all counts as a good sponsor. Despite the fact that his team ran out of the money on all counts this year, every player has been presented with a new jacket in green and white, the team colors. Throughout the softball season all necessary equipment was never a problem and now this nice bonus at the end of it all. A big tip of the hat to Vern Dynes for being a "good" sponsor and a really nice guy!

Mention a rod and custom car club to many people and they immediately envision a bunch of deadend types dragging maddy down a public street. Somewhere on this tired old globe there may be a car club that operates this way — anything is possible. One thing is sure that is that the Aristocrat Rod and Custom Club with headquarters in Richmond Hill has a most responsible and public-spirited membership.

If an aristocrat gets out of line with a car he may get into trouble with the law. That's only half his problem. He is liable to club discipline as well with fines and extra duties imposed to enable him to see the error of his ways. Banishment from the group is the final disgrace. They are dedicated to safe, sane driving and do a great deal to ensure that members cars are in top safety condition. And that's a definite sign of responsibility.

If you have any toys around your house that the kids have out grown or gotten tired of why not turn them over to the Aristocrats? A telephone call to Aristocrat Jim Pollard at TU. 4-2126 will ensure that your old toys will brighten some unfortunate child's Christmas. Anybody's opinion of car clubs changed just a wee little bit?
