A NEED FOR CONTINUOUS ADVERTISING? OR SHOULD — Ministers and Priests

preach only one sermon or so a year? (People are against sin anyway, so why harp on it?)

Teachers
eliminate review lessons? (Children will never forget what they have been taught.)

Policemen
Stop patrolling streets and highways (People know the laws and will obey them anyway).

Traffic Lights
be turned off to save electricity? (Everybody knows where the danger spots are and will be cautious without extra warning.)

Or Should
a lesson be taken from the Notre Dame Cathedral, which although it has been offering the same services at the same location for more than six centuries, still rings the bell every day to let people know it is there?
