**Hill Council Briefs**

Richmond Hill Council Monday night approved payment of \$699.70 to the Toronto Transit Commission to cover their share of the deficit incurred by the North York Service during the third quarter of the year.

Richmond Hill pays 50 per cent of the deficit, while Vaughan and Markham Townships pay 25 per cent each, according to the agreement with the TTC.

The deficit is for the months of July, August and September.

Council asked Solicitor J. D. Lucas to draw up a bylaw prohibiting parking on the west side of Hall Street. Police committee recommended the bylaw as a result of complaints from residents.

**Uphold Appeals For 23 Farmers In Markham Twp.**

Markham Township Court of Revision has suggested a general re-assessment of property in the township, after sitting for more than a week in the township council chambers, and hearing more than 100 appeals.

The court upheld appeals from 23 farmers in the southern part of the township whose property was re-assessed at from \$50 to \$75 per acre. The property will revert to the old rate of \$35 to \$38.50 per acre, the assessment prevails in the remainder of the township.

Decision of the court was based on the fact that rental value of the farm land and productivity of an owner operated farm varies very little in the township.

Another section of the assessment act states that "consideration shall be given sale value of lands and buildings for farm purposes, and no consideration shall be given to adjacent lands and buildings."

Assessment Commissioner R. J. Thomson contended that land values in the southwest part of the township are much greater than elsewhere in the township.

**Praise Efforts Of Hill Firemen Following Report**

Fire Commissioner Al White lauded the efforts of Chief Alf Stong and the Richmond Hill Fire Department as Chief Stong submitted the 1962 annual report of his department at Monday night's meeting of council.

Councillor White called the volunteer brigade best in the county. Council decided to send a letter of commendation to Chief Stong and his men.

Chief Stong's report indicated more fire calls in Markham Township than in Richmond Hill, 80 to 76. Bonfires were the biggest hazard for the department, accounting for 52 calls.

Fire inspections in Richmond Hill during 1962 totalled 599, the report revealed.

Chief Stong expressed satisfaction at the headway the department had made in inspections of business premises.

Matches and cigarette butts were the single greatest cause of fires in Richmond Hill. Twenty-five fires in Richmond Hill and 20 in Markham Township were attributed to this cause.

Other major causes of fires were incinerators, gasoline and gas motors, and electric equipment.

**Town Will Help To Purchase Site Of Proposed Pool**

A recommendation from Park Board Chairman Russel Tilt that the town acquire land in the Newkirk Road area as a site for the proposed swimming pool was accepted Monday night by Richmond Hill Council.

The land is to be paid for from the board's park land purchase fund as far as possible, with the balance to be paid for by the town.

Area of the site is 4.5 acres. The land is zoned industrial but is marked for temporary open space on the official plan.

Finance Committee Chairman Tom Broadhurst said the town is able to pay some of the purchase price.

"Even if we never get a pool, the land will be valuable for park purposes," Mr. Broadhurst suggested. He agreed to have the property evaluated.

**Farm Land Drops Over 6 Per Cent In Four Years**

A study by the Newmarket offices of the Ontario Department of Agriculture points up the recent decline of agriculture as a vital part of York County economy.

The study shows a drop in total farm acreage between 1957 and 1961 of almost six and one half per cent, from 345,000 to 313,000 acres.

Acreage of cultivated land dropped from 174,000 to 166,000 during the same period.

While the acreage dropped, totals estimated value of crops in the county rose from \$7,250,000 to \$7,500,000.

During that period, the swine population rose from 42,500 to 51,000, while the cattle population fell to 61,000 from 65,000.

Number of farm units in the county experienced a more severe drop than the acreage, indicating an increase in the size of the average farm. Decrease was from 3,342 farms to 2,835, or 15 per cent.

**Local Liberals John Addison MP**
