SPORT SPOTS

(Continued from Page 9)

SOFTBALL TOURNAMENTS

For the first time in it's history the Richmond Hill Minor Ball Association will be entering a team representing both Richmond Hill and the association, in a softball tournament. The tournament will be held in Woodstock on June 15th and is for boys between the ages of 10 and 13 years of age.

Each coach of a team operating in the peewee section of the R.H.M.B.A. was asked to submit the name of one player from his team. From these boys 15 will be selected to make the trip to Woodstock. Before somebody hollers "Hey! What gives?" an explanation is in order.

This is the first of several tournaments to be entered this year. The 15 players chosen to go to this tournament will be replaced by 15 more for the next tournament. In no way shape or form is this to be construed as an effort to produce what is com-

monly known as an all-star team. It would be real easy to pick 15 of the best and let them play as a unit for tournament purposes. There's only one trouble - it wouldn't be fair to the rest of the kids and that's a situation that the

R.H.M.B.A. wants to avoid like the plague. So there it is, June 15th at Woodstock will see the first of many (we hope) R.H.M.B.A. teams in tournament play. If you've got a Saturday free and want to do a little rooting and hollering feel free to head for Woodstock. They're a hospitable bunch down that way and will be glad to have you along. Please remember that this group will be the first of many.

A SON FOR THE PRESIDENT

Minor Ball Association, has been handing out cigars recently. His good wife Shirley recently presented him with a 1963 model son completely equipped with a fluid drive. Like they always say, mother and the junior girl champion as the spectators, Carol won the baby are doing well. Congratulations to the Mans- she captured first place in the event by a 25 foot margin. bridge clan!

PROTECT THE PHEASANTS

Got a communication from a game warden the other day that makes a lot of sense and also proves that some people haven't got too much. Sense, that yard sprints and the running lot more in the not too far

Apparently a group of dog owners are training their dogs on the pheasant population in this immediate area. Besides being highly illegal it's outright cruel. At this time of year our feathered friends are busily building nests for the care and welfare of the next pheasant generation. As our championship. warden friend put it "would you like to see a dog chasing an expectant mother ?"

The warden also made it very plain that if the practice doesn't stop then someone is in for real trouble. Fines, impoundings and court appearances can be somewhat sticky to say the least. Let's let the pheasants get on with what nature intended and everyone will be happy for years to come.

Flag Time 8:30 p.m.

First flag falls at 8:30 block construction.

Fans will be in for some aurprises at the compact quarter-mile oval on No. 7 Highway when co-promoters Norm Smith and Joe Cappy, returning after a three year absence, will put on display the first stage of a re-building pro-

new washrooms of cement the men.

p.m. Saturday to kick off A new look will also be the 12th year for stock presented with cars comcar fans at Pinecrest Speed- peting in the modified class "A" competition; rule changes now allow car bodies to be any make or model Canadian or foreign. The promoters said plenty of excitement can be expected with drivers experiencing old problems in the new racing class.

Saturday's opening program is the first of 20 scheduled weekly cards and A new steel-covered will consist of 10 events grandstand rising 16 rows including a regular ladies to seat close to 3,600 people race. The ladies, this seahas been built on the west son, for the first time will side of the speedway, plus drive the same vehicles as

July 8 Registration

Centres for registration are the town park, Pleasantville, Walter Scott, Beverley Acres, MacKillop Memorial and Crosby Crosby Heights schools. Heights playground was added this year.

Richmond Hill's summer fun program for children five to 12 years old begins with registration July 8 and will be run for five weeks, Recreation Director Jean Thomson said this

An average of 1,000 to 1,200 youngsters took ad-

vantage of last year's program of crafts, games, sports and special events, "one of the best records in the province, I believe," Mrs. Thomson said.

Twenty-one leaders of high school age will be in charge at the six centres with morning programs for five-to-seven-year olds and afternoon for eight to 12 years old. Leaders will take a three-day course at the Richmond Hill Library July 2-4 to prepare for the program.

"I am very pleased with

the quality of leaders this year; we had 30 new applications with only six positions open," Mrs. Thomson

Hours for the programs will be 9:30 to 11:30 a.m. and 1:30-3:30 p.m. Special events during the summer will include puppet shows, safety talks, a field day and open house for parents to see results of craft and sports programs. Materials and equipment which Mrs. Thomson said is in excellent condition are

supplied through municipal funds; the program is in its fifth year.

The town park will be used only in the afternoons for sports. Robin Derrick will be in charge of interplayground baseball and floor hockey tournaments.

Mrs. Thomson said senfor boy leaders will likely make high jump bars to add to the equipment

She said school board cooperation in making classrooms and facilities available added to the program's success.

Colour team standings at end of meet. 1, Gold; 2, Black; 3, Red; 4, Green. THORNHILL

Thornhill did not fare too well at the Quaker Relays last Saturday and had nary a winner in any event. Roy Benton and Dale Crouter are both on the limp. Take two hurdle aces out of any team and you go exactly nowhere. And that just about sums up Thornhill at the Quaker Relays.

Pickering also topped Thorn-
