A unique social event for Richmond Hill is being planned by the local peace research committee, to be known as a "Caribbean Calypso Carnival" for September 29th, in the Lions' Hall. **Frank Smart To Conduct Local Choral Society**

(By Philip Drury)

The keystone of a successful choir or orchestra, is a conductor who not only has a keen artistic sense, but a broad knowledge of music, acquired by a sound technical training and ability to transmit his interpretations to the members of the choir or orchestra.

Frank Smart, a resident of Richmond Hill for four years, has agreed to conduct the Richmond Hill and District Choral Society now in course of formation. He possesses all these requirements in full measure.

Mr. Smart was born in Toronto, was brought up in California, but returned to Canada at the outbreak of World War II to join the RCAF. He was a bomber pilot and flew many successful missions over enemy territory.

At the conclusion of hostilities, he enrolled in music at the University of Toronto, from which he graduated as Associate of the Royal Academy of Music, after specializing in voice training and choral direction.

Following graduation, Mr. Smart has had a varied musical career, including the position of assistant to the late Dr. Leslie Bell during the formation of the well-known "Bell Singers".

He has also done work with the CBC, Army, Navy, and Air Force shows.

In addition to directing choirs, Mr. Smart has been tenor soloist at Thomas Eaton Memorial and Bathurst United Churches, Toronto, and at churches in Brampton.

Before moving to Richmond Hill in 1958, Mr. Smart lived in Sault Ste. Marie for four years, and was director of the Sault Ste. Marie radio and television choir.

Elsewhere on this page will be found an advertisement for members of the proposed Richmond Hill and District Choral Society. It is hoped that local singers will take advantage of the formation of this choir, so that under Mr. Smart's direction it will reach a standard of excellence such that Richmond Hill, with an amateur symphony orchestra and choral society, will become a well-known name in local musical circles.

**BILLY the KID IN PERSON!**

Shootin' irons all cleaned and loaded. Ready for action. Young feet on the run. If you have them in your house you know how fast they grow out of shoes. The average child's foot size changes every 1 to 2 months to the age of six. After that, every 2 to 3 months.

In these formative years, proper shoes are paramount for the growth of normal healthy feet. Shoes that are too small or too large, poorly designed or worn out can affect the whole body.

We recommend Savage - the correct shoe for children. You'll find a good selection of these fine sturdy shoes at our store.

Be sure your child gets the support he needs. Bring him in for regular size check-ups.
