Thamesville Swamps Thornhill Nine 14-2

Thamesville Peewees swept to the O.B.A. Title in Thornhill last Saturday as they blasted Thornhill Peewees by a 14-2 score. A bad first two innings by Thornhill gave Thamesville a big lead. In the later innings the Thornhill team settled away but were unable to overtake the big Thamesville lead.

Coaches Ed Windsor and Ron Bagg have nothing but praise for their players. They were beaten by a better club, but next year is another story. Five members of this year's team will be available for next year and Thornhill will be on the title hunt again.

Here's Your Chance To Play Minor Midget Hockey During The Winter

Minor midget hockey scheduled for the first time this season by the R.H.H.A. has run into trouble. Coaches and managers are available but players did not respond as first anticipated.

The thought was that the jump from bantam to midget hockey was too big a jump for some boys who had not grown as fast as others. It was planned to form a four team house league of boys of midget age as evenly matched to size as possible.

Local Badminton Club Plays Every Monday

The Richmond Hill Badminton Club plays every Monday night at Bayview Secondary School at 8 p.m. Attendance last year was much improved over previous years and it is anticipated that this year a second night last resort as it is still hoped that boys will still be interested in the minor midget proposal.

Swimming Pool Query Draws Favorable Nod From Town Residents

Controversy over the need for a swimming pool in Richmond Hill was stirred up again with an announcement recently from the town's swimming pool committee that a decision had been made in favor of an indoor pool. Site of the pool has not been released.

Reporter Neil Campbell of "The Liberal" found residents of Richmond Hill almost unanimously in favor of a pool when he conducted a series of interviews recently. Some of the comments he received follow.

MRS. ROGER TROTTIER, 35 Hunt Ave.: I'd like to see a public swimming pool here in Richmond Hill. We have a family ourselves and there's no place in town for them to go swimming. There should be some nice parks here in town for kids to play in.

MRS. D. FLEMING, 176 Lucas: I'm not sure. It would depend on a lot of things, but we'd love to have it. Where would the money come from though? I don't want any part of a pool if it's going to raise our taxes a lot more.

MRS. R. C. HAWKINS, 220 Lucas St.: Certainly. We have a family of kids. We take them down to Willowdale by bus for lessons. Any public swimming pool would have to be just that — public. Everybody should get in. It would give kids a chance to learn how to swim.

MRS. F. ATKINSON, 245 Tampico Rd.: Yes, Richmond Hill needs its own swimming pool. We have kids. It could be paid for by the municipality, public donations or by both. We'd get more use out of an indoor pool if the cost wasn't too high.

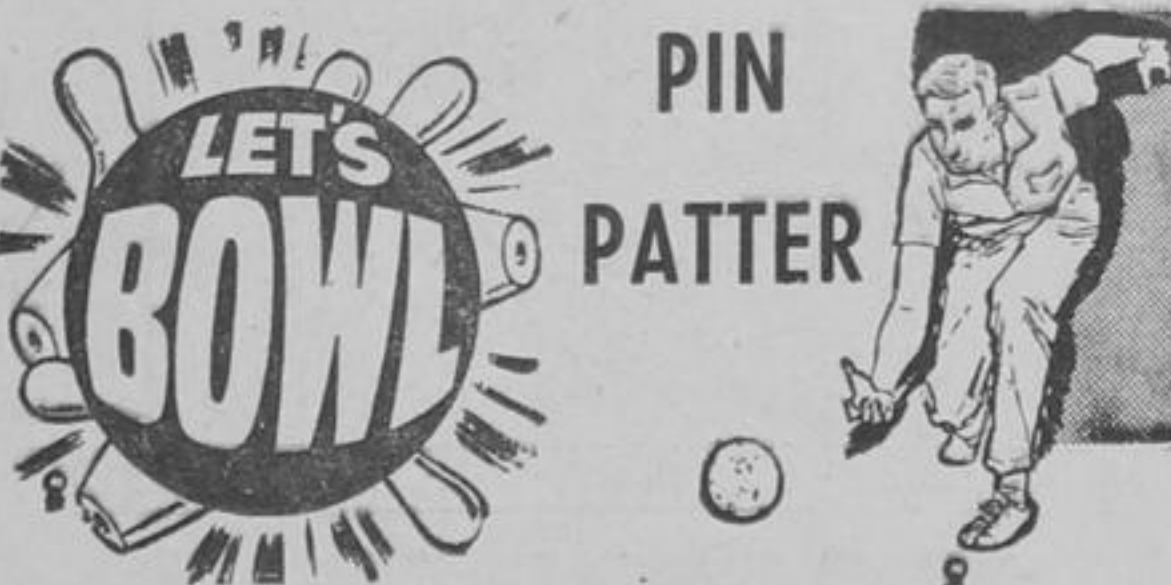

G. C. WILCOCK, 263 Iredale Road: Yes, it should. Everybody goes to Thornhill to swim at the present time. The municipality should install and supervise any swimming pool and charge admission to pay for it. It would be better operated by the town.

C. H. MARKHAM, 125 Laverock Ave.: I'm just visiting here from Winnipeg. I can't comment on the situation here, but out there our swimming pools are part of our community centres. The voters would get a chance to decide such a question on election day.

MRS. PRISCILLA CHURCHER, 56 Elmwood Ave.: Definitely yes. We have two children. One goes to Thornhill to swim and the other will as soon as she's able to. The town should subsidize a pool and get their money back through admissions.

MRS. J. CORNELL, 201 Baker St.: Yes. If for no other reason but to keep the kids busy, we should have one. Both Aurora and Thornhill have pools. Why not us? My kids go to Aurora. We don't need an indoor pool because the kids are too busy with school in winter.

MRS. D. B. BROWN, 49 Harding Blvd.: I would say no if it's going to send taxes up, but we are badly in need of some kind of pool. We take our kids to Northview Collegiate to swim all winter. Perhaps there should be pools in the schools charging family rates of maybe \$10 a year.
