Mothers Entertained St. Paul's Church was the setting for the mother and daughter picnic held by the Guide and Brownie Groups of the district June 25.

Mothers brought box lunches and the auxiliary provided milk, tea, coffee and cream.

After the picnic the girls entertained the mothers. To the accompaniment of Brown Owl Mrs. E. Charuk, the Lake Wilcox Brownie Pack sang Blue Moon. They were joined by Tawny Owl Mrs. Mary Crittenden and the Oak Ridges Pack, who led the mothers in an old fashioned sing-song.

The Guides contributed to the program by putting on three skits, two of which were audience participation.

Mrs. R. E. Flubacher, Lake Wilcox, thanked the leaders on behalf of the girls and mothers.

Mrs. Redfern, Guide captain responded. Mrs. Redfern, also emphasized the need for help with the Lake Wilcox Brownie Pack, or it may have to be discontinued in September.

An important meeting will be held early in the fall to resume the activities of the local Girl Guide Association and to find a commissioner.

Mrs. McTaggart Cowan, divisional commissioner will address the meeting.

Lake Wilcox Brownies and their leaders, Mrs. E. Charuk and Mrs. J. Ash, spent Saturday on a picnic at Pioneer Village. The group travelled by bus and while there enjoyed a wagon ride.

some, each received a Brownie handbook for their efforts.

Oak Ridges Brownies, accompanied by leaders, Mrs. Terry Whitehorse and Mrs. Mary Crittenden travelled by bus to the Boyd Conservation Park, near Woodbridge.

The bus left on schedule. Mr. and Mrs. Crittenden and family left soon after, but much to their surprise on arriving there, there were no Brownies.

The Brownies were not disturbed over clocking an extra 20-25 miles, going first to Hart Lake near Brampton.

The girls enjoyed a conducted hike along a nature trail at the park, with details being given by a conservation officer. Meanwhile, back at the picnic table, food was being prepared following which the girls enjoyed races, a marathon and wheelchair race.

About 4 o'clock the girls got back on the bus and headed for home.

Church Picnic Mr. and Mrs. Ross Davy and family, Newman Avenue, attended the Associated Gospel Church Picnic at Fairhaven near Beaverton June 23.

The group travelled by bus and after arriving enjoyed races, contests and swimming. The Sunday School teachers provided the sandwiches and the parents supplied salads.

The well-baby clinic will hold their regular session July 10 at St. Paul's United Church, on the South Road, Lake Wilcox.

Our Lady of the Enunciation School, Oak Ridges, held a morning and afternoon get-together for the parents of children in the kindergarten. The class of 50 is non-denominational and is taught by Sister Therisette.

The children were dressed in soldier-like costumes with a green and yellow motif. They marched in a precision drill, performed with percussion band instruments, sang and acted out a song and also recited "I Wonder What The Angels Do".

Sister Therisette accompanied the children. All received report cards and also a gift. Parents reviewed the work that had been done during the year.

Anniversary Celebration A 34th wedding anniversary celebration was held recently for Mr. and Mrs. L. Dion, Oak Ridges. There were about 18 guests present.

As a memento of the occasion a sunburst clock was given to Mr. and Mrs. Dion.

Oak Ridges-Lake Wilcox branch of the York Central Hospital held their regular meeting on June 26.

The main topic of the evening was the garden tea. Final amounts were tabulated, all but a few ticket sales to come in. It was agreed to send a cheque for \$800 to the York Central Hospital.

There will be no meetings during July and August. It was suggested that individuals could have coffee, tea or euchre parties or any activity they could think of, to boost the funds during the summer.

A rather unusual sight met the eye of pedestrians on Yonge Street at Oak Ridges recently. Assembled on the east side of Yonge at the school were some 30 people headed by Piper David Shankland, father of Mrs. Murdo MacDonald of Yonge Street.

The group proceeded to the home of Major and Mrs. F. Malcolm to surprise them. The occasion was a surprise party for the Malcolms who are leaving the community for Senneville, Quebec (near Montreal).

Both the Malcolm children will be greatly missed, as will the parents, by the many friends they have acquired while here. As a token of esteem, the family was presented with a floor lamp for their new home.

Mr. and Mrs. Ralph Sundquist, formerly Norcen Chee of Lake Wilcox, have taken up residence in Oak Ridges upon returning from their wedding trip to the east coast. They were married May 26 at Richmond Hill United Church.

School Vandalism Jumps Principal Tells Meeting

Damage to Doris M. Patton School has been increasing in the past three weeks. Principal Carson Bice told King City Village Trustees at a meeting in the fire hall office June 25.

Seven windows were broken by stones and B.B. shots. The latest damage was a bullet piercing a one and a half inch plywood fire door. Mr. Bice reported.

Trustees assured him that Const. John Hughes would continue regular patrol of the school grounds and said the principal had the authority to confiscate air rifles when found on school property.

Asked if he thought this generation was any worse than the last one, Mr. Bice replied: "No, only bolder. They have no respect for property."

Trustees and Const. Hughes explained the township bylaw covering dogs running at large. Mr. Hughes told Mr. Bice there was no nuisance bylaw against dog-barking.

Asked about wrong-way parking, the officer said up to now the traffic bylaw has been enforced only when a hazard was created.

Study Crossing Chairman Robert O'Reilly and Trustee Robert Berwick have accepted an invitation from Toronto and York Roads Commission Engineer A. J. Retlie, to a luncheon meeting July 3 to discuss the railway crossing report.

Members of King Township Roads Committee and police village trustees were asked to meet at Summit Golf and Country Club to examine recommendations by Consultants Proctor and Redfern for solutions to the dangerous double level crossing.

Mr. O'Reilly reported water consumption had returned to normal with a daily consumption of 88,000 gallons. He said test drilling for a new well south of the village has not been encouraging.

An option was received permitting test drilling on Con. 3, north of King Sideroad. Mr. O'Reilly said an option was being considered on Con. 5.

Secretary-manager G. T. Thompson was asked to prepare a list of multiple dwellings in the village for the trustees' approval in connection with billing.

Mr. Berwick received no support for his suggestion that residents of such dwellings be given a choice of separate bills or meters.

Starting with the July billing, covering up to September 30, hydro, water and garbage rates are to be combined.

Mr. Berwick moved that a letter be sent to township council, urging tighter inspection of subdivisions before they are approved.

Trustee Sim agreed the motion should be effective for the remainder of Clearview Gardens, but felt future subdivisions should be considered when they are ready for development.

A meeting was proposed for July 11, when trustees will be given a demonstration of styles and sizes of street lighting by two companies.

Mr. Thompson was asked to obtain figures from the township office to prepare a budget report for the first six months.

Norman Laughlin again approached trustees about a drainage problem on his property at John and James St. Mr. Sim said no funds were available for the work. "It was drawn to our attention after the budget was made up," he said. "I have had to spend \$1,000 in recent years on fill for my own property," he added.

Mr. Laughlin said: "It was brought to your attention for the last four or five years." He was told that former trustees had recommended correcting the water problem as a local improvement, but the

neighbors affected had not agreed. Trustee Sim pointed out: "If it is classed as a hazard, we could have it done as a local improvement."

Mr. Laughlin reported a neighbor's child had fallen in two feet of water in the spring. Mr. Berwick said water-filled ditches were common in spring and he suggested more parental control.

The ratepayer complained he was unable to plant a garden because of the wet ground, which he claimed was not a natural water course.

"Something will have to be dealt with eventually, when people make up their mind they want something done", Trustee Berwick said.

Business Men Affected Former Trustee Robert McLeod, appearing for the King City Board of Trade, asked what was in the railway report. "From a business standpoint, we wondered if it affects the flow of traffic and properties," Mr. Sim said he had not seen the report. He felt it should be released at the township level.

Trustees received a request from the township for a resolution authorizing the payment of \$425 to J. D. Weir of Toronto. Trustee O'Reilly explained that the lawyer had been retained by last year's trustees in their probe of incorporation possibilities.

Trustees approved payment from the special land sales fund.

The secretary was asked to look after the cutting of weeds on private lots and notifying the owners.

Payment of a \$300 bill from Austin Rumble for loss of crop was temporarily deferred.

Trustees rejected two written requests for assistance in paying for the fencing of Elizabeth Grove properties next to school parkland.

With meetings limited to one a month during the summer, the next meeting is scheduled for July 23 at 8 p.m., in the village office.

Members Okay Manse At Presbyterian Church

The building of a new manse on Elizabeth Grove is the current undertaking of St. Andrew's Presbyterian Church congregation.

Unanimous approval of the new residence was given by 22 church members last week. The following evening West Toronto Presbytery sanctioned the venture, when it was proposed by Donald McCallum, clerk of the session.

Heading the manse committee, in charge of building and financing is John H. Tanner, aided by Charles Ross, James Kerr, Howard Clegg and David Lenhardt.

The committee proposes having the residence completed and decorated by the fall. No immediate plans have been decided for the present Manse on North Keele Street, occupied by Rev. Gordon K. Agar and his family.

Located on the north side of Elizabeth Grove, west of Patton Street, the manse grounds are approximately 77 by 135 feet. It is expected that F. B. Lutes will begin work in a few days on the modern split-level brick house, planned so the minister's study will have a separate entrance for the convenience of callers.

The committee proposes having the residence completed and decorated by the fall. No immediate plans have been decided for the present Manse on North Keele Street, occupied by Rev. Gordon K. Agar and his family.

Seventy busy members prepared an array of salads, ham, rolls and relishes, lemonade for the youngsters tea and coffee for the grown-ups, plates of cake and strawberries.

This was the first time the United Church Women have sponsored the event formerly prepared by W.A. members.

They used 216 boxes of berries and 50 pounds of ham. The only item disappearing faster than the customers were devilled eggs. Nine dozen did not last long. At each sitting 58 people were served.
