

Future Greats Sign In

Richmond Hill Arena was a beehive of activity Saturday morning as players signed in for another season of play in the Minor Hockey Association. Left to right: Earl Methe, vice-president of the association; Jim Wilson, convener of the bantam league; David Fear, 7; Peter Ranieri, 7; David's father, Les Fear, and John Ranieri, 9.

Figure Skating Club Open House On Oct. 16

Figure skating season is just around the corner. The executive committee of the Woodbridge Figure Skating Club held its first meeting of the 1952-1953 season last September 17th at the home of president Mr. L. Hughes, Woodbridge.

Schedules were drawn up and many points for improvement of the club were discussed. The club is happy to announce that they have again secured the services of professional Miss Carol Klapow for this coming term, and the executive feels sure that this coming season will be the best yet since the club was formed in 1958.

The Woodbridge Figure Skating Club extends a welcome to all to come and join and learn the art of figure skating and to join in the fun and good times. Classes begin with pre-school age children and go up.

The season starts with an open house on October 16th from 5 p.m. to 7 p.m. at the Woodbridge Arena, so come on out all you parents and children and don't forget to bring your skates. You are not under any obligation to join.

For additional information please phone Mrs. Hurren, Woodbridge AT 8-1334 or Mr. L. Hughes, Woodbridge AT 8-1024.

Toronto Club Leads In Walker-Hall Play

A large turnout of rinks from district points took part in the annual competition for the Walker-Hall Trophy held at the local greens Wednesday afternoon of last week. Rinks from Streetsville, Port Credit, Oshawa, Agincourt, Toronto, New Toronto and Markham Village all took part in the competition.

First with one win was a rink skipped by A. Mayo of the Withrow Club in Toronto. Second place was a tie between a rink from Runnymede in Toronto skipped by T. Jones and a local crew skipped by Russell Lynett. Playing with Mr. Lynett were George Grant and Art Eden.

High for two wins was a local rink skipped by James Grainger and including Barry Brent and Dr. W. C. Cowan. High for one win was a rink skipped by A. Klinck of Agincourt.

The members of the winning rinks each received turkeys. On October 6th the local greens will be the scene of the mixed doubles.

Thornhill In Finals Sat. Afternoon

The Thornhill Pee Wees advance into the provincial ball finals this Saturday when they meet Thamesville. The first game in a two out of three series will be played at Thornhill Park at 3:30 Saturday afternoon. The second game of the series will be played the following Saturday in Thamesville.

Here's your chance to see some very fine young ball players in action. So come on out folks and support your own team.

Roma Loses 5-3 Out Of Playoffs

Aurora "A" eliminated Richmond Hill Roma from the semi-final round of league play by winning 5-3 last Saturday. Roma had only nine players available for the game and Aurora, with a full team on hand, ran the Hill team into the ground.

Barrie defeated Newmarket 4-3 to eliminate Newmarket. Barrie and Aurora "A" now meet in a two game series for the league championship. The opening game will be played Saturday at 5 p.m. in the Aurora Town Park. Second and final game of the series will be played in Barrie at 5 p.m. the following Saturday.

Etobicoke defeated Aurora "B" 4-1 to win the Dow Trophy emblematic of the consolation series in the Newmarket and District League.

It is very gratifying to be able to report that a swimming pool for Richmond Hill became more than just a vague hope on Tuesday of last week. Members of the town planning board, the industrial commission and the parks board met with members of the swimming pool committee and all bodies gave their endorsement to the absolute necessity of a pool.

In addition to recognizing the need for a swimming pool in this area, the matter was taken one very important step farther along the way. All parties at the meeting agreed unreservedly on a site for the pool and the property is now available. The biggest and only remaining fly in the ointment is the problem of financing. This problem seems to raise its nasty head time and again, but we're confident that a solution will be found very soon.

We could be using the new pool by next summer if all goes well. And after going this far this is every reason to expect that the project will be carried to an eminently successful conclusion.

How long since you've seen a basketball? For most of us it has been a fairly long time but we still remember it as one of the best games that a body ever played.

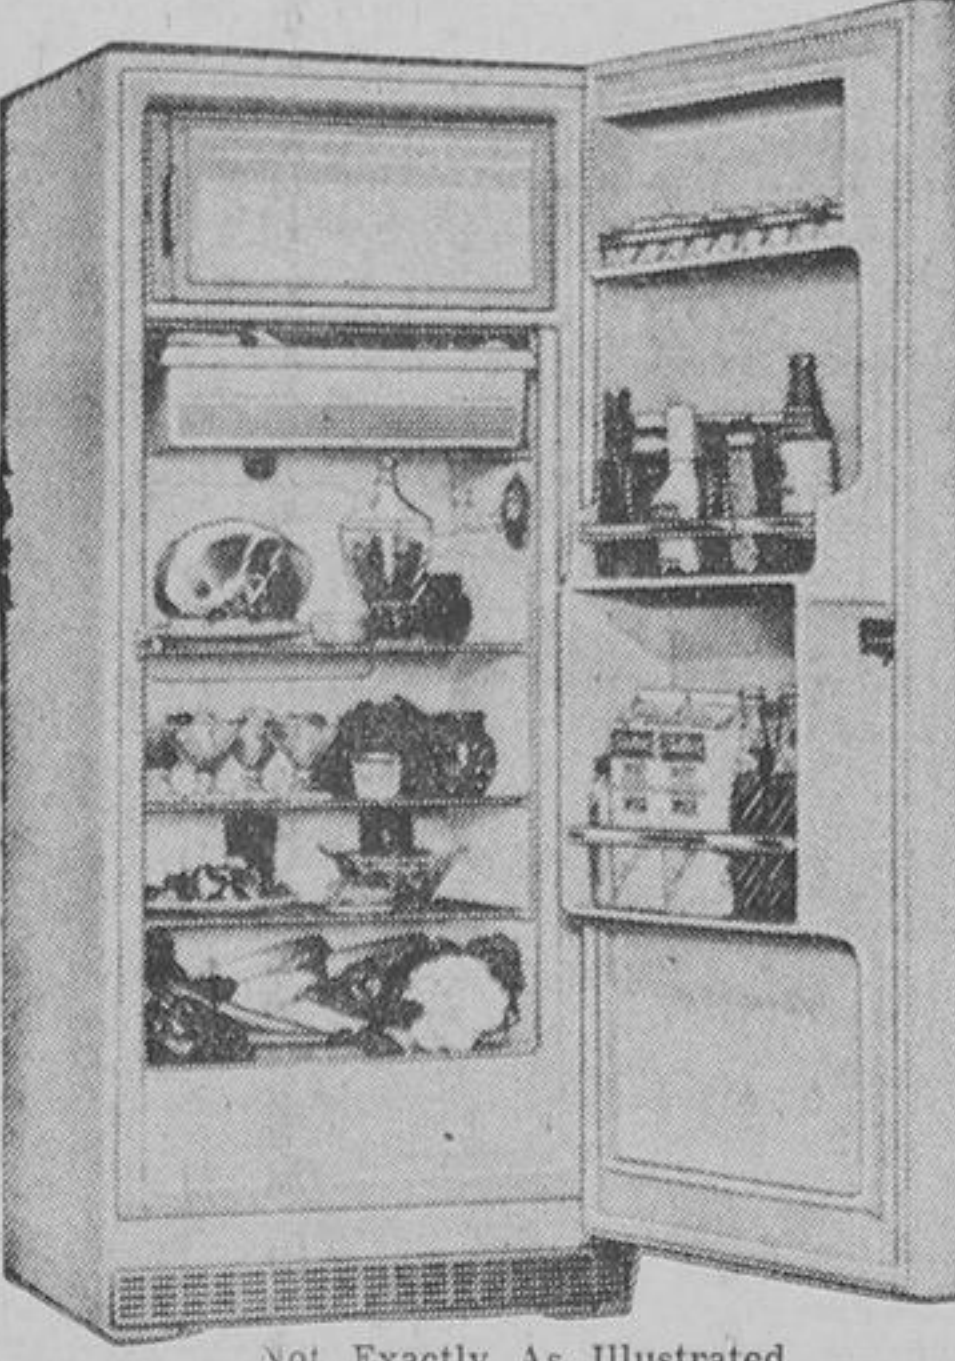

Dave Barber, a citizen of Richmond Hill is trying to drum up interest in a sort of over-the-hill type citizens basketball league. Basketball or a reasonable facsimile thereof will be played one night a week strictly for the heck of it. This is a league designed for all the fair, fat and forty. This and it is not anticipated that the speed of play will prove to be dazzling. The sole idea is a bit of healthy exercise and a lot of good clean fun.

If you're at all interested - call Dave Barber at TU. 4-4779 and let him know that you're with him. Anybody remember just exactly how to lay up a hook shot?

A group of scientific types calculated a long time ago that the speed of light is one hundred and eighty-six thousand miles per second. It's quite possible that they are exactly right - it's kind of hard to check on our handy home abacus. And that makes the speed of light almost equivalent to the speed with which a dollar bill can vanish in this frenzied world. The McConaghy Home and School Association has planned a skate exchange on Saturday, September 29th in an effort to slow down the elusive buck. From 9:30 a.m. to 3:30 p.m. on this coming Saturday, McConaghy Public School will become a veritable (Continued on page 10)
