It all depends on whether your home needs the touch of a master-painter, new bathroom fixtures, or a complete re-modelling job in the kitchen.

If there's work to be done to improve your home, now is the time to put it in hand. Wintertime is the time when hands skilled in putting houses in order are available at short notice. Now is the best time to get repairs and renovations done thoroughly, quickly and at lowest cost.

If the work you have in mind costs more than you care to put out in cash - there's no problem. Simply see your neighbourhood branch of "MY BANK" and arrange for a low-cost

B of M Home Improvement Loan. The man who serves you at the B of M will be glad to do it - even if his name isn't George.
