The Doncaster Community Ladies' Club met for the first time in the new season Sept. 10, at the home of Mrs. H. Mizen, Sprucewood Drive.

Gordon Learn, principal of Woodland Public School, announced that the winner of the Doncaster Ladies' Club prize would not be named until the annual graduation banquet, to be held in late October.

The Mother Superior of St. Luke's Separate School stated that for their school the DCLC prize will go to Miss Debra Burkhardt.

Debra is now attending Morrow Park School, Willowdale. The Doncaster Community Ladies' Club Public School prize awarded to the top Grade 8 student, is for \$10.

Allan Carle, who was seriously injured in a car accident August 4, near Brockville, has been moved from the Brockville Hospital to the Branson Hospital, Willowdale.

His parents hope his stay here will not be more than a few days.

He is still in a body cast for a crushed vertebra.

Principal Alan Martindale said that he would have something to say concerning the Henderson Avenue School recipient of the \$10 Doncaster Community Ladies Club prize next week.

## Wed At St. Luke's

St. Luke's Roman Catholic Church, Thornhill, was the scene of a double ring ceremony September 1 when Carol Elizabeth Lacey, daughter of Mr. and Mrs. William Lacey of Concord, became the bride of John Franklin Cole, son of Mr. and Mrs. William Cole of Doncaster. The nuptial mass was said by Father E. F. Crossland. Mr. and Mrs. Cole are residing at 17 King High Drive, Concord. (Photo by Barbour)

## Thornhill Notes

Mr. and Mrs. J. W. Lambert and family of 16 Paul Street returned on Labour Day from a two week tour of the Gaspé. They had a splendid time - "ate lobster" till it came out our ears" and brought home a good supply of cod, salmon and lobster for the family freezer.

Welcome visitors at the Zink-home on Colborne St. This last month were Flying Officer Peter Zink and his wife, the former Sylvia Sommerville, daughter of Mr. and Mrs. Robert Sommerville, 56 Centre St., Thornhill. Peter spent the last four and a half years at the Air Force base in Metz, France, and Sylvia was with him for two of these years. Of course a more than royal welcome was given the couple's year old daughter, Lee, whom the two sets of grandparents had never seen before.

Peter and Sylvia enjoyed their stay overseas immensely and travelled pretty well all over Europe. Peter is now required to take some refresher courses, first at Clinton, Ont., for a couple of weeks, then at Moose Jaw, and while he is doing this, Sylvia and the baby will stay with her parents in Thornhill. When Peter is posted to Penhold, Alberta, Sylvia will join him there.

And here is some news of the Martin Powells, formerly of 39 Colborne Street. Last year, the Powells went over to England to live for a year to see if they would like to settle there permanently. Now, I am told, Mr. Powell has returned to sell their house in Thornhill as they intend to live permanently in England.

Thornhill Co-operative Nursery School

Some 25 tots will again attend the Thornhill Nursery School at the Presbyterian Church, Centre Street, starting next Monday. Here they will enjoy fun and games in a safe and happy environment and all unknowingly, will also learn such things as adjusting to a larger group, how to share and take turns, and that school is altogether a fine place to be.

The school is pleased to have their three excellent teachers with them again, Supervisor Mrs. Carlotta Broderick, Mrs. Kirk and Mrs. Ives.

If you have a youngster between the ages of three and five, you couldn't do better than to send him to nursery school. As its name implies, the Thornhill Nursery School is a co-operative one and one mother is required to assist at the school each morning, which means that each mother assists about once every six weeks.

The parents also take care of the equipment, seeing that it is kept painted and in good repair. The parents' group is a lively one and they meet five or six times a year when they have interesting lectures or films on the general subject of children.

There are still a few openings left at the school. Anyone interested is asked to call the Enrolment Secretary Mrs. Cosentino at AV. 5-3766. After the school has been running for a week or so, the teachers would be glad to welcome any visitors who would care to see how they operate. There is nothing rigid about either the discipline or the routine and the whole atmosphere of the school is of happy but controlled activity.

MARKHAM: Jack Bugye, 33, is reported to be still missing from his parents' home on Con. 7, north of Markham Village after disappearing recently.

## BELL LINES

by Bill Barnes your telephone manager

Take the RUN out of RUNNING your home

Like most busy folks in Richmond Hill you've probably found that running a home today keeps you on the run (pardon our pun), and nowhere is this more evident than in the kitchen - the busiest room in the house. No one likes to leave a crucial cooking job to answer the phone, unless, of course, the phone is right there in the kitchen. With a handy colourful extension you can make and take calls while you watch the youngsters underfoot and that "labour of love" simmering on the back burner.

The bedroom too is an ideal spot for a handy extension. It will save you a lot of running to the phone downstairs and provide a feeling of security at night, specially if you are ever alone. Call us today at TU. 4-1131 and ask about extension telephones in colour. We'll be glad to talk it over with you.

## SCHOOL DAYS ARE HERE MAKE THEM SAFE DAYS

Constable Douglas Young Richmond Hill Traffic Safety Officer, keeps a close eye on our youngsters going to and from school.

We can all help in maintaining an excellent Safety Record by doing our part. Watch those school areas and reduce speed during times that children may be on their way to school.

REMEMBER - Children do not always think before they move and can generally be counted on to do the unexpected.

Bill Barnes

## Girls Get School Uniform

### Record 1100 Students At Thornhill

(By Margaret McLean)  
Braced to meet the onslaught with 60 teachers and two portable classrooms, Thornhill Secondary School opened its doors last week to some 1,100 students who are now going through the usual shaking down process.

Plans are going forward to have all the girls in the school uniform, chosen last year. It consists of an oxford grey skirt, either straight style or pleated, with a white blouse, short or long-sleeved, with a peter pan collar. The newly formed class on window-dressing, promptly decorated their first window with an attractive display of this uniform for all to admire. Orders are now being taken and as soon as the uniforms are received, the girls will wear them four days a week. On Friday they will wear clothes of their own choosing.

There are no definite plans for the boys in this regard, although it is hoped there will be at least one "dress-up" day, calling for white shirt and tie each week.

One Thornhill student who will be wearing his own particular style of uniform for some time to come is Jay Perry of 102 Arnold Avenue. A Grade 12 student, Jay attended the opening session on September 4th, then went out that night and was hit by a truck while riding his bicycle at the intersection of Morgan Avenue and Yonge Street. This resulted in a very bad break in his left leg just below the knee. The doctor gives it a 50% chance of knitting, but if it doesn't, an operation to insert a pin will be necessary.

Anyway, Jay is now ensconced, more or less comfortably, at the Branson Hospital with an enormous cast from his hip to his ankle which he expects to be wearing for the next four months!

Mrs. Perry is extremely grateful for the nameless but gentlemanly man who called her about the accident, first enquiring if her husband were home and then telling her that Jay would like her to come down as he had had an accident. The Perrys are also grateful to Mrs. Suddes from whose home on Yonge Street they phoned for the ambulance, and who helped make Jay as comfortable as possible, with blankets, a drink, etc.

As usual, the crowd of curious onlookers was no help. Two people, a woman with a barking dog and a man somewhat the worse for drink caused both Jay and his mother even more distress. It's a pity people can't have manners enough to enquire if they can help and then leave the scene of an accident like this. Surely the police officer at the scene was also more than a little remiss in not protecting a boy, already suffering extreme pain, from such added distress.

Jay had just returned from a particularly successful month spent at Camp Illahee, near Cobourg, where he had worked with a group of handicapped children. As well as the satisfaction of a job well done, Jay returned with a flourishing beard. And all reports to the contrary, he didn't chicken out of wearing it to school - he just wasn't allowed to sit down to the dining room table with it!

## HEADFORD NEWS

Mrs. Loren Guild  
R.R. 2, Gormley Phone TU. 4-3040

**Enjoy Trip West**  
David Rumble and Charles Barker are back in Headford after a successful trip to the West Coast. They attended the P. cific Exhibition where Charles had carvings on exhibit. They visited Seattle and had a good look at the country by taking the south route west and coming home by the northern route. David is enrolled at the O.A.C. at Guelph, his father's Alma Mater, and will be registering this month.

Canadian goods on display or advertised. They did find after a search, two small dust covered cans of peas of a Canadian brand. The newspaper coverage of Canadian affairs was very disappointing too. The United States is well advertised in the papers and in commodities. Elizabeth spoke to five geography classes and showed slides of Canada. Each member of the team showed slides and left literature on Canada wherever they visited.

**Church News**  
Under the sponsorship of the Hi-C a pot luck supper was held in the church school room September 7. This was the usual mouth-watering repast, a feature of a rural community meal.

The guests retired to the church body to hear from Elizabeth Barker an account of her overseas trip and to see the beautiful slides of rural Britain. The lushness of the flowers and turf, the Welsh sheep and Scottish cattle, the greenness of Ireland all strange to Canada, were most interesting.

The 4-H group, of which Elizabeth was a member, go to Britain as good will ambassadors and it would seem that they and many more are needed. Not anywhere did they find

Dr. and Mrs. Binnington plan to attend some of the sessions of General Council of the United Church, meeting in London, with the opening session September 12.

At the morning service in Headford Dr. Binnington paid tribute to Mr. and Mrs. Fitzpatrick for their responsible service to the charge. He assured them of the interest and good wishes of the congregation. Mr. Fitzpatrick expressed the appreciation of himself and his wife for the cordial and warm friendship extended to them while working in the church.

**Camping**  
Mr. and Mrs. D. C. Calder and family pitched their tent in the National Park Sibbald Point for the week end. The bit of wet weather did not dampen the spirits of the youngsters.

Little Cathy Brown of Pemberton Road ended her holidays with a nasty accident. On the last weekend, while up at the family cottage, she jumped off the dock and broke her leg in two places. She is quite delighted with her wheel chair.

Stephen Huntley of May Ave. is recuperating nicely after being hit by a car coming home from school last week, which resulted in a broken arm and leg.

Mrs. M. Rankin of May, who underwent surgery a month ago, is out and around again. The patients at the Villa Hospital will be glad to know she will soon be back looking after them.

Bob Blackburn, Bruce Whyard and Ron. Stagg are enjoying a two week vacation travelling through the Western Provinces, especially enjoying Banff, and Vancouver.

The Friendly Friday Nighters started the bowling season on September 7th. Any couple or singles wishing to bowl contact your correspondent.

A special message to all parents of boys and girls now in high school

You can guarantee your youngster's College Education in partnership with "MY BANK" TO 3 MILLION CANADIANS B of M

## BANK OF MONTREAL UNIVERSITY EDUCATION PROGRAMME

A comprehensive, life-insured plan for financing a college education for boys and girls now in high school

If you are like most parents with children in high school, you are probably wondering how you are going to meet the costs of financing your youngster's college education. To help parents solve this problem, the Bank of Montreal has introduced its University Education Programme—the first life-insured plan of its kind in Canada.

**VARIANTS OF THE PLAN**  
Several optional plans are available under the programme, and these vary as to the number of years in which the parent wishes to make monthly payments, as well as to the amount required annually for university expenses. Plans are based on objectives ranging from \$1,000 to \$8,000 payable to the parent in four annual instalments.

**HOW TO JOIN THE PROGRAMME**  
See the people at your neighbourhood B of M branch. You will receive a warm welcome from a staff who will be pleased to give you further details and to help you select a plan suited to your needs. Ask for your copy of the Bank of Montreal University Education Programme folder.

Under this comprehensive programme, parents, guardians and sponsors of high-school students can spread the cost of a university education over periods of up to nine years, thus keeping monthly payments to amounts they can afford without hardship. And the cost to the parent is only a fraction of the interest paid on a straight loan programme.

**OBJECTIVE: \$4,000**  
To be paid to the parent in four annual amounts of \$1,000 each

OPTIONS	YOU PAY MONTHLY	PERIODS OF PAYMENT	YOUR PAYMENTS BEGIN
Plan A	\$49.55	7 years	2 years before university
Plan B	42.78	8 years	3 years before university
Plan C	37.56	9 years	4 years before university

**P.S. If you need help in financing a student already in University—or planning to register this year—talk to your B of M Manager. Chances are he can arrange a tuition loan with extended payments adapted to your circumstances.**

**HOW THE PROGRAMME WORKS**  
Under the basic plan, the parent agrees to make monthly payments to the Bank starting, say, two years before the student enters university, and terminating one year after graduation. In return, the parent receives an annual sum from the Bank at the start of each of the four university years.

**LIFE-INSURANCE FEATURE**  
If the parent concerned should die after the start of the programme, the funds for education specified in the agreement will be advanced by the Bank each year without any further payments being made by the family or the estate.
