

Izaak Waltons Gather At Indoor Pool

The 'fishpond', a traditional attraction for youngsters, proved to be a highly successful spot at the McConaghy Public School Home and School Association Fun Fair held last Friday evening in McConaghy Public School. The children pictured above all look as though they are anticipating the catch of the season. Unlike the 'old fishin' hole' down on the farm all fishermen at the above pond were guaranteed a bite and a catch every time they dipped a line. (Photo by Barbour)

Ah! Spring!
What is so rare as a day in spring? Yes, I know I have the wrong word in that quotation, but I ask you as a mother. Someone has told us it is spring. The robins came back early and have nearly frozen since. All we mothers get is a sopping mess of wet socks, boots, jeans and mitts. We send the young fry out dry and warm. In return we get a bedraggled moppet that looks as if it came from some prehistoric mud bath.

Youngsters go off to school looking like nice little humans which they are. But when they reach home after school - oh, what a mess. Tell junior to take a bath or get washed and listen to the wailing. But just let snow start to melt, ditches fill and puddles form on the roads and junior finds that water is a wonderful element. Mother battles kids, water and pneumonia, for this time of year ugh!!

AH SPRING!

New Telephone Numbers To Be 7-Figure Number

A letter explaining a new method of displaying telephone numbers which will be introduced in Richmond Hill next October, has been sent to all local telephone customers, W. C. Barnes, Bell manager has reported. He added the introduction will be coincident with the publication of the 1963 directory.

It was pointed out that under the new all number calling (ANC) plan, the letters T and U of Turner 4 will be replaced by the numerals with which they correspond on the dial. This means that all Richmond Hill telephone numbers will begin with the three-digit code 884 and will be completed by the last four figures of the present numbers.

In view of the foregoing it has been suggested that businessmen show their new "all-figure" numbers on any stationery, signs, bill forms and advertising matter that they might order for use starting next summer.

However, since calls dialed to the two-letter, five-figure numbers will be completed after the change, it will not be necessary to discard any printed material displaying the old TU 4 numbers that they might have on hand when the new directory is published.

Mortgage Company Offers Plan To Revitalize Used House Market

In an effort to fill the need for larger first mortgages on older homes, British Mortgage & Trust Company has just announced a new plan of financing. It will issue mortgages for 80% of value at 8% per annum. With this move, it is hoped that the sale of older homes in good condition will be encouraged which, in turn, should result in a better market for new homes.

This plan is being offered by British Mortgage in conjunction with Granite Investment & Development Limited. The plan will actually be a first and second mortgage combined, although the borrower will make only one payment and

have his financing administered by British Mortgage & Trust.

The company will be giving loans as high as \$25,000 on residential property. This loan will be repayable over 20 years at 8%. The mortgage will be drawn for 10-year terms, but the repayment plan will be as long as 20 years.

Although this plan includes commercial property, it is mainly intended to revitalize the used housing market. In turn, it is expected to give new life to new house sales.

Another important asset to the combined first and second mortgage plan will be a reduction in costs for the mortgagor. Initial cost will be less, as will carrying charges and broker-ages fees.

Don Brodie, Headford, with George Hooper, Bruce Shillinglaw and Bill Pearson of Unionville Junior Farmer Curling Club represented the York County Association at Guelph, March 18, and won the trophy for the County. They competed against Oxford, Perth and Victoria Counties.

Ellisabeth Barker is travelling again, this time to Saskatchewan where she will deliver a car at Saskatoon. En route she will visit relatives and hopes to contact junior farmer groups.

Joan Horner dropped four pennies in the Sunday school birthday box March 24. She shared a party with her sister Joyce, March 16, but her own day came a week later. Many happy returns Joan.

Spring unfolds its repertoire and thoughts of love may be engaging young men but it is skipping ropes, jacks, muddy floors and 'cods in de hed' that are most in evidence.

Don Brodie enjoyed the Montreal-Toronto game, March 20, in Toronto.
