

MR. & MRS. DAVID PETER RUTENBERG WILL RESIDE IN SAN FRANCISCO

Sandra Koning Wed In Hart House Chapel

White carnations graced the altar in Hart House Chapel when Sandra Johanna Koning became the bride of David Peter Rutenberg.

The bride is the daughter of Mr. and Mrs. Jacob Koning, Richmond Hill, and the groom is the son of Mr. and Mrs. Anatol Rutenberg of Ottawa. Rev. Allan McLachlin officiated.

The bride was given in marriage by her father. She wore an A-line white wool-street length dress. A small white veil covered her head, dotted with iridescent leaves. She carried a nosegay of coral roses and baby breath.

At the beginning and end of the ceremony two hymns were sung by all, "Praise my soul, the King of Heaven" and "The King of Love my shepherd is".

Best man was John Rutenberg and ushers were Peter Rutenberg and Wayne Koning. Dinner was held at Scott's, with the reception held at the home of the bride in Richmond Hill.

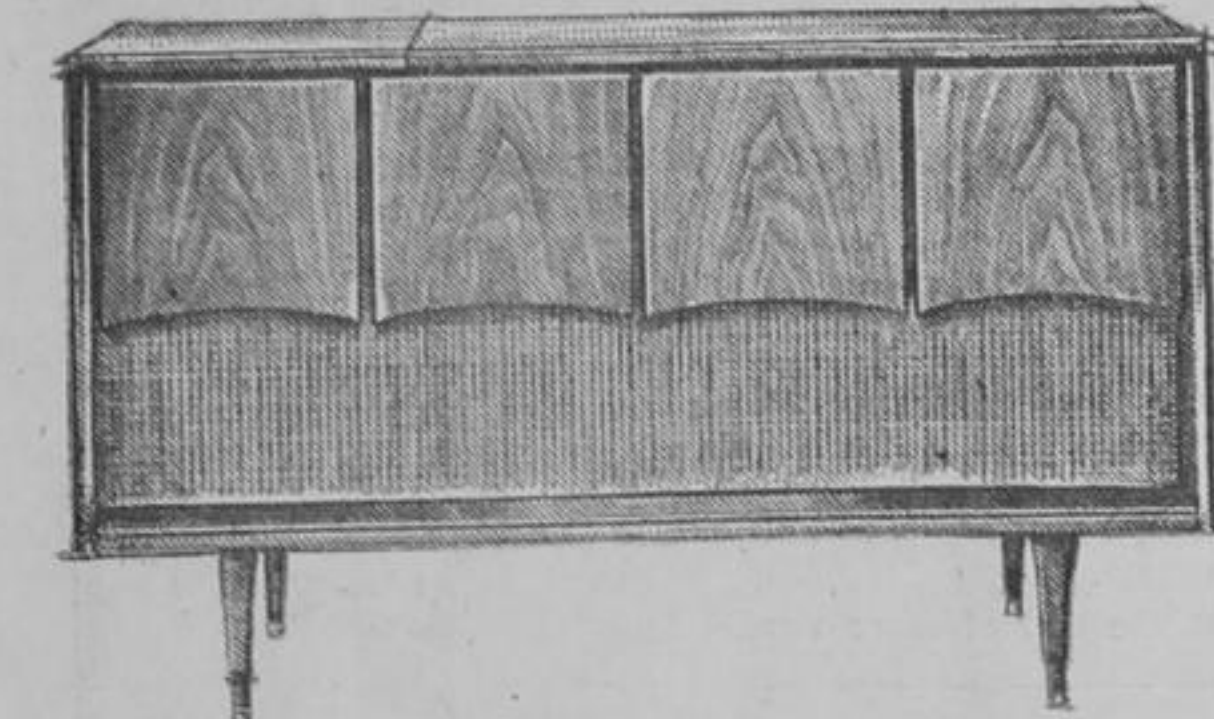

Following a honeymoon in Vancouver, Mr. and Mrs. David Rutenberg will reside in San Francisco.

SO MUCH BUILT-IN VALUE YOU'LL HARDLY BELIEVE THE LOW, LOW PRICE

\$299

Electrohome stereo hi-fi is rarely offered at so low a price! This is the superb Cascade MK I with AM/FM radio and provision for tape too. All housed in a handsome veneer cabinet fashioned by Deilcraft, Electrohome's fine furniture division. For a special thrill hear the Cascade MK I through Electrohome Satellite Speakers that literally surround you with sound.

Come in today. See and hear the Cascade MK I.

- Precision made Garrard "Autoslim" Changer
- Hand wired chassis
- 20 watts music power
- Four matched speakers
- Provision for Multiplex
- 12-month parts warranty

St. John's Church News

The annual vestry meeting of St. John's Church was held in the parish hall on January 28 when the various church organizations gave their reports.

The following appointments were made for this year: Rector's Warden and Treasurer, Mr. S. Snively; People's Warden, Mr. L. Boyle; Chief Sidesman, Mr. N. Thompson; Lay Delegate to Synod, Mrs. S. Snively; Advisory Board, Mr. S. Snively, Mr. G. Beatty, Mr. J. Passmore, Mr. N. Dibb and Mr. C. Black; Auditors, Mr. G. Beatty and Mr. J. Passmore; Delegates to the Great Chapter, Mr. S. Leno, Mr. N. Thompson, Mr. G. Beatty and Mr. Lomas.

Mr. Snively presented the treasurer's report. Miss E. Flood, acting Sunday school superintendent, gave the Sunday school report. The vestry moved a vote of thanks to Mrs. Ritchie for her work with the Sunday school and wished her a speedy recovery. Mrs. Harnden reported on the choir and the rector thanked her very much for her good work. Mrs. M. Beynon gave a brief report on the Afternoon Branch of the W.A. and Mrs. Wm. Bell presented their financial report. Mrs. E. A. Terry gave the report for the Evening Branch.

The rector in his report outlined some of the work he hopes to accomplish in the coming months. He mentioned the Thursday night meetings at the rectory and the youth group.

The Rev. Tom Robinson will be inducted as rector of St. John's Parish, Jefferson, and St. Mark's Parish, Oak Ridges, by Bishop Snell in St. John's Church on February 13 at 8 p.m.

The first meeting of the youth group was held on February 3rd, at 8:30 p.m. in the parish hall. There was a good attendance and after refreshments a program for the season was discussed. Meetings of the group will be every first and third Sundays of the month.

Members of the congregation are pleased to learn that Mrs. Snively is home from the hospital and is making a satisfactory recovery; and that Mrs. Ritchie is also home after some time in hospital.

The February meeting of the Evening Branch of St. John's W.A. will be held at the home of Mrs. E. Gamble, Yonge St., on February 7th, at 8:30 p.m.

Jefferson Community Club

The first ladies' meeting of the current year was held last Wednesday at the school with a good attendance. The question of teaching Oral French in the public schools in Vaughan Township was discussed and a committee was formed to look into the matter further.

Two very interesting films in colour were shown; one on the story of the laying of the gas pipeline from Alberta and the other on the Maritime Provinces.

It was announced that at the February meeting there would be a display of handicrafts made by the different members of the community. This should prove very interesting, and do plan to come.

Change of Date

The regular monthly meeting of the 1st Jefferson Mothers' Auxiliary will be held at the home of Mrs. Lorna Black, Yonge Street North, at Jefferson, on Tuesday, February 19, instead of February 20, at 8:30 p.m. Please note change of date.

Group Committee 1st Jefferson Cubs and Scouts

A meeting of the Group Committee was held at the home of Mr. and Mrs. E. H. Ensor on Sunday afternoon at which 13 members were present. The main points of discussion were the Scout Camp to be held on February 9th and 10th; Boy Scout Week from February 17 to 24; Parents' Night on February 21; Hobby Show on Febru-

Will Borrow \$35,000 To Pay Water System

Markham Township Council Monday night gave three readings to a bylaw authorizing the borrowing of \$35,000 to pay for the extension of waterworks and a water supply system to John Street and Don Mills Road.

Extension of the water system, which has already been completed, was designed to attract industry to the area.

The debentures will be repaid by a levy on the whole township.

On Six - Month Tour

Will Visit Observatories In Many Parts of World

Professor John F. Heard, director of the David Dunlap Observatory, will leave Tuesday on a six-month world tour accompanied by his wife, which will take him to most of the world's leading observatories.

Purpose of the trip is to study observatories similar to the Dunlap Observatory, just south of Richmond Hill, and to study methods and exchange ideas with scholars in different parts of the world.

First part of Dr. Heard's trip will take him to Hawaii and to New Zealand where he will visit an associate making tests of astronomical sites.

Dr. Heard will spend several weeks in Australia, visiting an observatory and taking part in a conference.

Much of his time will be spent at Mount Stromlo Observatory near Canberra, capital city of Australia.

Mount Stromlo is one of several observatories with a telescope modeled after the original equipment built for the Dunlap Observatory by Grubb-Parsons, a Newcastle, England, firm.

During his stay in the southern hemisphere, he will have a chance to study a number of phenomenon not usually observable in Canada. Dr. Heard will get a chance to see the brightest part of the Milky Way, which can't be seen here.

The Magellanic clouds, named after explorer Ferdinand Magellan, are also visible in the southern hemisphere. These galaxies of stars are closest to the earth and give scientists the best chance of studying other galaxies.

Dr. Heard will take part in a conference on the clouds, which will take him to several centres in eastern Australia winding up in Sydney.

From Sydney, Dr. Heard will travel to the Radcliffe Observatory, near Pretoria, which also has a telescope similar to that at the Dunlap Observatory.

He will spend two weeks working with people there and comparing observations.

After time out for a few stops for sight-seeing on the way north, Dr. Heard will arrive in Cairo, where he will spend two weeks at Helwan Observatory.

From Cairo, he will travel to Italy by way of Athens. In Italy he will visit the Naples Observatory and the Vatican Observatory, just outside Rome.

In Versailles, France, Dr. Heard will spend time at Haut Provence Observatory, which has a telescope similar to the Dunlap telescope.

Next stop will be Munich Observatory, where the director is Dr. Peter Wellmann who spent a year in Richmond Hill six years ago studying at the Dunlap Observatory.

Holland is the home of astronomy with many of the world's most famous observatories and scholars. Dr. Heard will spend over a week there, making a special visit to the famous Leiden Observatory.

Windup of Dr. Heard's world tour will be a visit to observatories in the British Isles. He will return to Canada sometime in July.

Name Trustees To Committees On School Bd.

Mrs. Ruth Castle last week was appointed chairman of two standing committees on the Richmond Hill Public School. Mrs. Castle will head the personnel and research and planning committees.

Other members of the planning committee will be W. H. "Dick" Hutchinson, Jack Knott, Basil Pappas and Mrs. Deena Simpson.

Donald Scott and Mr. Knott will round out the personnel and research committee.

Backing Mr. Knott, who will head the building committee, will be Mr. Pappas, Mrs. Simpson and David Stephenson.

Mr. Stephenson and Mrs. Castle will round out the finance and purchasing committee, which will be chaired again by Mr. Hutchinson.

New Trustee Donald Scott will act as chairman of the publicity and public relations committee.

Vaughan Council Notes

Council learned that preliminary plans have been made by Toronto and York Roads Commission to eliminate the jog in the Maple Sideroad where it crosses Keele Street.

Commission Engineer E. J. Rettle met with the planning and building committee to discuss ways of straightening out the intersection.

Planning board will give the neighborhood plan of the Maple area top priority in order to speed up work on the intersection.

New tenders are to be called by the township for purchase of gasoline and diesel oil. Purchase of fuel during 1962 was based on tenders received in 1956.

The township's road department, waterworks department and police and fire department used about 35,000 gallons of gasoline and 8,000 gallons of diesel oil during 1962.

A maintenance bond on Sylvadene Gardens Subdivision was released by council for \$13,000. Township Engineer Keith Hopper told council the money would be enough to bring roads in the subdivision up to standard.

Council passed a resolution supporting a resolution from Wentworth County Council calling for provincial legislation to prohibit the sale of mineral based detergents.

Wentworth's resolution also called on the Ontario Government to inform the public of REPRINTS AVAILABLE

Readers may order reprints of staff photos appearing in "The Liberal" at the newspaper office, 63 Yonge Street South, Richmond Hill.

Prenatal Classes For Expectant Mothers

You'll make the wisest choice whichever Chevrolet you choose!

These four different cars are alike in one very important way. Each is a Chevrolet. That means any one will give you more for your money in performance, beauty and comfort... plus far greater worth at trade-in time. However, each of these fine cars has its own way of being distinctive, too, because each is tailored to the interest of a certain kind of buyer. There's our big **CHEVROLET** Keeps Going Great

Chevrolet with its Jet-smooth ride, luxury and styling. Chevy II with its parkable size, sparkling performance and outstanding fuel economy. Corvair with rear engine manoeuvrability and the instincts of a sports car. And the new Corvette Sting Ray, North America's most exciting car. So, whichever your choice, you can be sure it's a wise one.

Shown above (top to bottom), '63 Chevy II Nova 400 Station Wagon, Chevrolet Impala Sport Sedan, Corvette Sting Ray Sport Coupe and Corvair Monza Club Coupe.

See four entirely different kinds of cars at your Chevrolet dealer's One-Stop Shopping Centre. Be sure to see Bonanza on the CBC-TV network each Sunday. Check your local listing for channel and time.
