**Telephone Service Static**  
Just about a year ago now, AX. 3 and Unionville customers in the area were involved in a heated discussion with the Bell Telephone Co. because of proposed changes in service.

AX. 3 customers, who had enjoyed free calling to Toronto for more than six years, were to be switched to the Unionville exchange, which in turn would be linked with Stouffville, instead of Toronto.

The remaining part of the Unionville exchange, some 40 customers north of 16th Avenue, will become part of the Gormley exchange in November of this year.

It has been indicated that two-way toll-free calling could be introduced for Gormley customers after 1966 if a substantial

The village's action came when a local fireman died of a heart attack after fighting a fire.
