

### Communion Held Headford Church

Dr. F. A. Binington conducted the quarterly Communion service in Headford last Sunday, when Albert and Rosemary Leek, Robert Lee, and Richard Burton received their first Communion. Mr. and Mrs. Cummer Lee received full membership into the church.

Mrs. William Wellman, Mrs. Harry Burton and Mrs. Loren Guild represented Headford at the UCW Thankoffering Service held April 3 at Brown's Corners United Church.

An exhibition hockey game at the Headford Arena April 4 saw the Rangers defeat the Maroons. Richard Burton starred with two goals.

Following a lengthy session in the hospital, A. S. Leek has returned to the home of his son, Elmer Leek. Mrs. Leek reports her father-in-law is recuperating satisfactorily. Mrs. A. S. Leek is still in hospital following an operation.

Mrs. Loren Guild, Mrs. Douglas Calder and Martha were guests during the week of Mrs. Guild's sister, Mrs. R. O. Joliffe, Rockwood.

### Injured In Wind Storm

A section of a wooden protective wall around a construction site at Yonge and Eglinton toppled on to a Richmond Hill resident during Thursday's high wind storm. Mrs. Helen Nager of 396 Lynett Crescent, suffered painful leg injuries in the accident.

She was taken to hospital but later was allowed to return to her local home. She is still suffering from considerable pain.

Mrs. Nager was approaching the entrance to the subway on a shopping trip to downtown Toronto.

### Society Hears Talk On Birds

President of the Richmond Hill Horticultural Society, Spencer Urquhart has announced the annual meeting will be held April 20. The theme surrounding the meeting will be known as "Prelude to Roses".

In preparation for the Rose Society Show scheduled for later this season.

Guest speaker at the March meeting of the society was John Lunn, curator of the Royal Ontario Museum. The well-known naturalist was introduced by Russell Tilt.

Mr. Lunn's talk ranged over a multitude of interests from modern methods of bird banding to discussion on the Canadian birds now facing extinction such as the whooping crane, and the methods being used to prevent this.

Using slides to illustrate his talk, the speaker told of the perching habits of these birds, and that this could prove an easy method of recognizing them.

Wesley Ankeman thanked the speaker and Mrs. H. H. MacKay was convener of the meeting.

### Summary Course Well Supported

Over 200 women from York County attended the two-day summary course on "hooked rugs" and sponsored by the home economics service of the Ontario Department of Agriculture. The event concluded a training school course that had been offered to interested women's groups in the county.

Last fall 16 WI branches had sent two leaders each to the two-day training school conducted by Miss Isabel Leslie, home crafts specialist with the home economics service, Toronto. They were given information on color and design. Each of the instructors designed their own rug and were taught the art of hooking.

Those attending the Buttonville program included Bethesda, Elder's Mills, Gormley, Highland Creek, Mark-Vaun, and Mary H. Graves. In Newmarket the following groups were present: Bogartown, Kettleby, King, Mt. Albert, Pine, Orchard, Snowball and Temperanceville.

Chairman of the program was Mrs. W. G. Miller of Highland Creek. Elder's Mills presented an interesting skit, while Highland Creek group rendered a song. A humorous skit by Maple group was applauded, as was a film, "Craftsmen in Canada."

Highlight of the afternoon was guest speaker Mrs. Margaret Rowan, of Rittmereford, Beamsville. In addition to displaying rugs created in her studio, the speaker used slides to show more of her handiwork. Snowball and Pine Orchard groups also participated in songs, and poems on rug making.

# EASY RIDING-EASY TERMS SUPER-CYCLE

**MORE FEATURES!  
MORE FUN!**

**35.95**  
JUNIOR SIZES  
Boys' and Girls',
