisions in York North, as in other communities throughout the country. All persons qualified to

vote should consult them to make sure that their names are there. Other wise they will not be entitled to cast their ballots on June 18.

Persons noting errors or omissions in the typewritten lists, covering themselves or anyone else, should contact, either personally or by telephone, the returning officer or the committee rooms of one of the candidates. They will then be advised what action to take to have the error corrected.

Key dates to remember in this connection are May 31 and June 1 and 2. These are the only dates when appeals for revision, correction or additions to the voters' list can be heard by the revising officers. From June 3 on to election day it's too late. If the voter isn't on the voters' list at that time, the vote is lost.

The revising officers commence their duties on May 25. They will work for five days under the direction of Mr. Baillie, checking the queries and complaints received by them. The following three days they will work for Mr. Baillie. During these days they will check carefully all known or reported cases of faulty enumeration. In this connection it is stressed that it is up to the individual citizens themselves, and not to any public servants, to report any inaccuracies so that they may be checked and verified or corrected.

Thus, anyone whose name has been left off the list should make sure to report that omission. Then a team of revision agents will be sent to the voter's home to check the enumeration and will report the facts back to the revising officers.

Under the terms of the election act, it takes a voter to check on a voter. In other words, only persons who are registered and on the voters' lists can challenge the validity of another name.

If you have any question regarding the voters' list it is suggested you contact Returning Officer Warren Baillie at AV 5-2324. Mr. Baillie resides at Concord.

J. Ross Stevenson Goes To Scarborough

F. L. G. Chapman High School Superintendent

Members of the York Central District High School Board were considerably dismayed when a letter from the Scarborough Township Board of Education was read at their May 14th meeting, asking that the York Central Board release their newly appointed superintendent of schools to permit him to accept appointment as superintendent of Scarborough Secondary Schools.

Mr. J. Ross Stevenson, who is at present the principal of David and Mary Thomson Collegiate in Scarborough, had been appointed to the \$15,500 a year superintendent's post with the York Central Board several months ago. Although he had attended numerous board and committee meetings since that time, he had not yet assumed the duties of superintendent but was to do so in August.

The board discussed at considerable length whether or not to release Mr. Stevenson from his contract and finally decided to do so. Two other of last year's applicants for the post were called and came up to be interviewed. The board interviewed the two applicants and then announced the hiring of F. L. G. Chapman as the new superintendent. Mr. Chapman holds the post of principal of Richview Collegiate in Etobicoke and will not be available until the middle of August as he teaches a course at Queen's University in the summer. He will however, attend as many

board and committee meetings as possible in the interim in order to familiarize himself with the area schools.

New School

It was also announced at the meeting that the board had forwarded a proposal to the Department of Education for the erection of a 1,000 to 1,500 student school at the Langstaff and Bathurst site. More detailed plans for this school have not yet been made as the board is awaiting completion of a survey of the future high school population of the area. This is to be ready for the next board meeting on May 28th.

Since the last meeting, members of the board had met with Mr. Ronald Forrest of the Markham Township Planning Board who outlined for them the population trends and plans in the township. Mr. Forrest has been asked by the board to locate a suitable site for a high school in the Bayview-Markham area, in the south-east corner of the board's district. It is expected that a new high school will be required in this area within the next three or four years.

Chairman Ross paid public tribute at the meeting, to Mr. Roy Clifton, of the staff of the Richmond Hill High School, for his excellent work in the production of the recent school play, "Berkley Square". Chairman Ross stated that it was quite the finest amateur production he had ever seen and a letter has gone from the board voicing appreciation to Mr. Clifton for his good work.

Several members of the board announced their intention of attending the panel discussion

to be held at Bayview High School on May 24th, where the five municipalities of Markham, Vaughan, Richmond Hill, Woodbridge and Markham Village will discuss the possibility of amalgamation of their services.

Town Police Force Answers Variety Of Calls Over The Holiday Weekend

In spite of the heavier than usual traffic through town over the holiday week-end, Police Chief R. P. Robbins reports only two minor accidents. On Friday, May 18th at 3:55 p.m., a car driven by Robert Hearn of Richmond Hill caught the front corner of a car driven by Pauline Braeey-Gibbon, also of Richmond Hill, at Markham Road and Yonge Street. Damage to the cars amounted to approximately \$275.00. No charge has been laid but the case is under investigation.

The other accident was a tail-end collision at 123 Yonge St. South, Charles Fraser of Toronto, ran into the rear end of a car driven by John Walseman, also of Toronto, when the latter stopped. Damage was in the neighbourhood of \$220.00, but no charges have been laid.

On Friday evening, seven young men were arrested in the north end of town and were charged in police court on Tuesday morning with creating a disturbance. Five of these were also charged with the possession of liquor. They were remanded until June 21st.

Also appearing in police court Tuesday morning was Jeanine Guennette. She was picked up in Toronto on a warrant issued by the Richmond Hill Police in 1960 for breaking and entering. Her case was remanded until Thursday and bail set at \$5,000.

Two 17 year old Toronto boys also appeared in court on Tuesday morning and pleaded guilty to car theft. One car was stolen from Wilson Niblett Motors, Richmond Hill and one in Toronto. They are awaiting sentence.

Vincent Gorman of Toronto was remanded to June 7th on a charge of theft of liquor. It was while investigating this case that the police uncovered the facts about the Los Angeles car theft case for which two Alberta men were sentenced in court last week.

Chief Robbins reports that the town's six new sets of traffic lights and the new parking signs will be ready for June 4th. The stoplights will be at Markham Road, Centre Street, Crosby Avenue, Levedale Rd., Industrial Road, and Elgin Mills and they will all be synchronized.

Yonge Street Signs

With respect to the restrictive parking signs, the chief points out that ample off-street parking is provided at various points throughout town. There is parking space for approximately 80 cars behind the Post Office, 45 behind the Bank of Nova Scotia, 30 behind Woolworths and a municipal lot for about 30 cars behind Thompson's Sunoco Station. Chief Robbins asks that people be very observant and try as much as possible to obey the new signs, which will benefit the whole community.
