Vaughan Council Notes

Vaughan Township Council Monday night approved modified plans from the Board of Transport Commissioners for a separated grade crossing where the CNR bypass crosses Con. 6.

Modification in the plans will permit future widening of the bridge.

Water Superintendent William Norris was authorized by council to call tenders for replacement of two waterworks decision trucks.

Decision to replace half-ton and one ton trucks was reached because of the high mileage on them, their mechanical condition and the physical condition of the bodies.

Tenders will call for a half ton and three-quarter ton truck.

Finance and general purpose committee will give further consideration to retaining a firm of management consultants to conduct a study of the township offices related to salaries and jobs.

The committee reported a meeting with representatives of Woods - Gordon, management consultants, at Monday's council meeting.

An earlier submission from K.C.S. Limited will also be considered.

Vaughan Township Council Monday night authorized Waterworks Superintendent William Norris to purchase an electric distribution pump for the Maple Pumphouse from Fairbanks Morse for \$7,931.

Bulk of the cost of the pump will be paid by a cash contribution of \$5,000 from Cadillac Lumber.

Additional pumping equipment was needed to provide adequate water to meet insurance standards for a new sprinkler system being installed by Cadillac Lumber.

The committee will also investigate a proposal that council

pay a grant to Thornhaven and District Association for Retarded Children.

Business Administrator Norman Jackman of Vaughan Township School Area Board told council previous board grants to the association were made without proper authority.

Mr. Jackman suggested that the council itself should make the grant.

In 1960 and 1961 the board paid a grant of \$20 per pupil per month. In 1962 the grant was \$1,000.

Five township children are now attending the association's Thornhaven School.

Welfare assistance granted last month dropped over \$1,600 from the figure in January, 1962, according to a report submitted to council by Welfare Officer Ross Kerwin Monday night.

Only 103 people received \$2,284.71 in January, 1963, compared to the 164 people who received \$3,905.32 for the same period last year.

A drop of \$1,000 has been recorded in each month since Mr. Kerwin was hired less than a year ago.

Mr. Rummy operates a farm north of Victoria Square and was a member of Markham Township Council for a number of years.

He has been connected with the Federation of Agriculture for many years.

Tells VON Meeting

Hospital Head Advocates Community Health Scheme

Administrator Gary Chatfield of York Central Hospital Wednesday night called for a hospital based community health program involving both public and private agencies working through the York Central Hospital.

Mr. Chatfield was speaking at the annual board meeting of the Victorian Order of Nurses in the municipal hall, Richmond Hill.

All services of the new hospital, scheduled for completion in October, are to be made available on an out-patient referral-basis, Mr. Chatfield said.

Under this setup, the patient would be treated at home after the critical portion of hospital treatment.

Mr. Chatfield said adoption of this program would enable patients to recuperate faster in familiar surroundings, benefit both the patient and hospital financially, and release the hospital bed for someone with greater need.

Average cost of home care would be \$7 for home care a day compared with between \$25 and \$30 a day for hospital care, Mr. Chatfield estimated.

Included in any patient referral program set up for York Central should be the VON, the York County Health Unit and other health agencies geared to the preventative and home nursing care fields, he told the meeting.

Mr. Chatfield suggested a home care program as a possible solution to the shortage of beds in York County.

At present there is only one bed per 1,000 population compared to the province's minimum standard of five per 1,000. Expansion of York County Hospital in Newmarket and completion of York Central would raise this figure to three per 1,000, Mr. Chatfield said.

Mr. Chatfield stated that a hospital based home care program has been tried successfully at other hospitals in Canada and the United States on a limited basis.

In business finalized at the meeting, ex-Liberal M.P. Jack Smith of Richmond Hill was named honorary chairman for 1963.

Members of the executive for 1963 will include William McDougall, chairman; J. M. Langton, first vice-chairman; Mrs. A. Dixon second vice-chairman; and Herbert Ludlow, secretary-treasurer.

New members named to the board include Mrs. D. Beaumont, Mrs. M. Maitland, Jack Sheahan, Hugh White and Dr. J. I. Kerr.

Choirs Prepare

High-frequency rehearsals are the order of the day throughout the halls of Richmond Hill public schools for the next three weeks.

Some 10 choral groups from grades 5 to 8 are building supplies of artistic "ammunition" for the annual "battle of the choirs" in the Toronto Kiwanis Music Festival next month.

Much enthusiasm and intensive work are concentrated on surpassing the excellent standards reached last year.

Whatever measure of success is enjoyed will be due in no small way to the skill and effort of the teachers training the youthful singers. Herman G. Fowler is music director of the Richmond Hill public school.

How Fast Would We Fix Your Phone?

If you're like most people, you probably can't recall the last time anything went wrong with your phone service. Today's phone equipment is built and maintained to provide fast, dependable service, 24 hours a day. However, should something happen to your phone service, you naturally want it back in working order as fast as humanly possible. We do too. That's why our service people work with two clocks. One that tells the time a service call comes in, and the other, the approximate time a serviceman will be at your doorstep. The time varies depending upon the work load or disposition of the work force, but it is generally only a matter of a few hours. (Emergencies, of course, are taken care of at once.) While we constantly check to prevent trouble before it happens - once in a while something may go wrong. If it does, you can be sure we'll fix it fast - at no extra cost to you.

PHONE SAVES LADY IN DISTRESS

We read a news item recently about a housewife who was busily cleaning her kitchen and suddenly found herself trapped. She was trying to clean the space between the refrigerator and her kitchen counter. Without thinking she squirmed her way into the narrow slot... and managed to get thoroughly stuck. But right there on the wall over the counter was her handy kitchen extension phone. She called the police who sirened out to the rescue... gave the refrigerator a few hearty heaves and released the lady. It's one reason for having a kitchen extension that hadn't occurred to us.

Is There Someone Across The Miles?

Is there someone you'd like to talk to... someone across the miles you haven't seen for some time? It may be the folks back home, a son or daughter away at college, or an old friend you've missed over the years. There's nothing like hearing the warmth of their familiar voices again... the excitement of exchanging home bits of news... the comfort of knowing they're all right. Why not pay them a personal visit by long distance telephone? It costs less than you think. And remember, long distance Area Codes help to speed your calls. They're listed in the front pages of your phone book.

Budget Reaches \$1,862,000 Top

Toronto and York Roads Commission presented a budget calling for expenditures of \$1,862,000 on road construction at last week's session of York County Council.

The budget calls for improvements to Weston Road, Dufferin Street, Bayview Avenue and Davis Drive.

Maintenance costs of \$36,000 will be shared by the county and province. The province will pay a subsidy of \$978,100 with the county assuming \$883,900.

Proposals to pave Bayview from Markham Road to the Gormley Sideroad met opposition from members of councils but were referred, along with the rest of the report, to the finance committee.

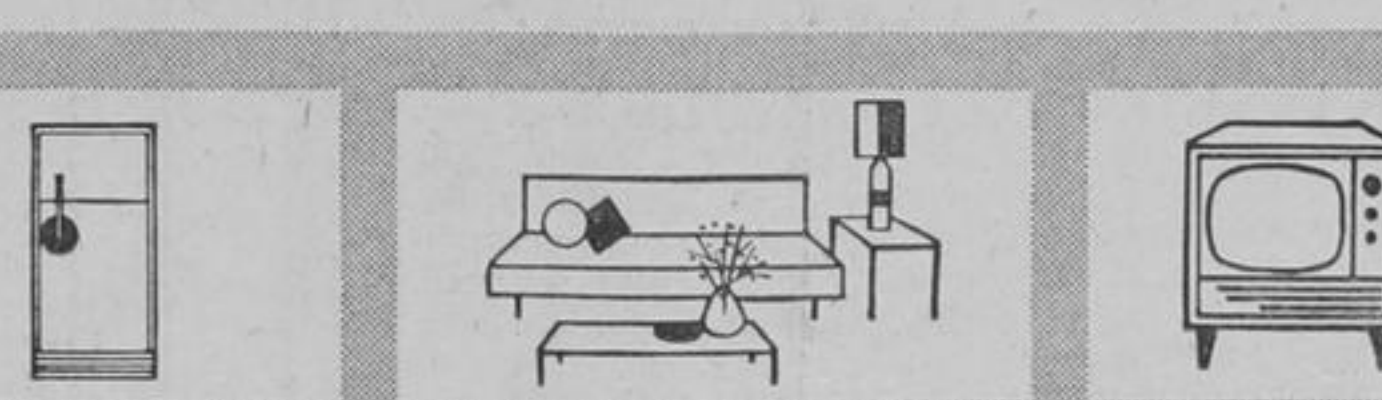

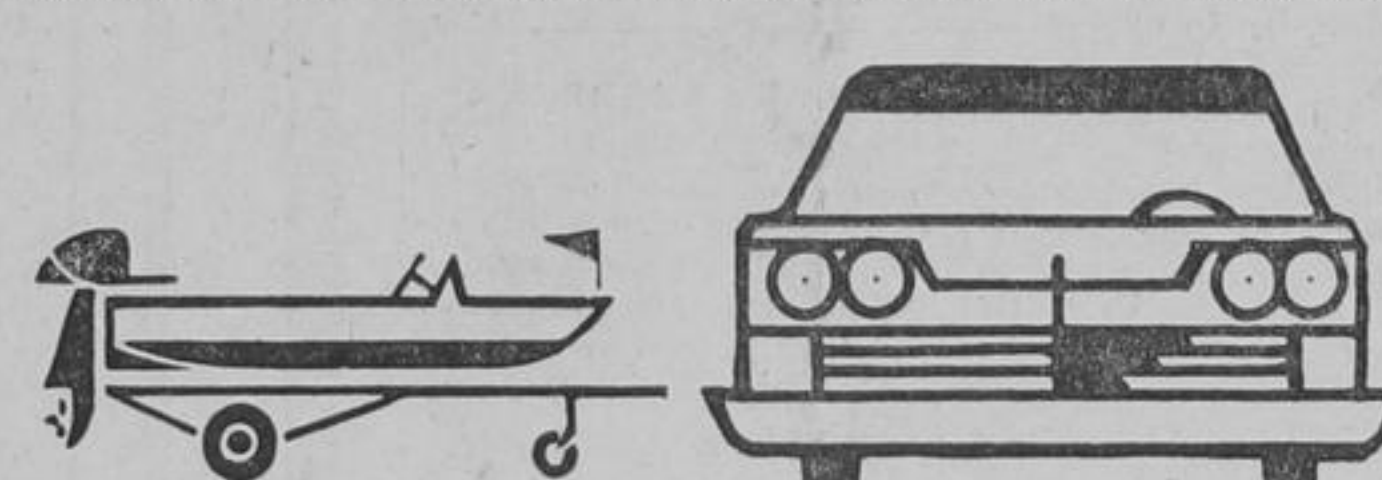

Over 100 To Attend District Conference

Over 100 high school teachers from the Richmond Hill area will attend the annual professional development conference of District 12 of the Ontario Secondary School Teachers Federation, February 22.

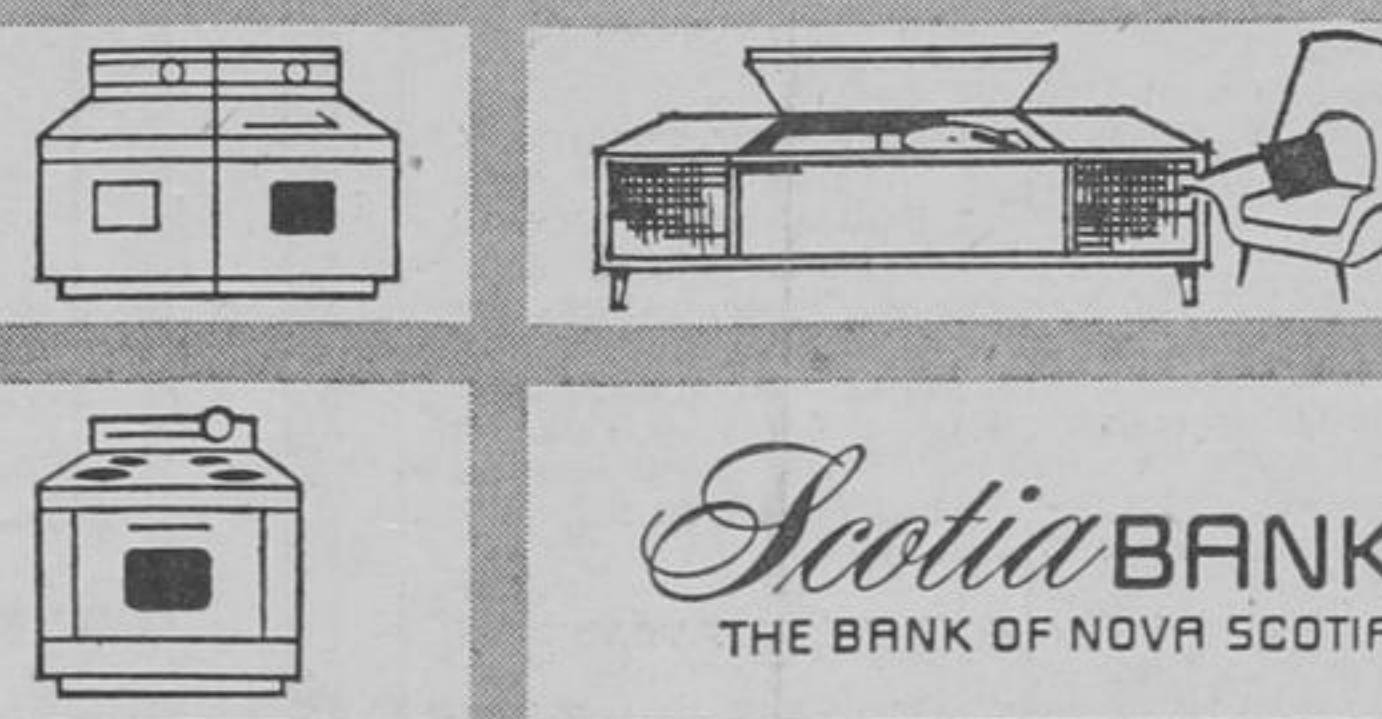

Heading the conference slated for Central Peel Composite School, will be Al Morassutti of the host school.

Speaking at the conference will be Dr. Marcus Long, professor of philosophy at the University of Toronto, and J. Bascom St. John of the Toronto Globe and Mail. R. W. Dent of the Ontario Agricultural College will discuss programmed learning. Other speakers will be F. R. Branscombe, supervisor of teaching aid, Board of Education, Weston, and R. Duplantie, of W. J. Gage Ltd.
