

Area Parks Report Busy Victoria Holiday Time

A report from Mr. A. D. Selwood parks supervisor at the Department of Lands and Forests in Maple, indicated all five of the Lake Simcoe Forest District parks were just about filled to capacity over the Victoria day week-end, with over 1,000 camping permits issued. On the same week-end last year, only 450 permits were issued. At Sibbald's Point at Sutton, on Lake Simcoe, all 650 campsites were occupied during the week-end.

The picnic areas were also well filled and over-all, the number of week-end visitors to the parks was comparable to the usual July 1st onslaught. The department is expecting a busy season if the weather holds warm and dry. No additional campsites are planned for the immediate future.

The Metropolitan-Toronto Conservation Authority also reports that their seven areas were well patronized over the week-end with a total of approximately 55,000 people admitted to the parks. This is a good 15,000 more than for the same week-end last year.

The Boyd Conservation area, north of Pine Grove had 13,500 visitors; 7,750 people visited the Pioneer Village at the Black Creek site; 12,000 people went to Heart Lake, in spite of the fact that the swimming facilities were not open and 13,500 people went to the Albion Hills Conservation Area. Mr. C. B. Thompson, deputy treasurer of the authority reports that as life-guards are mainly students it is difficult to man the swimming sites at this time but that they will be opened in mid-June.

no new parks planned for the near future, it is enlarging several of the established areas and one new one will be opened this year at Cold Creek, north-west of Bolton. This area will be used mainly for organized sports however, with a small picnic area.

Town Firemen Answer Victoria Day Call To Walter Scott Public School

Despite many appeals from Fire Chief Alfred Stong to parents, children and the public alike, regarding the careless use of firecrackers, they were the direct cause of the fires that the Richmond Hill Fire Department was called out to extinguish over the weekend.

At 9.10 a.m. on Victoria Day, a call was received from the caretaker of the Walter Scott Public School that a fire had started in the corner of one of the wooden frame portable school buildings. Prompt response by the brigade was followed by extinguishing the fire with water carried in the tank of the fire truck. Children had

tennis courts have been well used for some time and the swimming pool is being readied for opening this week-end. The new manager of the pool this year is John Hanna of Elgin Street, Thornhill and his assistant is Brian McLean, Concord. These two, with Murray Hanna and John Lambert spent a busy Victoria Day week-end working on the pool property.

On Saturday, the brigade rushed to Duncan Road, Richvale, to put out a blazing pile of scrap wood, which had started from the embers of a bonfire the day before. On the same date — only in the middle of the night — the fire department had to turn out and extinguish a fire that was burning in a hollow tree, menacing property just north of town. The origin of this fire is also blamed on children who were seen setting off fireworks in the vicinity.

Principal Morrow Accepts The Eckhardt Trophy

Principal Wright Morrow of Richmond Hill High School accepts the Eckhardt Trophy which his school won at the North York Track and Field Meet held last week at the Aurora High School. Some of his students are seen grouped around Mr. Morrow. This marked the sixth year in a row that Richmond Hill High won the trophy. Complete details of the event can be found on the Sports Page.

Pierre Berton Calls For Support Of Peace Aims Of Dr. Norman Alcock

Pierre Berton, noted news-columnist and TV personality, received a standing ovation following his address to nearly 200 Rotarian and their ladies at a very successful dinner Rally in Newmarket last Wednesday sponsored by Rotary Clubs of zone 6, district 707.

He spoke in support of the Canadian Peace Research Institute and told of the background of its founder, former nuclear research physicist Dr. Norman Z. Alcock.

"It is very hard", said Mr. Berton, "to ask people to make a financial contribution to a research program that does not offer nor even guarantee ultimate success. However, in this critical era in the world's history, when men for the first time have found the means to destroy civilization entirely, I not only welcome the opportunity but wholeheartedly support the proposal of Dr. Norman Alcock and his associates to begin in Canada a chain of research centres across the world for the application of reason and science in the cause of peace. The guest speaker was introduced by Vice-President Donald Plaxton of Richmond Hill Rotary Club, and following his address a presentation was made to him by Governor Elect Ed. Storie of district 707.

Honour York Central Division Guide Leader With Presentations

District commissioners of York Central Division recently met in Thornhill at the home of Division Commissioner Mrs. McTaggart-Cowan. The meeting opened with the Guide prayer, and the reading of the minutes and treasurer's report by Secretary Mrs. Ball, Mrs. McTaggart-Cowan then presented District Commissioner Mrs. Ford of Richvale with her Lamp of Learning Pin and warrant which officially recognizes her as a trainer to help those who volunteer for Brownie and Guide work anywhere in the division. Mrs. Knight of King received a Ten Year Citation Ribbon in recognition of her ten years' service in the Guide movement, four years as Brown Owl with the 30th Dundee Brownie Pack in Scotland, four years as Brown Owl in King and for the past few years as district commissioner.

The remainder of the meeting was taken up with reports of district activities and discussion of future events. A Music Night is planned for early fall when Mrs. Storey in charge of area music will present new Guide and Brownie songs. Camp advisors Mrs. Inglis and Mrs. Rummy reported that forty-four division Guiders will be taking week-end or week camps this summer. It was thought that interest might be stimulated in the districts to support Guiders who are well qualified as campers to attend international camps. Camping outside her own country is a worthwhile and thrilling experience for any Guide and it is hoped that local groups will be interested in helping with this project.

- North Gwillimbury
- Vaughan
- Whitchurch

Permits for installation and applications for inspection are obtained at district offices of the

YORK COUNTY HEALTH UNIT

Winnipeg Is A Gracious Host Of Drama Festival

Back in Richmond Hill after a week in Winnipeg, where they competed in the Dominion Drama Festival are members, cast and crew of the Curtain Club entry, "Don't Listen Ladies".

Although the weather was generally wet and gusty it did not spoil the social activities planned for the week by the Dominion Drama Festival committee. On Sunday the Lieutenant Governor held a reception for all the competing clubs at the Government House, followed on Monday by the City of Winnipeg luncheon at the Fort Garry Hotel. In the evening after the performance of Dulcinea by the St. Boniface group, a reception given by the Province of Manitoba was held in the Legislative Buildings.

A full day theatre conference was planned for Tuesday, under the sponsorship of the Manitoba Theatre Centre, including a tour of the centre, lunch, and a special performance of a new Canadian play, Look Ahead, by the Manitoba Theatre Centre. On Thursday a theatre conference was again held at the centre with Jean Gaston as guest speaker. Friday, which dawned fine and warm, was ideal for a tour and tea at Lower Fort Garry with Miss Barbara Johnson, Curator, acting as a most interesting guide-lecturer. Green Room parties were held in the hotel after the evening performances, and a final gala party at the McGregor Armouries completed the social rounds of the week.

Two private parties were given for members of the Curtain Club on Thursday, a luncheon by the T. Eaton Co. of Winnipeg and a dinner party at the home of Mr. and Mrs. G. Dennehy.

The Saturday night performance of "Don't Listen Ladies" was an enjoyable evening for the audience, but the adjudicator, Mr. John Berry, although liking Mary Monk's performance, would have preferred her to have been more run down. Suzanne Grew he found very attractive with a lovely voice and a lovely quality, although there was a tendency to play each word for its own value.

The adjudicator noted that Alan Stebbings was having trouble with his mustache but still found his comedy character a very pleasing effort, while Bill Ferguson's characterization as the baron was termed a nice one, well played.

As its leading actor, the adjudicator found Gerald Crack warm and likeable in his performance. The production directed by Stephen Ker Appleby, Mr. Berry found a very good effort, showing a lot of hard work, with a lovely setting by Ann Featherstonhaugh.

The week was most interesting - the plays exciting, especially the French groups - and the Curtain Club have learned a lot from their experience, and hope they will be proficient enough to compete again in the Dominion Drama Festival in Kitchener next year.

Markham School Area 10 Teacher Openings Bring 128 Applications

If the experience of T.S.A. No. 1 Markham is any indication the shortage of teachers - public school teachers anyway - is just about over. To fill their 10 vacancies, the board had 128 applications, it was announced at their May meeting held at Henderson Ave., Public School.

The new teachers engaged are Mr. Robert Seager, Miss Janet Matthews, Mr. Bruce Murray, Mr. Bruce Collins, Miss Ellen Sterling, Mrs. Elizabeth Nieczyoruk, Mrs. Marilyn O'Hagan, and Miss Pamela Crowe.

Mr. Albert Mooreby will be physical education supervisor and Mr. Allan Todd will be in charge of the new senior opportunity class, to be set-up in the fall.

Mr. Karl Kinzinger, who has been principal of Thornlea School for several years has been appointed principal of the new Bayview Glens School, while Mr. Lyn Evans, former physical education supervisor will be the principal of Thornlea School.

The pre-school "round-up" is to take place the latter part of May. On May 29th, pre-school children from Henderson Ave., area, German Mills, and Bayview will register at Henderson Avenue School. On May 30th, registration will take place at Woodland School for Woodland and Langstaff districts. On the afternoon of June 1st, registration will be held at 18th Avenue School for children of that area as well as those from north, central and south Thornlea. John Street and Green Lane. Approximately 60 new pupils are expected at Henderson Avenue School, 35 at Woodland and

35 at 16th Avenue. The number of kindergarten pupils for Bayview Glens is as yet, an unknown quantity.

The new senior opportunity class will be held at Woodland School with the junior opportunity class at Henderson Avenue School. However, pupils presently attending the opportunity class at Thornhill School, through arrangements with the Vaughan Township School Board, will continue there until they have finished their course. Similarly, the students presently attending the Langstaff and Charles Howitt Schools will be allowed to complete their courses without changing schools.

All the necessary approvals have been received for the Bayview Glens School and tenders closed for its construction on May 15th. On Seinecliffe Drive in the new Bayview Glens subdivision, this will be a six room school, plus a kindergarten, plus a combined playground auditorium.

Good progress is being made on the Woodland School addition. The exterior grading is now being completed and it will be finished by the end of this month.

The board received a delegation from the library board at their meeting, consisting of Mrs. E. A. Percival, Mr. Philip Whithead and Mr. G. Zinkan. The delegation asked that the school board use its good offices to try and get the library board a larger grant for the township as they were concerned at the inability of the library to provide enough reading material for the children, especially reference books. They pointed out that the library received tax money only from residents of Thornhill, although it serves people from a much larger area. The fee of \$2.00 per adult and 5 cents per child did not provide enough money to buy enough new books. The matter was left in the hands of Mr. Alan Parker, chairman of the educational committee, to back a recommendation as to how the school board should best assist the library board.

Trustee Louise Aimeone reported for the health, safety and recreation committee that the board's entire staff had received a lecture and demonstration on the use of fire fighting equipment on May 3rd. Trustee Mr. J. D. Stone had given the demonstration. Mrs. Aimeone also reported that bicycle rodeos would be held before the end of the month with the Markham Police giving safety lectures. These will be in charge of the individual principals. An area field day will be held on the afternoon of June 13th at Henderson Avenue School.

The board will hold a public relations meeting on May 30th in the new Woodland School Auditorium, when they will report to the ratepayers on the business of the board. Invitations to this meeting will be sent home with the children.

The total enrollment in the area's schools as of April 30th, was 1,120, an increase of seven over March, and an increase of 188 over last year, at this time.

As a follow-up on the "occupations" lectures which were given by various professional and business men of the area to the Grade 8 students, these pupils were asked to write a letter to the supervising principal commenting on their reaction to the lectures. Mr. Sand reports that he has had many very fine letters. One student stated that he felt that his insight into the professions and occupations had been broadened by the lectures; that he felt the information he had received would be of benefit to him in the future; and that the lectures had removed any doubts from his mind on the advisability of obtaining a higher education.

At the June meeting of the board, Mr. Sand and Mr. Kinzinger will give a report on the operations of the special classes

WHAT'S THE 'INSTALMENT PLAN' WAY TO SAVE FOR THE BIG DAY?

When you're looking ahead to wedding expenses, a trip to Europe, or a down payment on a house, ScotiaBank's Personal Security Program is the ideal savings plan. PSP—exclusive with The Bank of Nova Scotia—puts saving on the same organized basis as your program of payments for anything you might buy on the instalment plan. It works this way: You select a goal (anywhere between \$100 and \$2,500) which you reach in fifty equal deposits. As you save, you're life-insured for the full amount of your goal. When you reach your goal, you collect all you've saved, plus a cash bonus. Ask for details on PSP at your nearest branch of The Bank of Nova Scotia.
