Little Tissee Hudson, two year old daughter of Mr. and Mrs. Bruce Hudson, Dufferin Street, was rushed to Branson Hospital at the week-end, as she was dehydrated and badly swollen. Her mother says, "On Sunday night she was better but will be in hospital a few days more for tests to be taken. We

Read, and Mr. and Mrs. Gordon Real along with friends from Concord, Thornhill, Richmond Hill and surrounding community. Approximately 114 people attended and gifts were received from 25 others who were unable to attend. Ken and Carolyn were the recipients of many, many lovely and useful gifts which expressed the esteem and respect that all have for Ken and his family. Carolyn's grandmother, Mrs. Annie Thorne and Mr. Ashley Moore of Thornton were also present.

Miss Gloria Bowes and Debbie Mineshank made very sweet carriers of the baskets of gifts to Ken and Carolyn, who thanked their friends very much for their gifts. Carolyn expressed the pleasure with which she was looking forward to coming to this neighbourhood. Ken said he usually could think of something to say but was almost speechless and could only say, "Thank you."

Ken and Carolyn are to be married on June 9, at the Salvation Army Citadel, Barrie. We all join in wishing them years and years of happiness in the future.

Junior Anglers
Congratulations to David Rat- chford, Brookside Dr., on his "catch" of a nine-inch speckled trout, last Saturday, at the Albion Hills Conservation Area. David represented the Grade 7 and 8 boys at Jefferson School. Representing the girls of Jefferson at the same event was Miss Ruth Harper. They had a wonderful day.

Each of the nearly 700 young- sters who attended, received a crest from the Department of Fisheries, to commemorate the annual junior anglers' day.

Cub News
Don't forget the annual "York Summit District Cub Rally", being held on Saturday, June 8, at Thornhill Park.

Akela says: "Just a note to the cubs of the 1st Jefferson Pack, we have mentioned that only those cubs who attend the rally will be eligible to go to the 1st Jefferson Cub camp, the weekend of June 22."

At a "Father's Meeting" held Wednesday, May 23, there were six fathers present together with Cub leaders Mr. and Mrs. E. Ensor, ironing out the problems for the two-day camp, to be held at Oxtail, Orangeville, in the Hawkey Valley.

Brownie and Guide News
The 1st Jefferson Brownies and Guides held their annual mother and daughter banquet on Tuesday at St. John's Parish Hall.

Getting Around
Miss Mabel Louise Robertson spent the holiday weekend with her aunt, Mrs. Mabel Alexander of Toronto, travelling by motor to eastern Ontario. During the trip they stopped at all the historical sights between Toronto and the village of Ingleside, near Cornwall. Among the highlights were a visit to "Old Fort Henry" in Kingston and Upper Canada Village, just west of Cornwall.

Another long to be remembered stop was when they visited Haldimand Baptist Church, near Colborne. The church - the oldest Baptist Church in Ontario - was started in 1798.

On Wednesday of last week, accompanied by her mother, Mrs. G. Robertson, Mabel Louise attended the first mother and daughter banquet of the 1st York North Land Ranger Division Company at Scout and Guide Hall, Newmarket. Although Mabel Louise is not a member of this group she was adopted by them during her stay in hospital last year - soon after she had joined the 2nd Ontario Lone Rangers. (The Lones are a group organized to help those Guides and Rangers, who, through sickness or due to distance, are unable to attend regular ranger meetings.) The girls have included Mabel Louise in all of their activities, since she left hospital, and have helped her with her Ranger work. Last Saturday, they took her along with them when they motored to Niagara Falls, a trip most thoroughly enjoyed by all.

"Get Well Quick"
We regret to say that many of the children in the Elgin Mills area are sick - some have chicken pox and others are laid up with scarlet fever. Get well wishes are also extended to Mrs. Bert Smith who was rushed to Newmarket Hospital, Sunday, May 27, where she will stay for a few days under observation.

Home From Mexico
Mrs. Jack Drew of Elgin Mills has returned from a wonderful trip to and from Mexico, by jet, where she visited her sister, Mrs. Stanley Sandler, at the Walker Air Base, Roswell, New Mexico.

While there Mrs. Drew motored into Texas - and although not in a writing mood, she did take notes for future poems. Asked about the weather - since this is the subject always on everyone's mind - Mrs. Drew said it was between 89 and 99 degrees and very dry in Mex- ico, and most enjoyable. "It was quite a bit hotter here, when I got back", she said.

News 'N Notes
Mr. and Mrs. Douglas Eppes of Scarborough, and children Marion and Robin, spent the holiday at the home of Mr. Eppes' aunt, Mrs. H. G. Robertson. Mr. and Mrs. Ensor and children and friend, Pte. Wayne Jordan, spent the weekend at Alliston, in Earle Rowe Park.

The E. A. Terrys spent the Victoria Day week-end at their Lake Simcoe cottage. Mr. and Mrs. Gerald Crack returned Monday from the Dominion Drama Festival at Winnipeg, where they had a most enjoyable time, along with fellow members of the Richmond Hill Curtain Club, and other Little Theatre groups from across Canada.

90% of all oil company product research in Canada is done by Imperial

At Imperial Oil's laboratories at Sarnia, Ontario, more than 200 scientists and technicians are working to improve present petroleum products - and to develop new ones. Their research covers many fields, from gasolines to household detergents.

Another 130 scientists and technicians are working at Imperial's Calgary laboratories on ways to find and produce more Canadian crude oil and natural gas. Imperial does more research than all other oil companies in Canada combined.

Every barrel of crude oil contains some of the sun's heat. Imperial research works to unlock more of this energy. After five years' intensive research, Imperial found a chemical additive which makes more heating oil available from Canadian crude oil. One important result: less oil imported to heat Canadian homes.
