Horticultural Society Meet At Richmond Hill Golf & Country Club

The annual meeting and banquet of the local horticultural society is announced for November 22 at the Richmond Hill Golf and Country Club, dinner at 6:30 to be preceded by a reception to meet the speaker, Mr. Marshall Bartman, Extension Secretary of the Federation of Ontario Naturalists.

Mr. Bartman's lecture will take us adventuring afield into woods, marsh and stream, for with his camera he has captured in glorious colour the wondrous beauty to be found all about us. His collection includes exquisite studies of the wild flowers of field and forest and of the many patterns designed by nature and caught with infinite patience at the fleeting moment of perfection.

Perhaps no artist in this field has been more successful in capturing the many moods of nature which are felt as much as seen. This is a rare opportunity which will appeal to all lovers of nature.

Vaughan Council Notes

Vaughan Township Council Monday night agreed to install 35 mile per hour speed limit signs near seven schools.

Signs are to be installed at Twin Elms, Hope, Old Pine, Patterson, Vellore, Edgeley and Concord Schools.

Action was deferred at Bryson School.

Vaughan Township Council has decided to ask the Ontario Police College to reserve seven places for members of the Vaughan force. Council asked the college to reserve places for four probationary police officers and three police officers now in service.

Richmond Hill has refused to provide water for an extension of a Vaughan Township watermain from Elgin Mills Road to serve the Naughton Drive area. Township council was informed of the town's decision Monday night. Richmond Hill presently provides water for an existing water system on Elgin Mills Road.

Council instructed Waterworks Superintendent William Norris to study other possible sources of water for the area.

Richmond Hill officials based their refusal on delay in development of a well, increasing water consumption in the town itself, expected future increases because of industrial expansion and hospital requirements, and the danger of existing wells diminishing in quantity available.

First and second reading to a bylaw allowing township employees to participate in the Ontario Municipal Employees Retirement System was given.

Reeve Albert Rutherford explained the bylaw would not receive its third reading until 75 per cent of the employees have expressed their willingness to join the system.

Council has decided to consider the development of a new park to serve the Langstaff area.

Accept Lowest Bid
Markham Township Council Monday afternoon accepted a tender of \$3,270 or \$1.09 a ton for 3,000 tons of sand for use on township roads this winter from Gormley Sand and Gravel of Stouffville.

Four tenders were received on the sand, which is to be delivered and stockpiled by the winning bidder. Gormley's bid was only one cent a ton or \$30 lower than the next tender.

Building in Markham Township during October of this year was only 40 per cent of the 1961 figure.

Building permits issued had a total value of only \$221,600 as compared with \$549,930 for the same month last year.

Ask \$50 Pledge To New Hospital
An estimated 260 canvassing kits for the United Hospitals Campaign were distributed at a canvassers' training meeting held at the Lions Club Hall, Richmond Hill, Wednesday night, according to R. D. Little, campaign area chairman.

Each kit includes names of five residents of Richmond Hill. Every family listed in the Richmond Hill telephone directory will be called on by canvassers. Mr. Little suggested a pledge of \$50 over a five-year period as a reasonable minimum for most families.

Canvassing is already under way, although the campaign is looking for more canvassers.

The Lions Hall is being used by the campaign for its meetings as a donation from the club.

Further training meetings are to be held November 14 and 21.
