

Receive New X-Ray Equipment At York County Hospital

Pritchard X-Ray Limited of Richmond Hill are the suppliers of this modern x-ray machine for the new York County Hospital to be built this year in Richmond Hill. Many new technical features are incorporated in the unit.

To Be Supplied By Richmond Hill Based Industry

A local firm, Pritchard X-Ray Limited, has supplied the equipment for a new x-ray unit at York County Hospital, Richmond Hill.

Equipment incorporating the most up to date design features was manufactured in the company's own plant and is the first complete unit of this design supplied by the firm.

It features a ceiling mounted x-ray tube so that the room is completely free for the movement of patients and staff. Special technical features supplied for the first time in x-ray equipment are part of this installation.

The department will also receive, later this year, an automatic film processor. This piece of equipment enables x-ray film to be processed and delivered dry in seven minutes compared to one hour under the present method.

Patients will be pleased to hear that the time spent in waiting for the results of their x-ray will be considerably shortened and the procedure of offering a tentative diagnosis on the basis of wet films will be unnecessary.

The processing of film will be reduced to the simplified feeding of the x-ray plate in one end and receiving the dry developed film at the other.

Board Chooses Architect For Proposed New School

(By Margaret McLean)

At a marathon meeting that went till midnight June 25, the York Central District High School Board interviewed representatives of three firms to select an architect for the proposed new high school at Langstaff.

The management committee had previously visited a group of architectural firms and had recommended the final choice be made between the firms of Pentland and Baker, Ross King, and Shore and Moffat.

Representatives of the firms addressed the board separately, outlining the policies of their firm and the school construction they had done previously.

After considerable discussion, the board voted to employ Ross King of 50 Sheppard Ave., East.

Mr. King designed the Vincent Massey Collegiate in Etobicoke. He also designed the Scarlett Heights Collegiate, now in the course of construction.

His was the smallest firm of those interviewed and he stated that he would deal with the board personally, prepare specifications and supervise the construction himself.

In his talk to the board, Mr. King stressed his familiarity with the need for possible early expansion of high schools built in communities with a high growth potential.

He outlined how his problem had been planned for in detail in the construction of the Vincent Massey Collegiate.

Tenders were opened for the construction of shop storage rooms at Richmond Hill and Bayview High Schools.

Two bids were received for the storage room at Richmond Hill High School, from Northlake Construction, Concord, for \$5,853 and W. A. Stephenson, Willowdale, for \$7,900. The contract was awarded to Northlake Construction.

Tenders for the storage room at Bayview, which is also to be used temporarily for a classroom, were twice as high as the board had expected.

Varamae Construction, who are presently building the addition to the school tendered for \$19,200; John Goba Limited bid \$21,000 and W. A. Stephenson bid \$19,900.

It was decided not to accept

any of the tenders. It will discuss the matter at the next meeting of the property committee, to which the principals have been invited.

Tenders were also opened for the supplying of additional cafeteria equipment made necessary by the Bayview addition. The tender of Toronto Refrigeration Company was \$6,774.13 and the S. H. Newan Company bid \$7,750. The contract was awarded to Toronto Refrigeration.

On the recommendation of the property committee, it was decided to rent two portable classrooms from T.S.A. No. 1 Markham, at \$60 a month. Cost of moving the portables to the site and returning them will be \$635.

The list of furniture and equipment required for the Bayview High School was gone over by the board and approved. It was noted that the cafeteria tables specified were collapsible. They can be folded up quickly for storage, thus making it possible to use the cafeteria for different purposes.

On the recommendation of the planning committee it was decided to adopt the comprehensive report on future enrolments prepared by Mr. Ashworth.

The report contained a breakdown of present school enrolments and gives the rated capacity of the area's four high schools as 430 at Woodbridge, 830 at Richmond Hill, 1,230 at Thornhill and 1,000 at Bayview, for a total capacity of 3,490 pupils.

Possible additions to these four schools would add a further 400 students at Woodbridge, another 240 at Thornhill (although this would require another gym) and 450 more at Bayview.

Predictions of future possible enrolment are made uncertain by the possible effect of the new Roberts plan on high school attendance. It is expected that this new system will decrease drop-outs. Unusually rapid growth in the area will also affect the estimated enrolments.

It is expected that capacity enrolments will be reached as follows: at Thornhill in 1968, at

Woodbridge by 1969, at Bayview by 1964 and at Richmond Hill by 1965.

The report predicts enrolments up to 1969 when a total of 4,460 pupils are predicted. Mr. Ashworth said that these predictions are necessarily less valid farther in the future and are probably on the light side.

The area to be served by the new Langstaff High School, which will be needed by 1964, is expected from Steeles Ave., on the south to Maple Road on the north, and from Yonge St., to Highway 400, excluding the block between Yonge and Bathurst, from the river in Thornhill to Steeles Avenue.

Also to be added is part of Markham Township between Highway 7 and the area of Richmond Hill between Bayview and Yonge St. If relief is needed at Richmond Hill High School, the village of Maple could also be included.

The report prepared by Mr. Ashworth included appendices showing future growth predictions for Markham and Vaughan Townships.

The long range plan for Markham shows an ultimate population of 59,000, with 400 to 500 houses per year expected for the next few years.

This is based on the predictions of the Markham Planning Board and is not supported by Murray Jones of the Metro Planning Board who feels that lack of services, especially sewers will limit growth in the area.

Using the figure of 6 per cent of population as high school students, the 59,000 population of Markham Township would indicate an ultimate high school enrolment of 3,500.

This would mean three schools each with a capacity of 1,200. The Markham planning director has been asked to recommend several good sites.

Expected population figures for Vaughan Township as contained in the report, indicate an ultimate growth of 92,000 in the Yonge Bathurst area.

This means a school population of 5,500. Rate of growth is expected as 1,000 persons per year, with 60 in high school. Vaughan will ultimately require four or five high schools.

Wedding Bells

Marilyn Marguerite Hayes, daughter of Mr. and Mrs. Victor McDougall of Elgin Mills was wed to Mr. George Edward James Beatty of Richmond Hill, Saturday, June 23. The Rev. C. G. Higginson officiated at the service held at Richmond Hill United Church. About sixty guests were present at the wedding ceremony and later attended the reception which was held at the Aurora Highlands Golf Club.

Langstaff & Thornlea News

CORRESPONDENT: MRS. B. LEPKEY
Phone AV. 5-3489

Sharon Suter celebrated her birthday June 30th; Mrs. Iris will celebrate on July 10th; Ingrid Heinenon, July 10th, and Brenda Lee Harris, July 11.

Mr. and Mrs. Dan Denby celebrated their third wedding anniversary July 4.

Mr. and Mrs. Dament celebrated their 17th wedding anniversary June 23.

Debbie Thompson, Garden Avenue, is progressing satisfactorily in the Branson Hospital following a recent operation.

School officially closed for the summer June 29 and to celebrate this long awaited day, class parties were held for each room at Thornlea School.

One of the school's best kept secrets was a party held Thursday afternoon in Miss Nicholson's room, when a group of the Grades 1 and 2 mothers invaded the classroom after the 2:30 p.m. recess armed with Freshie and cookies.

The reason for the occasion was to present Miss Nicholson with a parting gift of a travel alarm clock from the children in her class.

Mrs. R. Evans and Mrs. H. Maier were in charge of the party.

"The Fabulous Mr. K", this was the name affectionately given Karl Kinzinger by Lynn Evans at a surprise party held in his honor at Thornlea School June 25.

Mr. Kinzinger, who has been principal of Thornlea for three years, will take the position of principal at Bayview Glen School in September.

Thornlea Home and School Association held the party to honor him and pay tribute to

his work over the past years. Mr. Kinzinger has given his time on Saturday mornings to coach Grade 9 students in mathematics.

In appreciation of this, a presentation was made by Jacqueline Holmes on behalf of the students.

Mr. A. Roots, president of the home and school association presented the principal with a movie camera, complete with screen. This was a joint effort from parents, past and present, students and staff.

Mr. Evans presented red roses to Mrs. Kinzinger.

During the evening, presentations were also made to other members of the staff who will be leaving Thornlea.

In making a presentation to Miss Nicholson, Mrs. A. Wright noted that she had been at Thornlea since it opened in 1955. She received a China teapot with matching cream and sugar set.

Mrs. Budget received gifts from her pupils and also the home and school association.

Red roses were presented to all the outgoing teachers by Mr. Evans, and to Mrs. Liffin past president of the association by Ruth Lepkey.

Mr. Evans as Master of Ceremonies kept the party rolling and thanked Mrs. Roots for her part in organizing the evening. He made her a presentation of roses.

Large Crowd Attends

It was a full house for Thornlea on this happy yet nostalgic occasion, when pupils, parents and staff gathered for coffee and cake, and soft drinks and doughnuts for the young crowd.

Mr. Sands and Mr. Frost also expressed their pleasure in being able to attend. They remarked that if all home and school meetings could be so well attended, Thornlea would no doubt set a Canadian record.

In thanking the home and school for his gifts and for such a pleasant evening, Mr. Kinzinger said he felt it would be a good time to mark the register as there were so many people present that had not been there in the morning.

Asked if the party had been a surprise, he said "yes until 12 o'clock when little birds started buzzing."

There is no doubt the departing principal has left his mark on Thornlea.

NORTH RICHVALE NEWS

CORRESPONDENT: MRS. A. BLACKBURN

On June 27, the graduation banquet was held in Ross Doan School.

Mrs. C. Cutler welcomed the graduates and guests and Rev. J. O'Neil said grace, followed by a toast to the Queen by R. Masters.

Dinner was followed with a toast to the graduates by Mrs. W. Weese. D. R. MacDonald brought greetings from the school board. The valedictory address was performed by Miss Nicholls.

Mrs. E. Lambert introduced the guest speaker, Rev. Jas. O'Neil. He was thanked by Mrs. R. Gray.

F. Callaghan presented the highest academic award to Mark Kirk. Mrs. J. Melnic presented Brian Walker with the general proficiency award.

The graduates all received pins, and presentations were made by Mrs. Lambert, Miss A. Harris led in the graduation singing.

Graduates are: G. Adams, G. Lenneville, E. Boustead, M. Len ton, L. Burbidge, S. Manning, B. Cutler, G. Masters, L. Gray, D. Middleton

R. Gray, A. Nesbitt, W. Hagen, M. Nesbitt, W. Hiltz, G. Newton, P. Houston, J. Nicholls, B. Hunt, W. Pederson.

L. Huntley, R. Prentice, E. Johnston, L. Speedie, P. King, D. Tinkler, M. Kirk, P. Todd, D. Larose, B. Walker, J. Lawson, R. Weese.

Richvale School

A graduation banquet was held at Richvale School June 27 for Grade 8 students. Mrs. Kirk, president of the home and school association presided.

After dinner, served by Grade 7 students and prepared by Grade 7 parents, the graduation exercises commenced.

G. Gibson, superintendent of schools for Vaughan Township, in proposing a toast to the graduates reminded them they must strive to make their "good", better and their "better," best.

The valedictory address was delivered by Debbie Kirk. Stephen Montgomery proposed a toast to the school on behalf of his classmates. Mr. Kurita, principal, responded.

Awards were then presented. The penmanship prize was won by Sharon Bailey, Vaughan Tunneling Citizenship Award went to Lesley Gould as the citizen of the year and the academic scholarship was won by Debbie Kirk. All the graduates were presented with a school pin.

Guest speaker for the evening was Miss P. Paul, a former student at the school and now in training at Wellesley Hospital. She spoke of our lives being like a tree, with the roots and trunk growing as we acquire more and more education. She also told of some of her interesting experiences at the hospital.

Mrs. Mona Robertson, vice-chairman of the school board brought greetings from the board.

The surprise feature of the evening was a special song, original even to the disharmony, which the Grade 8 pupils

sang for the principal. Mr. Kurita, Audrey Butler and Bryan Freeland presented a gift to Mrs. Downing.

Mrs. Kay Kirk, who is leaving the community for Barrie, was presented with a cheque for the new hospital in Richmond Hill, donated in her name.

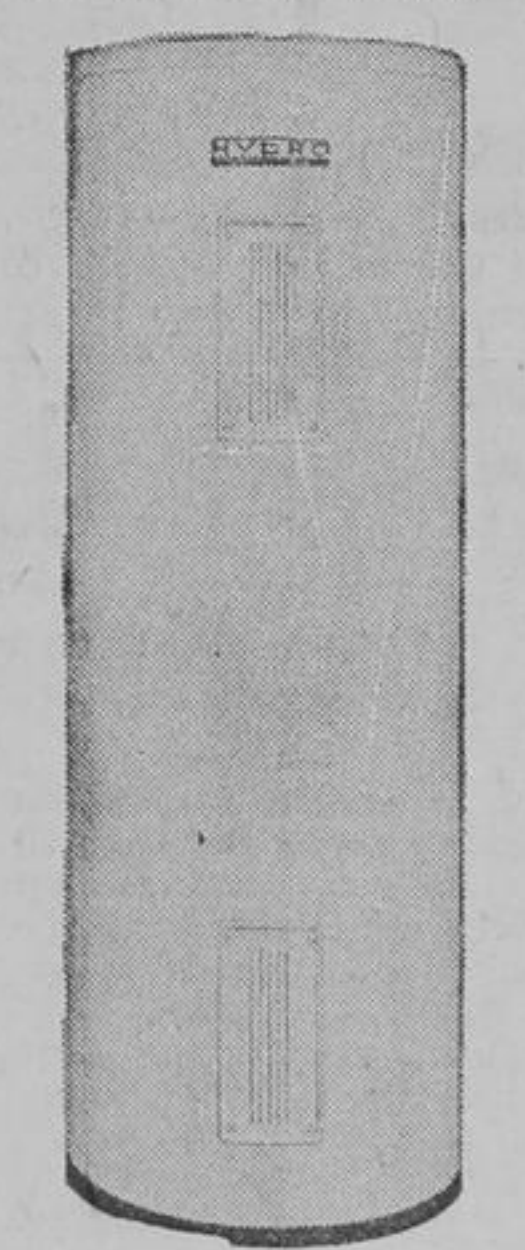

Rev. A. Higginson of Richmond Hill closed the evening with a prayer.

A party was held for Barbara Rankin June 29th, on her ninth birthday.

Those enjoying games, prizes, hot-dogs, pop-corn and cake were: Linda Lamire, Karon Wood, Caren Brown, Nancy Urban, Debbie Blackburn, Lesley Cutten and Lance Rankin. Mr. and Mrs. D. Fettes and Cathy, spent last weekend in Boston, Mass.
