

Maple, Concord and Edgeley District News

"The Liberal" is always willing to publish interesting items regarding people and events contributed by its readers in Maple, Concord & Edgeley districts. Our representative in Maple is Mrs. Len Shore, ALPine 7-1150; in Edgeley and Sherwood, Mrs. Raymond Stuart, AV. 5-1934; and in Concord, Mrs. Ruth Keffer, 285-1040.

This Week's Happenings In Maple

Women's World Day of Prayer
Throughout the Christian World, March 1st is set aside for the World Day of Prayer. The World Day of Prayer Committee, Korean Christian Service of Seoul, Korea.

Here in Maple tomorrow, March 1st, the service will be held in the host church, St. Stephen's Anglican, Keele Street North, at 12.30 p.m. The other churches in Maple, - St. Andrew's Presbyterian, St. Luke's Lutheran and Maple United unite with St. Stephen's Anglican to prepare the combined service.

Using the universal theme, "More Than Conquerors", the guest speaker will be Mrs. Emil Lange, wife of the Lutheran Church minister.

The women of our community are urged to attend and join in prayer on this special "World Day of Prayer."

Campaign Conference Is Start Annual Campaign

(By Toby Shore)
Meeting to plan a financial campaign objective of \$3,682,000 for any group is indeed an awesome task. When the campaign chairman throughout the Ontario Division of the Canadian Cancer Society met for just such an occasion at the Lord Simcoe Hotel, February 16 and 17, this challenge was accepted as the challenge of cancer.

Presenting one of the greatest medical challenges of this century, the attack on cancer is the greatest single undertaking in medical history. Here at this campaign conference it was noted that it is being met by the combined efforts of hundreds of thousands of scientific, medical and lay volunteers in many countries of the world. In Canada, with the effort directed through the Canadian Cancer Society, its sole sources of funds are voluntary gifts from the public and bequests.

In listening to the divisional chairmen as they outlined the requirements needed for research, education and welfare work and knowing that all the representatives in the room had already a workable knowledge of this need - you wished that somehow everyone connected with the C.C.S. as well as the general public would be able to sit in on these speeches and join in the workshop discussions.

Here were 250 dedicated men and women who "already knew, and respected the need for just such requirements for the C.C.S. campaign." Then slowly we "got the message!" Indeed with it being impossible for ALL to attend, we were taking a refresher course so we could return to our districts, units and branches and recreate the inspiring lessons learned and facts and needs renewed, to those who in turn would go out and pass on just such knowledge to those they contact through canvassing, visiting or service.

Only through our proper knowledge as to the facts and needs of the C.C.S. will we have "effective motivation". In telling the C.C.S.'s story as it pertains not only nationally but most definitely locally, in the services we render, may we ultimately see victory. When we know that the people of our towns and districts are well aware that when we ask for contributions - before taking from the community - we have already, through our services - put a portion of it back, then and only then through our education programs will we see

that old bug-a-boo cancer come out in the open and research and early diagnosis will go hand in hand until THE CURE IS FOUND.

Inspiration to keep digging for funds for research was brought to our attention most forcibly as the Saturday night after-dinner speaker, Dr. Harold Johns, Director of the Physics Research Division of the Ontario Cancer Institute (Princess Margaret Hospital) spoke on the information learned only in the past year which completed the knowledge of the immensely complex structures of living cells.

Dr. Johns fascinated his audience with displays to illustrate the divisions and workings of each cell.

The Sunday luncheon speaker, Rev. Dr. Finlay Stewart, rector of St. Andrew's Presbyterian Church, Kitchener, urged the workers not to hesitate in asking others to work for the society because "in doing so you are offering them the opportunity to become a man in the true sense. Each one of you are the type of people you are today because you have given of yourself - in work for this cause cancer."

A most popular breakfast speaker had been Lord Athol Layton, former wrestler and now commentator via TV of weekly bouts.

In offering his services as a fresh recruit he stated that he was concerned with the necessity of haste in finding a cure for cancer, in that cancer is no respecter of persons and he was finding out more and more that cancer is no respecter of physical fitness. Many sports people who were in perfect physical condition have been struck down with cancer. Therefore, if he could be of any assistance he would like to be accepted as a volunteer worker.

In returning home from such a conference, you find yourself enthused and almost brainwashed with the scope and magnitude of the challenge. The trick is to get your report in to home base at once before any of your newly acquired knowledge and inspiration fades. So, here is but a minute bit of the wondrous things we can make possible through research, education and welfare work. IF we can combine our energies and knowledge with "effective motivation" in regards to our canvassing during the month of April. Will you volunteer to accept the "challenge of Cancer?"

While speaking of make-up for the eyes she said, "When colour was lifted toward the eyes it was one of the nicest things that has happened to make-up. Your eyes are the focal point. You laugh, cry, give all expressions through your eyes. When speaking, the eyes are watched. Several gifts of cologne and beauty products were given to lucky guests as well as face powder and a beauty chart to each lady.

St. Stephen's W.A. catered to the group with cakes, cookies and coffee. Free facials were given to interested ladies at Perry's Pharmacy for the remaining days of the week.

As something new in our community, John Perry surely hit on a popular and well attended evening of beauty. Many questions were asked and proficiently answered by the beautician.

Happy Birthdays
Mr. Fred Bodker, February 6, Dianne Fierheller, February 8, Frank Locke, February 9, Mrs. Percy Usher, February 12, Susan Bodker, February 14, Mrs. Robert Graham, February 15 and Jane Fierheller, February 24.

WI
Mrs. Arthur Avery will be the hostess on March 7 for the regular meeting of the Edgeley Women's Institute.

Church Dismantled
Dismantling of Edgeley United Church, which was closed December 1961, commenced on Monday of last week. The pulpit and pictures were moved to Maple church where the pictures will be used in the Sunday school room. The baptismal font has gone to Hope United Church and the organ, which was purchased in the early 1930's was bought by Mrs. Alf Bagg, who was church organist for many years.

Pioneer Village
The Metropolitan Toronto and Region Conservation Authority is aiming to have 25 buildings in the Pioneer Village by 1967.

The Village to date is comprised of 15 buildings. The latest addition is the more-than-a-century old stone Grubb House which was located at Albion Road in Etobicoke. Its new location is on the east side of Jane Street south of Steeles Avenue.

Restoration is about complete and it is now known as the Superintendent's House.

Her many friends are pleased to learn that Mrs. W. Maginn is progressing well at Peel Memorial Hospital where she has been a patient for the past couple of months, and is looking forward to coming home soon.

Mrs. Sarah Peterman moved last week from the Pine Grove Nursing Home to York Manor where she will be pleased to receive frequent visits from her friends and relatives.

A regular meeting of the Edgeley Women's Institute was held at the home of Mrs. C. N. Boake, February 7.

Mrs. Boake has offered her home for the forthcoming "Games Night" sponsored by the local branch in aid of the York Central Hospital.

Chicago 1 - Canadiens 0
Gary Sykes scored for Chicago.

Leafs 3 - Detroit 2
David Birch (2) and Fraser Cringan scored for the Leafs. Tony Goodmakers and Jim Jara were the Detroit goal getters.

One-Day Meet Held At London

Universities, the Ontario Government and municipal and regional development officials were represented at the Inter-University Seminar on Regional Development in the province of Ontario held in London Wednesday.

The seminar, held in Middlesex College Theatre of the University of Western Ontario, was co-sponsored by University of Western Ontario and the Ontario Regional Development Council.

Papers were presented on regional development programming, membership systems and the relationship of the program to the provincial and local governments.

Seventeen member associations make up the Ontario Regional Development Council which is designed to aid the development and economies of Ontario.

Richmond Hill is within boundaries of one of the unorganized development associations in the province.

Building Reaches New Peak

Building in Vaughan Township reached a new peak, according to the annual report submitted by the township's planning and building department.

According to the report, submitted by Planning Director Tom Gillings, some 358 permits for construction with a total value of \$5,085,980 were issued during 1962. This exceeds the old record, set in 1955.

Value of building in 1962 was almost double the 1961 figure of \$2,758,300. Mr. Gillings attributed most of the increase to the building of the new York Central Hospital on the Maple Sideroad west of Richmond Hill.

DEPT. OF HEALTH
TWP. OF NORTH YORK
Tried - True

There is only one tried and true method of getting rid of a cold. Give a cold prompt attention as soon as it starts. Stay at home in bed, drink plenty of water and fruit juices, eat nourishing meals and stay out of drafts. That way a cold will likely only last one day rather than a week or more if you ignore it.

Bernie Faloney Talks To Scouts And Fathers

Always a highlight when a scout or cub can escort his dad - or reasonable facsimile - to the annual father and son banquet, this year, February 6, was no exception.

The community hall provided the setting as 150 sons and fathers sat down to a well served and delicious turkey dinner with all the trimmings and topped off with fruit pies, ice cream and pop. The ice cream, as in past years, was donated by Cousin's Dairy and the lovely red roses on each table were donated by Concord Florists.

Mr. Faloney told the boys that they should do their best to be good scouts and put to use what they've been taught by their leaders. It will stand them in good stead whether on the playing field or in business. In answering the many questions from both sons and fathers, Bernie explained difference in penalties and rules between Canadian and American standards and admitted to preferring the Canadian game with its rules.

Brownies

1st Richvale Brownies held Thinking Day on February 19. The Brownies were dressed in costumes of Pakistan, Mexico, Turkey, Spain, Finland, Scotland, Ireland, Holland, Italy, Sweden, South America, China, America, Canada, Brazil, Norway, Japan, Egypt, England, France, Germany and India.

During the evening the mothers saw hobbies of shells, painting, bath sponges, stamps, coins, paper flowers, stones, copper work, fancy work, knitting and sewing that the Brownies had done.

WHY WAIT FOR SPRING? DO IT NOW!

United Church Women

The Carville United Church Women will meet at the home of Mrs. Jack Barton, Wednesday evening, March 6, at 8 p.m. It is to be a St. Patrick's Tea. Ladies who names are between A and L inclusive are to bring refreshments. Mrs. Adam Read will read the scripture and Mrs. John Baker will take the paper. Everyone is invited to attend.

The leading question these days in a conversation is "Have you had that awful flu?" Unfortunately nearly everyone has had it in one form or another, so instead of mentioning all the names on the sick list which would take up a column, let's hope everyone is on the mend and that we have heard the end of all this sickness.
