### Big Decrease Recorded In District Rainfall

Rainfall in the Richmond Hill area is down almost four inches from last year's total for the first six months of the year. According to figures released by the climatological branch of the Department of Transport, Toronto, total rainfall this year is down to 7.86 inches from last year's total of 10.58 inches. Total snowfall was up to 42.7 inches for 1962 from 40.3 the previous year. Precipitation for the first six months of the year is down from 14.33 inches to 11.57 inches. In arriving at this total, the department gave 10 inches of snow the value of one inch of precipitation. Since Richmond Hill's weather station was established only in 1959, no average figures are available for the area. However Toronto's average figures are 11.48 inches of rain and 15.45 inches of precipitation. June had the greatest rainfall for 1962 at 2.64 inches. The June and February precipitation figures for 1962 in Richmond Hill have been ahead of the Toronto monthly averages so far. Detailed figures for precipitation follow:

	Richmond Hill 1961	Richmond Hill 1962	Toronto Average
January	0.03	2.49	2.62
February	2.59	2.88	2.32
March	2.38	0.61	2.65
April	4.09	1.24	2.61
May	2.02	1.71	2.76
June	3.22	2.64	2.49
Totals	14.33	11.57	15.45

### Now Is A Good Time To Check Hazards On Farm

BY A. A. WALL  
York County Ag. Rep.  
Emphasis this week is on farm safety. July 22 to 28 has been designated "Farm Safety Week" in both Canada and the United States.  
With special weeks being observed these days for such a wide variety of special projects, there is an inclination to smile inwardly and wonder what they will try to promote next. But, surely safety ought to have some significance for farm people. With one of the highest accident rates per worker, and a staggering loss each year in property damage and time loss, accident prevention is just as vital to us as new techniques in crops or livestock production.  
This is fine, but what can one individual farmer do about it. My suggestion is to take half a day this week and check hazards around his own farm. Protective shields on machinery, electric wiring, stairs, gasoline storage, along with a multitude of others are all worth a good check.  
It's also a good idea to take a critical look at some working habits to see if they have some safety factors in them. It's true that with harvest at its peak, there isn't much time for this checking. But since this is the very time when hazards are highest perhaps this is the most sensible time to do it.  
The York County Farm Safety Council has a special project on now, to enable farm machinery to move more safely on highways.  
Red warning flags, on a steel staff and complete with easy mounting brackets have been made up, and are being sold for machinery. Accident records nearly always show that a farmer comes off second best in a machinery-car collision, so that a warning flag is a good, practical, safety measure.  
The cost of the flags is \$1.50 and the safety council has them for sale at our office.  
Hog producers should be on the alert for any sign of hog cholera these days. Several outbreaks have occurred in Eastern Ontario, and the most recent is in Oxford County. Symptoms are high temperatures, wobbly legs, and early death.  
I have had some enquiries about putting fertilizer on hay and pasture fields. With the ground so dry, fertilizer won't do much good right away, but when rain does come lots of fertility will boost growth.  
Another point is that alfalfa fields will have to be pastured in September this year whether it's good for them or not. Again lots of fertility will help them to build up root strength for winter.  
An application now of 5-20-10 or 5-20-20 at 200 to 300 pounds per acre is a good investment in the future production of hay and pasture fields.

### Annexation Adds Award Tender To Over 1,000 Acres King City Firm For \$59,246

A recent Ontario Municipal Board decision has almost tripled the area of the town of Stouffville. Approval of the town's annexation scheme adds a little over 1,000 acres to the municipality.  
Present area of Stouffville is 548 acres. There will be an immediate gain in population of about 100 persons and in assessment of about \$200,000.  
The annexed area will comprise about 563 acres each of Markham and Whitechurch Townships.  
The annexation will become effective Jan. 1, 1963.

Wellesley Construction of King City has won the contract with Vaughan Township to lower the intersection at Con. 6 and the Teston Sideroad.  
Chief purpose of the reconstruction at the intersection is to improve visibility.  
The Wellesley bid of \$59,246 was lowest of seven tenders. Highest bid was \$79,481.  
Deputy-Reeve Jesse A. Bryson estimated that total cost of the project would be about \$73,000. This would include engineer's fees, land acquisition and culverts.

### Garden Wedding For Local Couple

On Saturday, July 14th, at 2 p.m., a pretty garden wedding took place at the home of Mr. and Mrs. Charles J. Harding, 93 Mill Street, Richmond Hill, when their daughter, June Frances, was married to Mr. Kenneth W. F. Roberts, son of Mr. and Mrs. Horace Roberts, 349 Mill Street, Richmond Hill. The Rev. Russell D. Horsburgh of Park Street United Church, Chatham, travelled to Richmond Hill to perform the ceremony to fulfill a promise made to the groom several years ago. Amid a picturesque setting of garden flowers and cedars, the bride was given in marriage by her father. She wore a gown of pink lace over faille with matching headpiece and pink satin shoes and carried a nosegay of pink and white carnations.  
Mrs. Wayne Artin of Leaside was matron of honour. She was gowned in yellow nylon tulle with lace bodice, matching headpiece and yellow satin shoes and carried a nosegay of yellow and white carnations. Mr. Carl Roberts, Scarborough, brother of the groom, was best man.  
A reception followed and the bride's mother wore blue and white silk jersey sheath dress with white accessories and corsage of pink carnations and blue cornflowers. The groom's mother wore a moss green nylon chiffon over embossed faille gown and matching hat and white gloves. Her corsage was of pink and white carnations.  
Rev. James O'Neill of St. Mary's Anglican Church proposed a toast to the bride and also read a cablegram of congratulations and best wishes from friends of the groom in Kingston, Jamaica. The bride's going away dress was a white linen sheath with pink accessories and teal blue coat.  
The happy couple left on a motor trip, first calling on the groom's grandmother, Mrs. F. G. Carlton who is in St. Joseph's Hospital, Sarnia, and presented the bride's bouquet to her and also visited Mr. Earl Everingham, the groom's uncle, who is a patient in the same hospital. Then the couple travelled through Michigan to Sault Ste. Marie, Sudbury and North Bay and on their return will reside in Richmond Hill.  
Out of town guests included the bride's sisters — Ruth, Mrs. David Masters and daughters Myrna and Laura of Port Colquhlan, British Columbia, and Phyllis, Mrs. Don Roberts and husband of Barrie, and Mrs. Earl Everingham, aunt of the groom from Sarnia.

### Instal Equipment To Handle Heavy Demand

Installation of additional telephone equipment to meet the heavy demand in the Richmond Hill exchange for one-way toll-free calling service to telephones in the Toronto and Willoughdale-Don Mills area has now been completed, according to Bell Telephone officials.  
"Introduced just one year ago, requests for this type of service from the outset were far beyond expectations and the initial special equipment installed to provide the one-way calling was very quickly operating at capacity," said W. C. Barnes, local Bell Telephone manager.  
This meant that not all customers who wished the service could be accommodated.  
"With this additional equipment we are now able to serve customers who have indicated they wanted the one-way calling as well as those who may want it in the future," Mr. Barnes said.  
Monthly rates for the optional one-way toll-free service are: \$10.50 for an individual residential line; \$25.00 for a business line, and \$87.50 for a switchboard trunk line.
