DEPT. OF HEALTH TWP. OF NORTH YORK
A Unique Germ
(3rd of a Series of Four)
The TB germ makes only one mistake. Even when dormant, it throws into the blood a harmless protein. A scientist discovered that this harmless protein could be used to cause a brief but detectable reaction on the skin of a person in whom the TB germ has settled. This is now known as the tuberculin test. It is such a safe and easy way of finding the healthy people in whom the TB germ is hiding and waiting that doctors, nurses, and clinics all over the world use it routinely.

Those left behind are very good. But none replaces you. Many a silent tear is shed When I am all alone; The one I loved so very much The one I called my own. - Lovingly remembered by wife Ella. *1w30

WRIGGLESWORTH - In loving memory of a dear father and grandfather Oscar Wrigglesworth, who passed away January 21st, 1962. In tears we saw you sinking. We watched you fade away. Our hearts were almost broken. You fought so hard to stay. But when we saw you sleeping So peacefully free from pain. We could not wish you back To suffer that again. - Always remembered by daughter Mabel, son-in-law George and grandchildren.
